GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

7th May 1877, No. 1,661-A.

Famine Relief.

Read the following paper :—

No. 141-A. Proceedings of the Board of Revenue, dated 21st April 1877.

Read the following letter from J. F. PRICE, Esq., Acting Collector of Cuddapah, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Reddipalli, 9th April 1877, Extra No. 656.

I HAVE the honor, with reference to the Proceedings of the Board marginally noted, to propose the following establishment for the purpose of auditing the famine relief accounts of this district. I have consulted with Mr. Johnstone and the Treasury Deputy Collector, and we have come to the conclusion that we cannot do the work with less.

No. 854, dated 24th February 1877.

One Chief Auditor on Rupees 150 per mensem, with travelling batta according to usual scale.
One Second Auditor on Rupees 60 + 15 Rupees standing batta per mensem.
Six Assistant Auditors on Rupees 30 + 5 Rupees standing batta per mensem.
One Attender on Rupees 8 per mensem with usual travelling batta.

2. I have fixed upon a man as Second Auditor, and have told Mr. Johnstone that he must order in from the camps or other establishments in the district the six best Accountants that he can find.

3. The accounts are, I fear, in a sad mess as regards the earlier months. Two months have already been cleared in the Cuddapah Taluq, and will in a few days be forwarded for my countersignature. The third month, however, has proved to be in a most confused state owing to Mr. Ottley's very indifferent administration, and he has been called upon to explain the errors and omissions discovered.

4. As soon as the Cuddapah Taluq is set right and the staff collected, I propose to send the Chief Auditor to the sub-division, where he and his assistants will, I expect, have a difficult task. Mr. Johnstone will, from time to time, go up to see how matters are going on and to examine the work done.

5. My intention is, when the sub-division is completed, to leave one of the Assistant Auditors behind with orders to itinerate and keep the taluq accounts straight, and to send the Chief Auditor on to the Jamalamadugu and Pulivendla divisions, which by that time will have been measured up. He will drop another Assistant Auditor there and go on to Badwail, finishing with Sidhout and Pullampett, where the accounts appear to have been more carefully kept than elsewhere.

THE Board understand the Collector's proposal as intended to provide for clearing the expenditure of past months, and not as designed to relieve the Divisional Officers of the primary responsibility for the current audit of relief outlay. Provision should be made to prevent this from falling in arrears, and probably divisional establishments will require some strengthening. The establishment proposed is a somewhat expensive one, but the object is all important, and the Collector is authorized to entertain it under G.O., 5th February 1877, No. 529-A.
