Famine Relief.

No. 743. Read the following Proceedings of the Board of Revenue, dated 19th April 1877, No. 1,773 :—

Read the following letter from J. H. M. COX, Esq., Special Deputy Collector in charge Budwail Taluq, to J. F. PRICE, Esq., Acting Collector of Cuddapah, dated 7th April 1877, No. 265-133.

I HAVE the honor to report that the result of my inspection of coolies on the works during the past week shows but little change in their outward appearance, but I think they are none the less surely suffering from the effects of the low rate of wages they are getting, especially as the hot weather is now beginning to tell upon them. It is a remarkable fact that the allowance fixed to be given at the relief-camps (1½ lbs*. of grain) is more than that supposed to be sufficient to sustain those who are bearing the burden and heat of the day.

* *Vide* your letter of 26th ultimo, No. 545.

2. My inspection since receipt of your official memorandum of the 31st ultimo showed 313 coolies in middling condition and 57 indifferent.

Extra No. 683.

FORWARDED for the information of the Board of Revenue. The report of next week will contain my remarks upon the condition of the coolies about Budwail, and its successor those upon the coolies working in other parts of the taluq.

2. The scale of food in relief-houses has lately been reduced to 20 oz. Mr. Cox forgets that those who come to relief-camps are, or ought to be, in such a state as to require better feeding than the coolies on the works. The figures given in paragraph 2 refer to one party.

Acting Collector of Cuddapah

Sir,

I have the honor to report that the result of my inspection of coolies on the works during the past week shows both

little change in their
outward appearance but
I think they are losing the
less supply different from
the effects of the low rate
of wages they are getting —
especially as the hot weather
is now beginning to tell upon
them. It is a remarkable
fact that the allowance
fixed the grain at the
relief Camps - 1½ lbs - grain is
more than that supposed
to be sufficient to sustain

these who are hedging the
birder and night of the
day.

2. My inspection since
receipt of your official
Memo. of the 31st ultimo
showed 8/3 Coolies in
middling condition and 3/
in different.
