16th April 1877.*

Famine Relief.

No. 341. Read the following Proceedings of the Board of Revenue, dated 5th April 1877, Miscellaneous No. 5,022:—

Read the following letter from J. F. PRICE, Esq., Acting Collector of Cuddapah, to H. F. STOKES, Esq., Secretary to the Board of Revenue, dated Sidhout, 27th March 1877, Extra No. 563.

• I HAVE the honor to request that the Board will be pleased, as a special case, to allow the clerks who accompanied me on my tour in the sub-division, and who have not drawn double batta, to at least receive their actual travelling

expenses, which, in the case of two men* who did not club together, has not been covered by the allowances which they have drawn.

2. I travelled very rapidly, covering in twenty days 226 miles of road and 32 of rail. I allowed my establishment five halts, which I was obliged to give as they were becoming knocked up. They had, during these fifteen marching days, to get over 15 miles per diem and work until sometimes after 8 at night. They had one stretch without a halt of 79 miles. All of them had to undergo very much discomfort and fatigue, and no one complained.

3. I would not ask anything for them did I not think that they deserved it. The case, if no concession is granted, will be a hard one, for not only had the clerks with me to do double work, but two of them were actually out of pocket.

4. The order marginally noted contemplates the case of only one clerk accompanying the Collector or Sub-Collector. It is impossible for me, in these famine times, when my correspondence is something like treble of what it usually is, to take only one clerk with me when going on a tour, no matter how rapid.

5. I enclose a memorandum showing the actual expenses incurred by each clerk for travelling by road and rail, and the amount of batta drawn by him.

Double batta may be drawn by
the Clerk whom the Collector took
with him. Government Order dated 6th
December 1876 N^o 1928 O.C. does not
restrict the grant to a single Clerk,
but merely directs that those who will
draw at the higher rate should
be dispensed with as much as possible.
The limit has not been infringed in
the present cases -
