Proceedings of the Madras Government, Revenue Department,
25th April 1877.

Famine Relief.

No. 702A. Read the following Proceedings of the Board of Revenue, dated 17th April 1877, No. 1734:—

Read the following letter from A. WEDDERBURN, Esq., Collector of Coimbatore, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, Fort St. George (through the Board of Revenue), dated 31st March 1877, No. 55.

With reference to your circular, No. 652, of 13th February 1877, calling for report as to how far the works now in progress, or contemplated, will provide employment for the probable number of persons standing in need of relief during the next seven months, I have the honor to inform you that the probable cost of the projected works in this district is Rs. 5,02,996, and the expenditure already incurred up to 24th March was Rs. 1,75,955, exclusive of Rs. 13,535 expended on the purchase and carriage of tools and stores, &c. The estimates of uncommenced works and the unworked balances of works in progress amount to Rs. 3,87,041; the numbers at present on works are nearly 25,000, and it is believed they will not exceed 30,000 in the worst part of the season.

2. I append a taluqwar abstract of sanctioned estimates, actual outlay, and unworked balances; the only taluq in which the projected works within its limits would be insufficient is Oodoomulpetta, where I contemplate proposing fresh works and transferring the surplus allotments of other taluqs thereto. So there need be no anxiety about our projected works being insufficient on the whole to tide over the unfavorable season if it really lasts so long as August.
