*Proceedings of the Madras Government, Revenue Department,
5th May 1877.*

Read the following :—

No. 108. Proceedings of the Board of Revenue, dated 7th April 1877, Miscellaneous No. 5,110.

Read the following letter from A. J. STUART, Esq., Acting Collector of Tinnevely, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Shermadevi, 17th March 1877, No. 182.

I HAVE the honor to request you will be good enough to obtain the sanction of the Board for incorporating with the statistics in the District Manual villagewar statements in the accompanying five forms, taken chiefly from Mr. Carmichael's Manual of Vizagapatam and altered to suit this district.

2. They would add 365 pages of printed matter, but I decidedly think they would be by much the most valuable part of the Manual as a book of reference to district officers. These would hardly be any matter connected with any village or taluq on which he would not find pretty complete information; and I think the extra bulk is much more than compensated by this gain. I would divide the Manual into two volumes for greater convenience in making use of it. Early orders will enable me, if the Board approve my proposal, to put the forms in hand at once without previous sanction. I do not like to require from the district officers the preparation of these statistics with the risk that they may be rejected when completed.

THE Board do not consider that statistics for each village are required for the District Manual; the statements would be very voluminous, amounting in bulk to a volume of the size of the Vizagapatam Manual, and the information would soon be out of date. The statements prescribed for the District Manuals were prepared with great care, and provision is made in them for the exhibition of most of the particulars which the Collector proposes to furnish; but it is impossible to give details for villages, or to provide for information on every possible subject, without unduly increasing the size of the work and entailing great labor in compilation. It is believed that the appendices ordered to be adopted will afford information in all material points for the Tinnevely District; moreover, the information proposed to be given is already printed in the descriptive memoirs attached to each settlement register.

(A true Copy and Extract.)

Sub-Secretary.

No. 103-A. Proceedings of the Board of Revenue, dated 25th April 1877, Miscellaneous No. 1,691.

Read the following letter from A. J. STUART, Esq., Acting Collector of Tinnevely, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Tirukurugudy, 7th April 1877, No. 211.

I HAVE the honor, with reference to Board's Proceedings, No. 893, dated 27th February 1877, to report that the materials left by Messrs. George and James Bird were of but little use. I have, however, made some progress with the Manual, three chapters being partly written. Bishop Caldwell who has kindly undertaken two chapters has collected materials, and is about shortly to commence working them up. I have addressed the Board on the subject of village statistics upon which I hope the Board will be pleased to favor me with early orders, and I trust will approve my proposals. I am confident that if this result in a slight alteration form the type of manual hitherto adopted, it will be greatly for the advantage of future Collectors and Division and other officer of Tinnevely District, to whom the work will be of much real use as one of statistical reference.

SUBMITTED for the information of Government.

2. The Collector will have learnt from Board's Proceedings, dated 7th April 1877, Miscellaneous No. 5,110, that his proposal to add between three and four hundred pages of village statistics was not approved.
