Famine Relief.

No. 487. Read the following Proceedings of the Board of Revenue, dated 2nd April 1877:—

Read the following letter from C. F. MACCARTIE, Esq., Special Assistant Collector of Cuddapah, to J. F. PRICE, Esq., Acting Collector of Cuddapah, dated Sidhout, 19th March 1877, No. 39.

I HAVE the honor to submit the third weekly report upon the effect of the reduction of wages upon the condition and physique of the relief coolies in the Cuddapah Taluq, as directed in your Circular, No. 83, dated 1st March 1877.

2. During the week I inspected all the gangs, with the exception of those employed near Yerraguntla, which I was unable to reach in consequence of having been ordered here.

3. The condition of such men as are at work is unchanged, but some of the older women show signs of deterioration.

4. The principal effect of this reduction has been to stimulate the emigration to Nellore, about 1,200 coolies having left the neighbourhood of Camalapoor and Yerraguntla during the past three weeks. Beyond this, there have been no marked effects owing to the raggi harvest which has furnished the men with ample work, while their women and children have flocked to the relief-work in such inconvenient disproportion of numbers as to render it difficult to find them work without the proper complement of men.

5. No harm has yet been done owing to the concurrent harvest, but there is no doubt that the present scale of rations will reduce the people very much during the ensuing three months, and so render it difficult to exact the full task.

6. In my opinion, it would be good policy to raise the scale to the purchasing power of $1\frac{1}{2}$ lbs. grain for each adult with 3 pies for condiments, which appears to be the minimum on which they can work continuously without losing strength.
