*Proceedings of the Madras Government, Revenue Department,

No. 131. Read the following Proceedings of the Board of Revenue, dated 3rd May 1877, Miscellaneous No. 6,522 :—

Read the following letter from R. W. BARLOW, Esq., Collector of the Chingleput District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Saidapett, 25th April 1877, No. 294.

I HAVE the honor to forward, for the information and orders of the Board, copy of a letter dated the 18th instant, No. 184, from the Salt Deputy Collector to the Government and Semmenjeri pangs.

Enclosure No. 1.

From D. V. NARASINGA ROW, Deputy Collector in charge of Salt, Chingleput, to R. W. BARLOW, Esq., Collector of the Chingleput District, dated Covalong, 18th April 1877, No. 184.

I HAVE the honor to bring to your notice that a large quantity of salt is ready at the Covalong and Semmenjeri pangs to be exported to the Homes' Garden depot, but the canal is not deep enough to admit the navigation of heavy boats. I therefore solicit that you will be good enough to have it cleared as early as possible. There is no more water in this canal than that in the north, and boats with quarter burden are now plying between Sadras and Irtiden bridge near the Toll Office, and if the canal is properly cleared to half a yard depth, I believe that salt boats with full burden can sail to Homes' Garden with the favorable wind blowing from the south.

SUBMITTED to Government with the request that Mr. Woolley may be instructed to undertake the clearance of the Sadras Canal with the least delay.
