1520

*Proceedings of the Madras Government, Revenue Department,
23rd April 1877.*

No. 537. Read the following Proceedings of the Board of Revenue, dated 4th April 1877, No. 1,503:—

Read the following letter from Lieutenant-Colonel R. H. BEDDOME, Conservator of Forests, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Ootacamund, 13th March 1877, No. 1,714.

I HAVE to acknowledge the receipt of the G.O., No. 927, of the 3rd instant.

2. The whole of my correspondence with the Deputy Conservator of Nillumbur is before Government. I was asked by the Deputy Conservator to sanction the delivery of a quantity of timber to the Public Works Department, the payment for which was not to be made till the next official year. I had not power to sanction such an arrangement, which would quite upset our Budget Estimates and complicate our accounts; and if Colonel Kennedy found that he could not grant credit for the timber in the usual way, I think that he should have obtained the sanction of Government through the Chief Engineer, or addressed me direct with a request that I should lay the matter before Government.

3. The question of reserving this timber for the Public Works Department was never before me; this is done in every district to meet indents, &c. I can hardly think that Mr. Ferguson can have been asked to reserve it, otherwise he would have done so without any reference to my office; the timber in question appears to have been reserved, but Mr. Ferguson probably has other timber with which the indent can be met.

No. 1,715.

FORWARDED to Government through the Board of Revenue.

OOTACAMUND,
13th March 1877.

(Signed) R. H. BEDDOME, Lieut.-Colonel,
Conservator of Forests.

ENCLOSURE No. 1.—Correspondence.

SUBMITTED to Government with reference to G.O., dated 3rd March 1877, No. 927.

2. It does not appear that the Deputy Conservator of Forests was ever asked to reserve the timber for the Public Works Department; and as it seems that he has authority to do so, and that this is all that the District Engineer requires, the misunderstanding could have been obviated by a little more explicitness on both sides.
