Famine Relief.

No. 685. Read the following Proceedings of the Board of Revenue, dated 13th April 1877, No. 1,646 ?—

THE Board submit to Government the relief reports for the week ending 7th April 1877, with maps of the districts noted in the margin. The Collector of Malabar has not yet found it necessary to start relief operations, and the report is blank. As usual, the Kistna and Kurnool reports are telegraphic.

Madura, North Arcot, Chingleput, Cuddapah, Salem, Bellary, Coimbatore, and Nellore.

2. *Prices* in Kistna are nearly stationary, but raggy is somewhat cheaper than in last week. This grain has also fallen in Nellore, but rice and cholum have risen in a few places in the district. In the Cuddapah District prices of rice, cholum, and raggy have fallen in Madanapalli, and raggy generally shows tendency to fall. Cholum has risen in Cuddapah, Sidhout, Pullampett, and Budwail Taluqs. In Bellary prices are nearly stationary, but show tendency to fall, especially in the more accessible taluqs. The prices of rice (6·48 seers), raggy (7·76), and cumboo (7·52) are very high in Pennacondah, but cholum (9·27) is cheaper there than the average of the district. Prices in Kurnool are nearly stationary, but there is a slight fall in those of dry grains owing to importation. In Chingleput there is no change, and except as regards raggy, which has fallen at nine stations, chiefly in the north and east, none to call for notice in North Arcot. In Salem rice has fallen in Dharampuri and Oossoor, raggy in Dharampuri and Ahtur, and cumboo in Tripatore; there are no other fluctuations of importance. In Coimbatore raggy is considerably cheaper in two taluqs and cumboo dearer in them; otherwise there is little change. Prices in South Arcot, Trichinopoly, Madura, and Tinnevelly are falling. Generally prices are either stationary or slightly falling, a condition due doubtless to the recent beneficial showers, which give hopes for the future.

3. *Rainfall.*—Showers, varying greatly in quantity, have fallen in eight of the distressed districts. Rain fell in four taluqs of Kurnool; in Udayagiri and Kanigiri in Nellore; at four stations in Cuddapah, nine in North Arcot, five in Salem, six in Coimbatore, four in Madura, and three in Tinnevelly. In the margin are given the districts and stations at which an inch or more was registered in the week. The rainfall of 1877 has so far in almost all districts exceeded the average, and the water-supply has been much increased by the rains of last month.

District.	Station.	Quantity.

4. *Grants and outlay.*—The grants made up to the 7th April were Rs. 1,13,85,283, against which the outlay was Rupees 1,04,24,467. The following shows the classification of the expenditure on works in progress so far as details are available :—

——	In the Week.	Up to the Week.
	Rs.	Rs.
Roads.—		
New Works	88,239	28,55,095
Repairs	95,290	18,88,332

Irrigation Works	27,075	4,54,173
Miscellaneous	47,845	5,60,209
	2,58,449	57,57,809

The proportion of outlay on new roads is decreasing.

5. *Numbers on relief works.*—The district totals compare as follows with last week's figures :—

——	31st March.	7th April.	——
Kistna	1,875	2,265	+ 390
Nellore	28,824	15,409	— 13,415

East Coast Canal ...	34,970	31,597	+ 3,373
	695,945	698,776	+ 2,831

The numbers are increasing in the Ceded Districts and in Salem, but in Nellore, Chingleput, and North Arcot they have fallen. The decrease in *Nellore* is very great, and, according to the report, has not been accompanied by an increase on the East Coast Canal. No explanation is given. In his telegram, dated 3rd April, the Collector attributed the decrease to agricultural employment caused by rain and to the refusal of employment to able-bodied people. He is requested to explain the latter statement. Works in Kavali, Rapur, Kandukur, and Ongole seem to have been stopped altogether. In these taluqs there were 12,704 on the works on 31st March.

6. The details for the *Cuddapah* District are given in the margin. The decrease in Jammalamadugu is ascribed to the elimination of coolies who are unable to work, but the explanation is doubtful as the number gratuitously relieved has increased by 138 only. The Collector's attention is called to the matter. The increase in other taluqs in the principal division is ascribed to the larger numbers seeking employment. The sub-division returns are apparently incomplete.

7. The marginal details of taluq numbers in *Bellary* show no very great fluctuations. The increase in Adoni and Bellary Taluqs, where numbers were already excessive, is unsatisfactory, and is not explained. The decrease in Madaksira is unexplained, but the causes alleged for Hindupur, namely, reduced wages, and agricultural operations probably account for it. The increase in Harpunhalli is ascribed to influx from other taluqs and districts.

8. The increase of 14,623 in *Kurnool* is spread over all taluqs except Ramalkota, and is ascribed to the return of coolies who were weeded out of the gangs. From Ramalkota a number of coolies were despatched to the East Coast Canal. The decline in numbers in *Chingleput* is ascribed to the coolies having been sent to the Railway works (the doubling the line to Arconum), but the explanation is inadequate, as half the decrease occurs in the Madurantakum Taluq. The decrease in *North Arcot* is ascribed to the same cause, apparently correctly, as the fall in numbers is chiefly in the divisions adjoining Arconum. In *South Arcot* report from one taluq (Tindivanum) is wanting. In *Madura* decrease in the Madura and Tirumungalum Taluqs is counterbalanced by increase in Palni. No State relief works appear to be now in progress in Ramnad. The increase in the relief works in *Tinnevelly* is ascribed to the return of emigrants to their villages. In *Coimbatore* the fluctuations are not important. The increase in *Salem* is principally in the Dharampuri and Kistnagiri Taluqs.

9. *Rates of Wages.*—In *Cuddapah* the sliding scale is said to be in force in three of the sub-division taluqs, but the rates paid are not stated. In Madanapalli the old scale of wages has been continued under order of Government. In *Chingleput*

wages based on different prices are in force in the same taluq, Saidapet. This is due to the exceptional course allowed of taking prices as quoted in the village bazaars, and not at the taluq head-quarters. As regards other districts, the remarks made by the Board last week generally apply.

10. *Gratuitous relief.*—There has been a large increase in the numbers fed without exaction of labor. In every district except *Bellary* and *Kistna* the numbers have risen. The causes are the same as mentioned last week, viz., the inclusion of children under seven years of age allowed three pies each per diem and the extension of village relief. The returns are still incomplete in the new form prescribed, but the following details are available :—

—	In Camps and Relief-houses.	Village Relief.	Children of Persons on Works.	Total relieved.

Total ...	62,582	25,134	30,135	117,851

* Jammalamadugu Taluq omitted.

From these figures it would seem that there has been also a large extension in the numbers in relief-houses, due probably to destitute persons discovered in village inspections being sent in. In *Nellore* there is nothing but camp and relief-house feeding, and the increase of 17,291 is accounted for by the Udyagiri Taluq and the Venkatagiri Zemindari which had on 7th April respectively 6,536 and 11,670 in relief-houses against none and 1,146 in the previous week. The distress in the Zemindari is very keen, but the Collector is requested to explain the sudden increase. The allowance of three pies to children has been very sparingly introduced in *Cuddapah*, and in the report from *Coimbatore* it is stated that the concession is not required as the coolies for the most part earn wages at the higher task rates and can support their children. The Board observe that, if the adults do higher tasks, they require more food, and the Collector is requested to carry out the orders on the subject. Of the increase in numbers in *Madura*, 7,365 appertain to the taluq of that name. The cause is not stated, and the Collector is requested to report it. The *South Arcot* increase seems to be due to the total of the daily numbers being entered.

11. The outlay in the districts in the week and up to the end of it are reported as follows:—

	In the Week.	Up to the Week.

Gratuitous relief	44,340	4,07,328

There is a large increase in the cost of gratuitous relief. A memorandum of the grants sanctioned by the Board up to the 12th instant accompanies these Proceedings. The amount is Rupees 1,20,99,493.

12. The return of special establishments employed is annexed. The amount of monthly pay, excluding Nellore, is 83,874 Rupees; of this, Rupees 29,775 are for 70 superior officers.

East Coast Canal	34,970	31,597	— 3,373
Total	695,945	698,776	+ 2,831

The numbers are increasing in the Ceded Districts and in Salem, but in Nellore, Chingleput and North Arcot they have fallen. The decrease in *Nellore* is very great, and, according to the report, has not been accompanied by an increase on the East Coast Canal. No explanation is given. In his telegram dated 3rd April, the Collector attributed the decrease to agricultural employment caused by rain and to the refusal of employment to able-bodied people. He is requested to explain the latter statement. Works in Kavali, Rapur, Kandakur and Ongole seem to have been stopped altogether. In these taluqs there were 12,704 on the works on 31st March.

6. The details for the Cuddapah District are given in the margin. The decrease in Jammalamadugu is ascribed to the elimination of coolies who are unable to work, but the explanation is doubtful as the number gratuitously relieved has increased by 138 only. The Collector's attention is called to the matter. The increase in other taluqs in the principal division is ascrib-

ed to the larger numbers seeking employment. The sub-division returns are apparently incomplete.

7. The marginal details of taluq numbers in *Bellary* show in very great fluctuations. The increase in Adoni and Bellary taluqs, where numbers were already excessive is unsatisfactory, and is not explained. The decrease in Madaksira is unexplained, but the causes alleged for Hindupur, namely, reduced wages and agricultural operations, probably account for it. The increase in Harpanhalli is ascribed to influx from other taluqs and districts.

8. The increase of 14,623 in *Kurnool* is spread over all taluqs except Ramalkota, and is ascribed to the return of coolies who were weeded out of the gangs. From Ramalkota a number of coolies were despatched to the East Coast Canal. The decline in numbers in *Chingleput* is ascribed to the coolies having been sent to the Railway works (the doubling the line to Arconum), but the explanation is inadequate as half the decrease occurs in the Madurantakam taluq. The decrease in *North Arcot* is ascribed to the same cause apparently correctly as the fall in numbers is chiefly in the divisions adjoining Arconum. In *South Arcot* report from one taluq (Tindivanum) is wanting. In *Madura* decrease in the Madura and Tirumangalam taluqs is counterbalanced by increase in Palni. No State relief works appear to be now in progress in Ramnad. The increase on the relief works in *Tinnevelly* is ascribed to the return of emigrants to their villages. In *Coimbatore* the fluctuations are not important. The increase in *Salem* is principally in the Dharampuri and Kistnagiri taluqs.

9. *Rates of wages.*—*In Cuddapah* the 'sliding scale' is said to be in force in three of the sub-division taluks, but the rates paid are not stated. In Madanapalli the old scale of wages has been continued under orders of Government. In *Chingleput* wages based on different prices are in force in the same taluk, Saidapet. This is due to the exceptional course allowed of taking prices as quoted in the village bazaars, and not at the taluk head-quarters. As regards other districts, the remarks made by the Board last week, generally apply.

10. *Gratuitous relief.*—There has been a large increase in the numbers fed without exaction of labour. In every district except *Bellary* and *Kistna*, the numbers have risen. The causes are the same as mentioned last week, viz., the inclusion of children under 7 years of age allowed 3 pies each per diem, and the extension of village relief. The Returns are still incomplete in the new form prescribed, but the following details are available:—

	31st Mar.	7th Apr.	
Kistna	530	442	— 88
Nellore	4,976	22,267	+17,291
Cuddapah	6,129	14,397	+ 8,268
Bellary	82,519	66,551	—15,968
Kurnool	33,753	46,841	+13,088
Chingleput	6,211	6,473	+ 262
North Arcot	2,066	2,174	+ 114
South Arcot	93	1,256	+ 1,163
Madura	1,484	11,056	+ 9,572
Tinnevelly	415	428	+ 13
Coimbatore	3,129	4,194	+ 1,065
Salem	10,143	16,836	+ 6,693
Total	151,442	192,915	—41,473

	In camps and relief houses.	Village relief	Children of persons on works	Total relieved
Nellore	22,267	..	..	22,267
Cuddapah*	5,134	4,613	4,036	13,783
Bellary	20,898	19,554	26,099	66,551
Madura	10,381	675	..	11,056
Coimbatore	3,902	292	..	4,194
Total	62,582	25,134	30,135	117,851

From these figures it would seem that there has been also a large extension in the numbers in relief houses, due probably to destitute persons discovered in village inspections being sent in. In *Nellore* there is nothing but camp

*Jammalamadugu taluk omitted.

and relief house feeding; and the increase of 17,291 is accounted for by the Udayagiri taluq and the Venkatagiri Zemindari which had on 7th April respectively 6,536 and 11,670 in relief houses against none, and 1,145 in the previous week. The distress in the Zemindary is very keen, but the Collector is requested to explain the sudden increase. The allowance of 3 pies to children has been very sparingly introduced in *Cuddapah*, and in the report from *Coimbatore* it is stated that the concession is not required, as the coolies, for the most part, earn wages at the higher task-rates, and can support their children. The Board observe, that if the adults do higher tasks they require more food, and the Collector is requested to carry out the orders on the subject. Of the increase in numbers in *Madura*, 7,365 appertain to the taluq of that name. The cause is not stated, and the Collector is requested to report it. The *South Arcot* increase seems to be due to the total of the daily numbers being entered.

11. The outlay in the districts in the week and up to the end of it are reported as follows:—

	In the week.	Up to the week.
Relief works ...	381,571	10,017,139
Gratuitous relief..	44,350	407,328
	425,921	10,424,467

There is a large increase in the cost of gratuitous relief. A memorandum of the grants sanctioned by the Board up to the 12th instant, accompanies these Proceedings. The amount is Rupees 1,20,99,493.

12. The return of special establishments employed is annexed. The amount of monthly pay, excluding Nellore, is Rupees 83,874. Of this, Rupees 29,775 are for 70 superior officers.

Proceedings of the Board of Revenue

Dated 13th April 1877.

The Board submit to Government the relief reports for the week ending 7th April 1877, with maps of the districts noted in the margin.

Madura
Tirunelveli
Chingleput
Cuddapah
Salem
Bellary
Coimbatore
Nellore.

The Collector of Malabar has not yet found it necessary to start relief operations & the report is blank as usual; the Kistna & Kurnool reports are telegraphic.

2. Prices in Kistna are nearly stationary, but ragi is somewhat cheaper than in last week. This grain has also fallen in Nellore but rice & cholum have risen in a few places in the district. In the Cuddapah district, prices of rice, cholum and ragi have fallen in Madanapalli & ragi generally shows tendency to fall

fall. Cholam has risen in Cuddapah Cuddalore, Pullampett & Buchanil taluks. In Bellary prices are nearly stationary, but show tendency to fall, especially in the more accessible talugs. The prices of rice, (6·48 Seers) ragi (7·76) & Cumbu (7·52) are very high in Penna Konda, but cholam (9·27) is cheaper there than the average of the district. Prices in Kurnool are nearly stationary, but there is a slight fall in those of dry grains owing to importation. In Chingleput there is no change, and except as regards ragi, which has fallen at nine stations chiefly in the North & east, none to call for notice in N. Arcot. In Salem rice has fallen in Dharumpuri & Hosur, ragi in Dharumpuri & Attur, & Cumbu in Tiruppatur; there are no other fluctuations of importance. In Coimbatore ragi is considerably cheaper in two taluks & Cumbu dearer in three; otherwise there is little change. Prices in South Arcot, Trichinopoly, Madura & Tinnevelly are falling. Generally prices are

either stationary or slightly falling, a condition due doubtless to the recent beneficial showers, which give hopes for the future.

3. Rainfall. Showers, varying greatly in quantity have fallen in eight of the distressed districts. Rain fell in four Taluqs of Kurnool, in Cudapah and Nellore, at four Stations in Cuddapah, at one in North Arcot, Five in Salem, six in Coimbatore, four in Madura and 3 in Tinnevelly. In the margin are given the Districts and Stations at which an inch or more was registered in the week. The rainfall of 1877 has so far in almost all districts exceeded the average and the water supply has been much increased by the rains of last month.

Distt	Station.	Quantity Inches.
Cuddapah.	Pullair	1.5
Nellore	Vellore	1.7
	Cheendragiri	1.45
Salem	Salem	1.0
Coimbatore.	Dharmapoory	2.5
Madura.	Madura	1.23
	Periakulam	1.75
Tinnevelly	Srivilliputtur	2.35

4. Grants and Outlay. The grants made upto the 7th April were Rupees 113,85,283, against which the outlay was Rupees 104,24,467. The fol-

following shows the classification of the expenditure on works in progress so far as details are available.

	In the week.	Up to the week.
Roads.		
New works.	88,239	28,55,095
Repairs —	95,290	18,88,332
	183,529	47,43,427
Irrigating works —	27,075	4,54,173
Miscellaneous —	47,845	5,60,209
	258,449	57,57,809

The proportion of outlay on new works is decreasing.

5. Numbers on relief works. The district totals compare as follows with last week's figures:—

	31st March.	7th April.	
Kistna —	1,875	2,265	+ 390
Nellore —	28,824	15,409	- 13,415
Cuddapah —	78,902	82,663	+ 3,761
Bellary —	2,25,485	2,29,236	+ 14,103
Kurnool —	202,142	2,16,765	
Chingleput —	10,829	7,793	- 3,036
N. Arcot —	29,469	27,448	- 2021
S. Arcot —	874	299	- 575
Madura —	8,447	8,373	- 74
Tinnevelly —	1,736	2,668	+ 932
Coimbatore —	24,217	23,244	- 973
Salem —	48,175	51,016	+ 2,841
	66,0,975	6,67,179	+ 6,204
East Coast Canal.	34,970	31,597	- 3,373
	695,945	698,776	+ 2,831

The numbers are increasing in
the ceded districts and in
Salem, but in Nellore, Cuddapah
and Kurnool they have fallen.
The decrease in Nellore is very great,
and according to the report
has not been accompanied by an
increase in the East Coast Canal.
No explanation is given. In his
telegram dated 5th April the Collector
attributed the decrease to agricultural
employment caused by rain and
to the refusal of employment
to able bodied people. He is
requested to explain the latter
statement. Works in Kurnool,
Rapur, Kandukur and Ongole
seem to have been stopped

Above

altogether. In these Talukes there were 12704 on the works on 31st March.

6. The details for the Cuddapah District are given in the margin. The decrease in Jammalamadugu is ascribed to the elimination of coolies who are unable to work, but the explanation is doubtful as the number gratuitously relieved has increased by 138 only. The Collector's attention is called to the matter. The increase in other Talugs in the Principal division is ascribed to the larger numbers seeking employment. The subdivision returns are apparently incomplete.

	Jammalamadugu	3515	1446	-2069
	Pulivendla	10674	11890	+1216

Hadagalli	13025	13829	+804
	215485	219236	+3751

7. The marginal details of taluk numbers in Bellary show in very great fluctuations. The increase in Adoni and Bellary taluks where numbers were already excessive is unsatisfactory, and is not explained. The decrease in Alladakkira is unexplained but the causes alleged for Hindupur namely reduced wages, and agricultural operations probably account for it. The increase in Harpankalli is ascribed to influx from other Taluks and districts.

8. The increase of 14623 in Kurnool is spread over all taluks except Ramallkota, and is ascribed to the return of Coolies who

who were invited out of the gangs. From
Kanal Kota a number of Coolies were
despatched to the East Coast Canal. The
decline in numbers in Chingleput is
ascribed to the Coolies having been sent to
the Railway works (the doubling the line to
a ceasum), but the explanation is inade-
quate as half the decrease occurs in the
Madurantakam Taluk. The decrease in
N. Arcot is ascribed to the same cause
apparently correctly as the fall in numbers
is chiefly in the divisions adjoining Ceasums
in N. Arcot report from one taluk (Cuddapah)
is wanting. In Madura decrease in the Ma-
dura & Tirumangalam Taluks is counter-
balanced by increase in Palni. No state
relief works appear to be now in progress in
Ramnad. The increase on the relief works in
Tinnevelly is ascribed to the return of
emigrants to their villages. In Coimbatore
the fluctuations are not important. The
increase in Salem is principally in the
Dharampuri and Krishnagiri taluks

9. Rates of wages. In Cuddapah the 'sliding scale' is said to be in force in three of the Subdivision taluks but the rates paid are not stated. In Kadamapalli the old scale of wages has been continued under orders of Government. In Chingleput wages are based on different prices are in force in the same taluk, Saidapet. This is due to the exceptional course allowed of taking prices as quoted in the village bazaars, and not at the taluk headquarters. As regards other districts the remarks made by the Board last week generally apply.

10. Gratuitous relief.

	30th March	7th April	
Kistna	530	442	−88
Nellore	4976	22267	+17291
Cuddapah	6129	14397	+8268
Bellary	82549	66581	−15968
Kurnool	33453	46841	+13088
Chingleput	6211	6473	+262
South Arcot	2060	2174	+114
North Arcot	93	1256	+1163
Madura	1484	11056	+9572
Tinnevelly	415	428	+13
Coimbatore	3129	4194	+1065
Salem	10143	16836	+6693
	137442	192915	+41473

There has been a large increase in the number fed without exaction of labour. In every district except

except Bellary & Kistna, the numbers have risen. The causes are the same as mentioned last week viz. the inclusion of children under 7 years of age allowed 3 pies each per diem, and the extension of village relief. The returns are still incomplete in the new form prescribed but the following details are available:

	In camp & relief Homes	Village relief	Children & persons working	Total relieved
Nellore	22267	"	"	22267
Cuddapah	5734	4613	4036	13783
Bellary	20898	19654	26099	66651
Kurnool	10387	675	"	11056
Coimbatore	3902	292	"	4194
	62682	25134	30135	117851

From these figures it would seem that there has been also a large expansion in the number in relief homes, due probably to destitute persons discovered in village inspection being sent in. In Nellore there is nothing but camp relief homes feeding; and the increase of 17291 is accounted for by the Udayagiri Taluk & the Venkatagiri Zemindari which took over 1st April respectively

6,536 and 11,670 in relief works against June, and 1145 in the previous week. The distress in the Zamindary is very keen, but the Collector is requested to explain the sudden increase. The allowance of 3 pies to children has been very sparingly introduced in Siddapah and in the report from Cuddapah it is stated that the Concession is not required as the coolie for the most part earn wages at the higher task rates and can support their children. The Board observe that if the adults do higher tasks they require more food, and the Collector is requested to carry out the orders on the subject. Of the increase in numbers in Madura, 7865 appertain to the taluk of that name. The cause is not stated, and the Collector is requested to report it. The South Arcot increase seems to be due to the total of the daily numbers being entered.

11. The outlay in the districts in the week and up to the end of it are reported as follows:-

	In the week.	Up to the week
Relief Works.	381,571 .	1017139
Gratuitous relief.	44,350 .	47328
	425921 .	1064467

There is a large increase in the cost of gratuitous relief. A memorandum of the grants sanctioned by the Board up to the 12th instant accompanies their Proceedings. The amount is Rs 1209493.

12. The return of Special Establishments employed is annexed. The amount of monthly pay, excluding
