Famine Relief.

No. 94. Read the following Proceedings of the Board of Revenue, dated 19th April 1877, No. 1,784 :—

Read Relief Reports for the Week ending 7th April 1877 from the Collector of the Kistna District, dated 10th April 1877, and from the Collector of Kurnool, dated 13th and 14th April 1877.

THE detailed relief reports of the Kistna and Kurnool Districts for the week ending 7th April 1877 are submitted for the information of Government in continuation of Board's Proceedings, dated 13th April 1877, No. 1,646.

2. *Prices* in Kistna show tendency to fall. The only cases in which there has been rise of any importance are the prices of cholam in Bandar and of cumboo in Vissannapett. No rain appears to have fallen during the week. In Kurnool rice has risen in Koilkuntla, but ragi has fallen in that taluq and in Nundial, and cholam in Pattikonda. There is no other marked change. Rain from 3 to 4½ tenths of an inch fell in four taluqs.

3. The Commamur Canal extension is the only work in the Kistna District from which report has been received. The number employed upon it was 2,265, and the cost in the week Rupees 1,979.

4. The numbers on works in each taluq in Kurnool are compared below with those for the previous week :—

	31st March.	7th April.	
Ramalakota	41,915	40,391	—1,524
Nandikotkur	9,720	12,330	+2,610
Nundial	28,887	31,103	+2,216
Sirwell	14,667	16,499	+1,782
Koilkuntla	30,974	32,679	+1,705
Pattikonda	23,340	26,289	+2,949
Cumbum	42,933	46,346	+3,413
Markapur	9,706	11,178	+1,472
Total	202,142	216,765	+14,623

There is thus an increase in every taluq except Ramalakota. The decrease in Ramalakota is attributed to emigration to the East Coast Canal and to cholera. The increase in Nandikotkur is not explained, but is doubtless due to the same cause as is advanced in all the other cases, viz., return of coolies who had been weeded out. In Sirwell and Koilkuntla the cessation of harvest operations is added; and it is said that coolies from Jammalamadugu works are coming into Koilkuntla, alleging that the payments are irregularly made in their own taluq. The Collector of Cuddapah should call the attention of the officer in charge to the assertion.

5. The following table shows the number of works with more than 1,500 coolies, the number of coolies on them, and the total numbers of works and coolies. It shows that the coolies have been concentrated on large works to a very considerable extent :—

Taluqs.	Works with 1,500 Coolies and upwards.			All Works in progress.		Percentage of Coolies on large Works.
	Number.	Number of Coolies.	Average per Work.	Number.	Number of Coolies.	
Ramalakota	8	40,235	5,029	11	40,391	99.6
Nandikotkur	3	7,828	2,609	9	12,330	63.5
Nundial	7	28,181	4,026	10	31,103	90.6
Sirwell	4	12,401	3,104	10	16,449	70.6
Koilkuntla	3	32,594	10,865	5	32,679	99.7
Pattikonda	4	23,824	5,956	9	26,289	90.5
Cumbum	8	42,714	5,339	10	46,346	92.2
Markapur	2	11,000	5,500	3	11,178	98.5
Total	39	198,777	5,097	67	216,765	91.7

Nearly 92 per cent. are on large works. Concentration has been carried out less in Mr. Gibson's than in other sections.

*Proceedings of the Madras Government, Revenue Department,
4th May 1877.*

6. The rates of wages are still unaltered in the six western taluqs, but in part of Nundial full task rates to grain at 6½ seers are paid on the trunk road works under the Public Works Department. The price of rice in the taluq is 7½, of cholam 8½, and of ragi 10 seers per rupee. These rates should be revised. The old 2 Annas scale seems also to be in force in Pattikonda. The Collector will explain. Wages in Markapur are not given. In Cumbum they have been reduced to the new scale to grain at 6 seers. Rice, however, sells at 6-6, cholam at 8-25, and ragi at 9-9 seers per rupee. Wages in kind on the new scale are also given in the taluq.

7. In Kurnool 46,841 persons were gratuitously relieved at a cost of Rupees 8,510. Of these 1,099 were in villages, but information had come in only from one taluq. Of the whole number 36,429 were children, mostly those receiving 3 Pies a head. In the Kistna gratuitous relief is trifling, only 439 persons being in camps and relief-houses and hardly any in villages.

REVENUE DEPARTMENT.

Proceedings of the Board of Revenue,

dated 19th April, 1877.

Read Relief Reports for the week ending 7th April, 1877, from the Collector of Kistna, dated 10th April, 1877, and from the Collector of Kurnool, dated 13th and 14th April 1877.

The detailed relief reports of the Kistna and Kurnool districts, for the week ending 7th April, 1877, are submitted for the information of Government in continuation of Board's Proceedings, 13th April, 1877, No. —

the Collector of Kurnool 9/13th & 14th
April 1877.

The detailed relief reports
of the Kistna and Kurnool districts
for the week ending 7th April 1877
are submitted for the information
of Government in continuation
of Board's Proceedings 13th April
1877 A.

2. Prices in Kistna show
tendency to fall. The only cases in
which there has been rise of any im-
portance are the prices of cholam
in Pandar and of Cumbaa in
Visanmapett. No rain appears
to have fallen during the week.
In Kurnool, rice has risen in
Kotikunta, but ragi has fallen

in that taluk and in Kandial
and Holur in Pattikonda. There
is no other marked change. Rain
from 3 to $4\frac{1}{2}$ tenths of an inch fell
in four taluqs.

3. The Gourmanner Canal
extension is the only work in the
Kistna District from which report
has been received. The number
employed upon it was 2265,
and the outlay in the week 1979
Rupees.

4. The number of works

and
Kurnool
District.

9th May 1877 No. 1637
Submitted for
deliberation of Govt.
Part of the Revenue
Kurnool District for
week ending 7th April 1877*

Nandikotkur is not explained, but is doubtless due to the same cause as is advanced in all the other cases, viz., return of coolies who had been weeded out. In Sirwell and Koilkuntla the cessation of harvest operations is added; and it is said that coolies from Jammalamadugu works are coming into Koilkuntla, alleging that the payments are irregularly made in their own taluq. The Collector of Cuddapah should call the attention of the officer in charge, to the assertion.

5. The following table, showing the number of works with more than 1,500 coolies, the number of coolies on them, and the total number of works and coolies. It shows that the coolies have been concentrated on large works to a very considerable extent:—

Taluqs.	Works with 1,500 coolies and upwards.			All works in progress.		Percentage of coolies on large works.
	Number.	Number of coolies.	Average per work.	Number.	Number of coolies.	
Ranalkota.....	8	40,235	5,029	11	40,391	99.6
Nandikotkur.....	3	7,829	2,609	9	12,390	63.5
Nandial.....	7	28,181	4,026	10	31,103	90.6
Sirwell.....	4	12,401	3,134	10	16,449	70.6
Koilkuntla.....	3	32,594	10,865	5	32,679	99.7
Pattikonda.....	4	23,824	5,956	9	26,289	90.5
Cumbum.....	8	42,714	5,339	10	46,346	92.2
Markapur.....	2	11,000	5,500	3	11,178	98.5
	39	1,98,777	5,097	67	216,765	91.7

Nearly 92 per cent. are on large works. Concentration has been carried out less in Mr. Gibson's than in other sections.

6. The rates of wages are still unaltered in the six western taluqs, but in part of Nandial full task-rates to grain at 6 seers are paid on the trunk road works under the P. W. D. The price of rice in the taluq is $7\frac{1}{2}$; of cholum $8\frac{1}{2}$, and of ragi 10 seers per Rupee. These rates should be revised. The old 2 annas scale seems also to be in force in Pattikonda. The Collector will explain. Wages in Markapur are not given. In Cumbum they have been reduced to the new scale to grain at 6 seers. Rice, however, sells at 6.6, cholum at 8.25, and ragi at 9.9 seers per Rupee. Wages in kind on the new scale are also given in the taluq.

7. In Kurnool 46,841 persons were gratuitously relieved at a cost of Rs 8,510. Of these, 1,099 were in villages, but information had come in only from one taluq. Of the whole number, 36,429 were children mostly those receiving 3 pies a head. In the Kistna, gratuitous relief is trifling, only 439 persons being in camps and relief houses, and hardly any in villages.
