Famine Relief.

No. 373-A. Read the following letter from Major A. G. MURRAY, Special Relief Officer, Chingleput District, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, dated Tirumoooshi, 17th April 1877:—

I was directed last night, in a note from Sir. W. Robinson, to send in, either to himself or to you, for the information of Council to-day, the latest tidings of the health of my camp here, it having come to the ears of His Grace the Governor that cholera had broken out in camp.

2. We had two cases (a man and a boy) on Saturday last, and both have died—the boy on Saturday, the man yesterday. These two were father and son, and they were travellers from Conjeveram, who had just come into camp.

3. There have been no other cases.

4. There are 56 cases of small-pox this morning in hospital here. All these cases are from among travellers or from outside villages.

5. I enclose a "hospital state" of the camp this morning.
