Famine Relief.

No. 372. Read the following Endorsement of the Officiating Chief Secretary to Government, Fort St. George, 11th April 1877, No. 829:—

Read the following letter from Surgeon J. A. LAING, M.D., Officiating Civil Surgeon, Bellary, to Deputy Surgeon-General, Mysore Division and Ceded Districts, Bangalore, dated Bellary, 31st March 1877, No. 72.

With reference to your Circular Memorandum, No. 350, dated 22nd March 1877, I have the honour to state that this week I examined the coolies on the relief-works in Bellary and found them in fair condition and did not detect any indication of loss of power or flesh. There are between 1,200 and 1,400 coolies employed on relief-works in Bellary, and I think this is rather a small number to judge from; besides these coolies reside in the town, and may obtain food from many sources. Between 40,000 and 50,000 coolies are employed on six roads in the Bellary Taluq, and as the works are some distance from Bellary, it will be impossible for me to maintain constant supervision, and forward periodical reports on these gangs unless some one is sent here to assist me.
