No. 69-A. *Read the following Proceedings of the Board of Revenue, dated 21st April 1877, No. 1,831 :—*

Read endosement of the Collector of the Chingleput District, dated 14th April 1877, No. 266.

ABSTRACT.—Submitting copy of a letter* to Government with correspondence suggesting how the coolies may be best employed when the numbers on the Railway are reduced and before commencement of work on the new line between Conjeveram and Chingleput.

Dated 14th April 1877, No. 64.

THE Board are of opinion that Colonel Moberly should be directed to make arrangements for commencing the Cortelliar embankment at once ; it is a very useful work and in the very locality alone employment is most required, and the Government will be requested to hold the District Engineer responsible for the work being laid out in time. The Board strongly support the Collector's suggestion that the Railway authorities should make payments for work executed on the Chingleput-Conjeveram line as they have done on the main line.
