No. 18. Proceedings of the Board of Revenue, dated 19th April 1877, No. 1,780.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Congoondy, 6th April 1877, No. 232.

THE Board of Revenue have, in their Proceedings, dated 30th November last, sanctioned Rs. 7,000 for the construction of a road from Arcot to Kaniambadi road. No regular estimate was then prepared by the Revenue Department, and the above-mentioned sum has been found quite insufficient for the completion of this road. I only learned very lately that so far back as 1874 an estimate for this road was prepared by the late Vellore Range Officer, amounting to Rs. 22,951. The Sub-Collector has forwarded it to me, and I have now the honor to transmit it for the Board's inspection and approval, and to recommend that the sum of Rs. 15,951 be now made available for the completion of the road, which is an important line of communication, and will be most useful. The estimate provides for the masonry work and other necessary important items, the execution of which necessitate considerable expenditure. The road-work will supply labor to a large number of the distressed poor, and I therefore request that you will be pleased to obtain the requisite sanction at an early date for the additional outlay of Rs. 15,951 in view to the full completion of the road.

2. At the heading of the estimate, the road under notice is said to run from Arcot to Chithra, &c. &c. It may be here observed, for the information of the Board, that Chithrachavady is a place on the Vaniambadi road, and, in the estimate relates only to the road from Arcot to Kaniambadi road sanctioned in the above-mentioned Proceedings of the Board.

3. The same estimate contains also another estimate for a branch road from Kananoor to Tinniri. The Sub-Collector has not recommended the construction of this branch road, and I likewise abstain from recommending it at present.

The estimate will be submitted for the orders of Government.

2. Of the sum of Rs. 22,951, the masonry works amount to Rs. 11,099. The latest weekly report in the Board's Office shows that the work was in progress, and that Rs. 6,585 have been expended on it up to the 16th March 1877.
