GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

10th May 1877, No. 1,089-A.

Famine Relief.

Read the following paper:—

No. 216-A. Proceedings of the Board of Revenue, dated 27th April 1877,
No. 1,051.

Tax Relief Reports for the week ending 21st April will be submitted for the information of Government with the following review. Relief maps of the districts noted in the margin accompany:—

Salem.	Cuddapah.	Nellore.
North Arcot.	Madura.	Bellary.
Chingleput.	Coimbatore.	South Arcot.

2. Prices are very little changed, but on the whole show a slight fall. In *Nellore* rice has fallen in the coast taluqs; other prices are stationary. In *Cuddapah* the price of rice is fluctuating, but the average is unchanged. Cholam and ragi have fallen in *Vellore* and *Kudli*, but the latter grain has risen in price in *Budwai*, *Proddatur* and *Jaminalamudra*. Umbho has also risen in *Proddatur*. In *Bellary* District rice is stationary, but dry grains have risen. In *Goety*, *Tadipatri*, and *Kudlighi*. Cholam has risen in price in four other taluqs, and ragi is not quoted in *Harpanthalli*, *Hospett*, *Madgalli*, and *Alur*. Umbho has risen in five taluqs. In *Karnool* prices have risen slightly. In *Chingleput*, and the greater part of *North Arcot*, there is no change of importance, but in the *Tritany* and *Narayanaswami* Divisions of the latter District prices, except of ragi, have sharply risen. In the distressed taluqs of *South Arcot* prices are falling. In *Trichinopoly*, *Madura*, and the distressed taluqs of *Tinnevely* they are generally stationary, but rice has fallen in *Dindigul* and *Palni*, and cholam in *Ramanad*. In *Coimbatore*, prices are stationary or falling slightly, the only cases of rise being the prices of cholam in *Sattamangalam* and of ragi in *Collegal*. The latter is due to demand for export. Dry grain has risen in the *Nankul Taluk* of *Salem*, but all other quotations from the district show tendency to a fall in price.

3. RAINFALL.—Rain is reported from *Bellary*, *Karnool*, *Madura*, *Tinnevely*, and *Coimbatore*. The quantity, however, is small. Light showers were received in the taluqs of *Hospett*, *Kudlighi*, and *Madgalli* in *Bellary*; and 0.2 inches in the *Nandikotkur Taluk* in *Karnool*. In the three southern districts above named the rain was heavier; 1.75 inches fell in *Pollachy*; 2.18 in *Ramanad*; 1.12 in *Pereakolam*; and 1 inch in *Sattur*.

4. GRANTS AND OUTLAY.—The grants made to the 21st instant amounted to Rupees 128,35,283, and against these grants Rupees 114,13,757 had been spent. The grants for the districts of *Cuddapah*, *Chingleput*, *North Arcot*, and *Salem* were exceeded, but further grants have since been made for the last three districts. The excess in *Cuddapah* is only Rupees 626. The following statement shows the outlay on works in progress under the Collectors in nine districts:—

	In the Week.	Up to the Week.
Roads—	Rs.	Rs.
New Works ..	1,63,162	31,94,974
Repairs ..	34,329	8,09,679

Miscellaneous ..	62,429	5,21,873
Total ..	2,85,211	51,57,053

5. NUMBERS ON RAILWAY WORKS.—The following—

at totals compare with last week's report as follows—

	14th April.	21st April.	
Kistna	2,425	2,356	— 167
Nellore	26,759	26,481	— 2,278
Cuddapah	80,864	80,788	— 21,100
Bellary	222,115	227,993	+ 5,580
Karnool	291,504	274,172	— 8,638
Chingleput	15,901	10,417	— 3,544
North Arcot	30,212	39,458	+ 245
South Arcot	331	1,051	+ 725
Madura	10,577	11,945	+ 468
Tinnevely	1,343	1,937	— 512
Coimbatore	24,180	22,250	— 1,910
Salem	54,768	52,748	— 1,960
Total	684,927	684,331	— 20,556
East Coast Canal	57,369	11,020	+ 3,714
Total	722,273	705,401	— 16,872

Thus a large decrease, principally due to a fall of numbers in Cuddapah and Chingleput, has taken place in the week.

	14th April.	21st April.	
Jammalamadugu	1,555	216	— 1,269
Pulivendla	13,641	4,160	— 9,481
Pondicherry	1,583	1,550	+ 242
Cuddapah	5,012	3,145	— 1,771
Budwail	10,555	5,743	— 3,769
Bidloot	1,056	1,043	— 113
Pullampett	11,115	11,673	+ 592
Kadiri	9,559	10,251	+ 3,202
Mayachati	7,526	6,460	— 1,093
Madanapalli	11,510	7,091	— 3,725
Vasipaud	10,444	2,748	— 7,694
Total	80,583	65,768	— 24,100

6. The decline in Nellore is due to a fall of 3,520 in the Kavali and Udayagiri Taluqs (where more than half the laborers are employed), and is owing to able-bodied coolies being directed to the East Coast canal. In most of the other taluqs there is a slight increase. The great decrease in *Cuddapah* appears from the marginal figures to belong chiefly to the *Varavenda*, *Voilpaud*, *Madanapalli* and *Budwail* Taluqs. The decrease in *Pulivendla* and *Budwail* is ascribed to able-bodied coolies having been drafted to the Nellore canal, and that in the Sub-Division is probably due to the same cause. The increase in *Kadiri* is not explained.

7. The details for the Bellary District are compared in the margin.

There is a general tendency to increase of numbers, and but for the considerable fall in the Bellary Taluq the increase would be very great. The increase is attributed to greater pressure of the famine in Adoni, Goety, Hindupur, Hospett, and Harpanthalli; in Hindupur also to abatement of cholera; and in Penkonda to return of coolies from the cholera harvest. It is observed that in Madakaira and the western taluqs the works are very numerous. In Adoni the bulk of the coolies are on six large works, and in Alur only one is open. The decrease in Bellary is due to able-bodied persons being turned off and offered the option of the Hoobles Railway work, or the East Coast canal. Very few take the latter, but numbers are, it is stated, going to the Railway works, which, however, do not appear in these returns. Those who are turned off and go to their homes are being watched, and no ill results are yet apparent.

8. The increase in *Karnool* is in Ramakota, Pattikonda, Nardikotkur, and Nandial, and is said to be due to coolies, who left on outlying works being closed, now resorting to the larger works. The fall in *Chingleput* is due mainly to decreased numbers on the Railway earth-works, (from 6,791 to 3,581), but is also ascribed to dissatisfaction of the coolies at the reduced rates and to their absconding from some works to go to Madras. Though the numbers in North Arcot are

nearly the same as in last week, there have been great fluctuations in the different taluqs as shown in the margin. The principal cause of increase is the extension of works in Polur and Wandewash, where they have hitherto been considered unnecessary. The decrease in Arcot is due to the correction of the erroneous return noticed by the Board last week. The figures for the district do not include those employed under Government officers from funds advanced to the Punganur Zamindar, viz., 881 coolies. In *Madura* there is no change of importance; three-fourths of the whole number are in the Palni Taluq. The decrease in *Tinnevely* is said to be due to improving prospects, and to the coolies finding work at higher wages in ploughing and sinking wells. The decrease in *Coimbatore* is chiefly in Udumalpetta, Bhowany, and Caroor, and is ascribed in the first two taluqs to the people having gone to plough their fields. In *Salem* numbers have fallen in Altur, Oosoor, and Krishnagiri, probably owing to the same cause as in Coimbatore.

9. There is nothing special to remark as regards rates of wages.

10. GRATUITOUS RELIEF.—There is again a heavy increase under this head.

	14th April.	21st April.	
Kistna	2,298	4,141	+ 1,843
Nellore	38,147	63,235	+ 19,788
Cuddapah	30,409	23,013	— 1,396
Bellary	80,866	95,074	+ 14,708
Karnool	53,111	48,927	— 4,184
Chingleput	18,213	51,993	+ 33,781
North Arcot	2,122	3,115	+ 653
South Arcot	2,553	5,683	+ 3,321
Madura	27,505	5,511	— 21,724
Tinnevely	2,044	1,343	— 201
Coimbatore	5,023	7,464	+ 2,441
Salem	25,021	34,364	+ 9,343
Total	287,379	315,759	+ 28,380

11. The distribution as between camp and village relief (see abstract appended) on the two dates is (excluding *Karnool*, *Kistna* and *North Arcot*, for which details are not furnished) as follows:—

	14th April.	21st April.	
Camps	125,211	158,365	+ 33,594
Village relief	46,970	68,591	+ 21,721
Total	172,181	227,006	+ 54,825

There is a greater proportionate increase in village than in camp relief. In Nellore and Chingleput however, which present the largest increase, it is entirely in camp relief. In Nellore, there is no village relief, and in Chingleput, very little. The collectors of these districts will be requested to explain the great increase during the week. In *Nellore*, it belongs chiefly to the Gudur, Atmakur, Udayagiri and Kenigiri Taluqs, the last three of which are amongst those which have suffered most. In *Chingleput*, the Conjeeveram and Sydapet Taluqs account for 84,755 out of the increase.

12. In *Bellary*, the increase under Gratuitous Relief is due to greater numbers of children on the allowance of 3 Pies a day; who have increased from 35,338 to 48,620. This number is 21 per cent. of the numbers of coolies; a proportion far too high, and indicative of fraud. The numbers on village relief in this district and in *Cuddapah* have slightly increased. The fall

in *Kurnool* is due to repression of malpr by village headmen in connection with village relief. In *Madura*, the decrease of 21,7% the numbers in camps, and occurs in the *Madura* and *Dindigul* Taluqs. The Collector is asked to explain to what it is due. In *Salem*, *Coimbatore* and *South Arcot*, village relief has largely increased.

13. The outlay during and up to the week is as follows :—

	In the Week.	Up to the Week.
	RS.	RS.
Relief Works	4,10,452	108,73,311
Gratuitous Relief	78,840	540,448
Total	4,84,292	114,13,757

There is, of course, a large increase under Gratuitous Relief. The grants sanctioned by the Board to date amount to Rupees 130,49,493.

14. The following statement shows advances, in sums of 300 Rupees and less, under the Land Improvement Act for digging wells :—

	In the Week.	Up to the Week.
	RS.	RS.
Nellore	...	18,163
Cuddapah	5,784	52,109
Bellary	9,145	10,515
Chingleput	5,245	30,535
North Arcot	...	50
Madura	2,745	7,415
Tinnevely	3,225	31,690
Coimbatore	430	939
Salem	2,065	10,501
Total	28,639	1,61,597

These advances are now being eagerly availed of. Collectors have been cautioned to see that the recipients fully understand the terms, and that adequate security will be obtained. The outlay will be highly beneficial to the country.

2. *Prices* are very little changed, but on the whole show a slight fall. In *Nellore* rice has fallen in the coast taluqs; other prices are stationary. In *Cuddapah* the price of rice is fluctuating, but the average is unchanged. Cholum and ragi have fallen in *Voilpaul* and *Kadiri*, but the latter grain has risen in price in *Budwail*, *Proddatur* and *Jammalamadugu*. *Cumbu* has also risen in *Proddatur*. In *Bellary* district, rice is stationary, but grains have risen in *Gooty*, *Tadpatri* and *Kudligi*. *Cholum* has risen in price in four other taluqs and *ragi* is not quoted in *Harpanhalli*, *Hospeit*, *Hadgalli* and *Alur*. *Cumbu* has risen in five taluqs. *Kurnool* prices have risen slightly. In *Chingleput*, and the greater part of *North Arcot* there is no change of importance, but in the *Tritany* and *Narayanavanam* divisions of the latter district, prices, except of *ragi*, have sharply risen. In the distressed taluqs of *South Arcot* prices are falling. In *Trichinopoly*, *Madura*, and the distressed taluqs of *Tinnevely*, they are generally stationary, but rice has fallen in *Dindigul* and *Palni*, and *cholum* in *Ramnad*. In *Coimbatore*, prices are stationary or falling slightly, the only cases of rise being the prices of *cholum* in *Satyamangalam* and of *ragi* in *Collegal*. The latter is due to demand for export. Dry grain has risen in the *Namkul* taluq of *Salem*, but all other quotations from the district show tendency to a fall in price.

3. *Rainfall*.—Rain is reported from *Bellary*, *Kurnool*, *Madura*, *Tinnevely*, and *Coimbatore*. The quantity, however, is small. Light

showers were received in the taluqs of Hospett, Kudlighi and Hadgalli in Bellary; and 0.3 inches in the Nandikotkur taluq in Kurnool. In the three southern districts above named, the rain was heavier; 1.75 inches fell in Pollachy, 2.18 in Ramnad, 1.12 in Periakolam and 1 inch in Sattur.

4. *Grants and outlay.*—The grants made to the 21st instant amounted to Rs. 1,28,35,283, and against these grants Rs. 1,14,13,757 had been spent. The grants for the districts of Cuddapah, Chingleput, North Arcot and Salem were exceeded, but further grants have since been made for the last three districts. The excess in Cuddapah is only Rs. 626.

The following statement shows the outlay on works in progress under the Collectors in some districts:—

	In the week.	Up to the week
	Rs.	Rs.

Total.....	2,85,211	61,87,259

5. *Numbers on relief works.*—The district totals compare with last week's report as follows:—

	14th Apr.	21st Apr.

Nellore.....	28,759	26,481	— 2,278

Salem.....	54,708	52,748	— 1,960

East Coast Canal.....	37,306	41,020	+ 3,714
	722,273	705,401	— 16,872

Thus a large decrease, principally due to a fall of numbers in Cuddapah and Chingleput has taken place in the week.

6. The decline in Nellore is due to a fall of 35.80 in the Kavali and Udayagiri taluqs (where more than half the labourers are employed) and is owing to able-bodied coolies being directed to the East Coast Canal. In most of the other taluqs there is a slight increase. The great decrease in Cuddapah ap-

pears from the marginal figures to be long chiefly to the Pulivendla, Voilpand, Madanapalli and Budwail taluqs. The decrease in Pulivendla and Budwail is ascribed to able-bodied coolies having been drafted to the Nellore Canal, and what in the sub-division is probably due to the same cause. The increase in Kadiri is not explained.

7. The details for the Bellary district are compared in the margin.

Total.....	522,113	237,695	— 284,418

There is a general tendency to increase of numbers, and but for the considerable fall in the Bellary taluq the increase would be very great. The increase is attributed to greater pressure of the famine in Adoni, Goaty, Hindupur, Hospett, and Hurpanhalli; in Hindupur also to abatement of cholera, and in Pennakonda to return of coolies from the cholera harvest. It is observed, that in Madakira and the western taluqs, the works are very numerous. In Adoni the bulk of the coolies are on six large works, and in Alur only one is open. The decrease in Bellary is due to able-

odied persons being turned off and offered the option of the Hooblee Railway work, or the East Coast Canal. Very few take the latter, but numbers are, it is stated, going to the Railway works, which, however, do not appear in these returns. Those who are turned off and go to their houses are being watched, and no ill results are yet apparent.

8. The increase in *Kurnool* is in Ramalkota, Pattikonda, Nandikotkur and Nundial, and is said to be due to coolies, who left on out-lying works being closed, now resorting to the larger works. The fall in *Chingleput* is due mainly to decreased numbers on the Railway earth-works (from 6,791 to 3,584), but is also ascribed to dissatisfaction of the coolies at the reduced and to their absconding from some works to go to Madras. Though the numbers in North Arcot are nearly the same as in last week, there have

been great fluctuations in the different taluks as shown in the margin.

The principal cause of increase is the extension of works in Polur and Wandewash, where they have hitherto been considered unnecessary. The decrease in Arcot is due to the correction of the erroneous return noticed by the Board last week. The figures for the district do not include those employed under Government officers from funds advanced to the Pongalur Zemindar, viz., 831 coolies. In *Madura* there is no change of importance; three-fourths of the whole number are in the Palur taluk. The decrease in *Tinnevely* is said to be due to improving prospects, and to the coolies finding work at higher wages in ploughing and sinking wells. The decrease in *Coimbatore* is chiefly in Oodumalpattah, Bhovany and Caroor, and is ascribed in the first two taluks to the people having gone to plough their fields. In *Salem* numbers have fallen in Ahtur, Oossoor and Kistnagiri; probably owing to the same cause as in *Coimbatore*.

8. There is nothing special to remark as regards rates of wages.

9. *Gratuitous relief*.—There is again a heavy increase under this head:—

	14th April	21st April	
Kistna	2,298	4,141	+ 1,843
Nellore	38,447	58,235	+ 19,788
Cuddapah	30,409	29,013	- 1,396
Bellary	80,366	95,074	+ 14,708
Kurnool	53,111	48,927	- 4,184
Chingleput	18,215	51,996	+ 33,781
North Arcot	2,482	3,115	+ 633
South Arcot	2,368	5,689	+ 3,321
Madura	27,595	5,871	- 21,724
Tinnevely	2,044	1,843	- 201
Coimbatore	5,023	7,464	+ 2,441
Salem	25,021	34,364	+ 9,343
Total	287,379	345,732	+ 58,353

10. The distribution as between camp and village relief (see abstract appended) on the two dates is (excluding Kurnool, Kistna and North Arcot, for which details are not furnished) as follows:—

	14th	21st	
Camps	125,211	158,805	+ 33,594
Village relief	46,970	68,691	+ 21,721
	172,181	227,496	+ 55,315

There is a greater proportionate increase in village than in camp relief. In Nellore and Chingleput, however, which present the largest increase, it is entirely in camp relief. In Nellore there is no village relief, and in Chingleput, very little. The Collectors of these districts will be requested to explain the great increase during the week. In *Nellore* it belongs chiefly to the Gudur, Atmakur, Udyagiri and Kanigiri taluqs, the last three of which are amongst those which have suffered most. In *Chingleput*, the Conjeveram and Sydapett taluqs account for 34,755 out of the increase.

11. In *Bellary*, the increase under gratuitous relief is due to greater numbers of children on the allowance of 3 pies a day, who have increased from 38,869 to 48,620. This number is 21·4 per cent. of the numbers of coolies; a

proportion far too high, and indication of fraud. The numbers on village relief in this district and in *Cuddapah* have slightly increased. The fall in *Kurnool* is due to repression of mal-practices by village headmen in connection with village relief. In *Madura*, the decrease of 21,724 is in the numbers in camps, and occurs in the *Madura* and *Dindigul* taluqs. The Collector is requested to explain to what it is due. In *Salem*, *Coimbatore* and *South Arcot*, village relief has largely increased.

12. The outlay during and up to the week is as follows:—

	In the week. Rs.	Up to the week. Rs.
Relief works.....	4,10,452	1,08,73,311
Gratuitous relief.....	73,840	5,40,446
	4,84,292	1,14,13,757

There is, of course, a large increase under gratuitous relief. The grants sanctioned by the Board to date amount to Rs. 1,39,49,493.

13. The following statement shows advances in sums of 300 Rs. and less, under the Land Improvement Act for digging wells:—

	In the week. Rs.	Up to the week. Rs.
Nellore.....	...	18,102
Cuddapah.....	5,784	52,109
Bellary.....	9,145	10,515
Chingleput.....	5,245	39,525
North Arcot.....	...	50
Madura.....	2,745	7,415
Tinnevely.....	3,225	31,690
Coimbatore.....	430	930
Salem.....	2,065	10,501
Total.....	28,639	1,61,807

These advances are now being eagerly availed of. Collectors have been cautioned to see that the recipients fully understand the terms, and that adequate security is obtained. The outlay will be highly beneficial to the country.

14. The following is the establishment return completed as far as possible:—

Bellary
South Arcot

2. Prices are very little changed
but on the whole show a slight fall.
In Salem rice has fallen in the
Coast taluqs. other prices are stationary.
In Cuddalore the price of rice is
fluctuating, but the average is unchanged.
Cholam and ragi have fallen in
Vilpand and Kadiri but the latter
grain has risen in price in Andivel
Poddatur and paimalamangur.
Cumbalur has also risen in Poddatur.
In Bellary district, rice is stationary
but grains have risen in Gooty
Tadpatri and Kudligi. Cholam
has risen in price in four
other taluqs and ragi is not
quoted

quoted in Korfanhalli, Korpett,
Hadagalli and others. Cumboo
has risen in fine taluqs.
Shumool prices have risen
slightly. In Chingleput,
and the greater part of
North Arcot there is no change
of importance, but in the
Tanjav and Parayanavaram
divisions of the Cabot district
prices, except of ragi, have
sharply risen. In the distressed
taluqs of South Arcot prices
are falling. In Trichinopoly,
Madura and the distressed
taluqs of Trincomelly they are
generally stationary, but rice
has fallen in Pondich and
Pah, and cholam in Madura.
In Coimbatore, prices are stationary
or falling slightly, the only cases
of rise being the prices of cholam
in Satyamangalam and of ragi in Chengal.
The latter is due to demand for export. Ragi grain

has risen in the stambool taluq
of Salem but all other quotations
from the district show tendency to
a fall in price.

3. Rainfall. Rain is reported from
Bellary, Tumkur, Madura, Trincomelly
& Coimbatore. The quantity however
is small. Light showers were received
in the taluqs of Korpett, Madhigai &
Hadgalli in Bellary; and 0.3 inches
in the stambool & tur taluk in Tumkur.
In the three Southern districts above
named, the rain was heavier; 1.75
inches fell in Pohachy; 2.18 in
Ramnad; 1.12 in Penyakolam & 1 inch
in Pattur.

4. Grants & Outlay. The grants made
to the 21st instant amount to Rs 128,35,283,
& against these grants Rs 14,13,757
had been spent. The grants for the
districts of Coimbatore, Chingleput
A. & C.

North Arcot & Salem were exceeded but further grants have since been made for the last three districts. The excess in Cuddapah is only Rs 626.

The following Statement shows the outlay on works in progress under the Collectors in some districts:-

	In the week	Up to the week
Roads.	Rs	Rs
New works.....	169,160	4,194,974

Irrigation works.....	29,290	530,833
Miscellaneous.....	52,429	6,21,878
	285,211	6,187,259.

5. Timbers in relief works. The district totals compare with last week's report as follows:-

	14 th April	21 st April	
Madras.....	2423	2256	- 167
Tellore.....	28759	26481	- 2278
Cuddapah.....	80868	56768	- 24100

East Coast Canal.....	37306	41020	+ 3714
	722273	705401	- 16872

Thus a large decrease, principally due to a fall of numbers in Cuddapah and Chingleput, has taken place in the week.

6. The decline in Madras is due to a fall of 3588 in the Kowali & Madayagiri Taluqs (where more than half the labourers are employed) & is owing to able bodied coolies being diverted to the East Coast Canal. In most of the other taluqs there is a slight increase.

The great decrease in Cuddapah appears

Madurai.....	10,444	2748	- 7696
	80,868	56768	- 24,100

The decrease in Cuddapah is ascribed to able bodied coolies having been drafted to the Madras Canal,

and that as the Sub Division is probably due to the same cause. The increase in Kadiri is not explained.

7. The details for the Bellary District

are compared in

the margin. There

is a general

tendency to in-

crease of num-

bers, and but

for the consi-

derable fall

in the Bellary Taluk the in-

crease would be very great. The

increase is attributed to greater

pressure of the famine in Adoni,

Coaty, Hindupur, Hospet & Hampurkullu; in

Hindupur also to abatement of cholera;

and in Potlunda to return of coolies from the Cholan harvest. It is observed

that in Madakurra and the Western taluk the works are very numerous.

In Adoni the bulk of the coolies are on six large works, and in Alur only one is open. The decrease in Bellary is due to

all kinds of persons being turned off and offered the option of the Madakurra Railway work, or the East Coast Canal. Very few

take the latter, but numbers are it is stated going to the Railway works, which

however, do not appear in these returns. Those who are turned off and go to

their homes are being watched, and no ill results are yet apparent.

8. The increase in normal is in Ramakota, Pottukonda, Nandikotkur and

Nandikot, and is said to be due to coolies who left on outgoing works being

closed, now resorting to the larger works. The fall in Chingelput is due mainly

to decreased numbers on the Railway earthworks (from 6791 to 3584) but is also

ascribed to dissatisfaction of the coolies at

at

 from some works to the to Madras

are nearly the same as in last week. There have been great fluctuations in the different taluks as shown in the margin. The principal cause of increase is the saturation of works in Polur and Mandinath, where they have hitherto been considered unnecessary. The decrease in Arad is due to the correction of the erroneous return supplied by the board last week. The figures for the district do not include those employed under Government offices from funds advanced to the Panchamur Zamindar by B. Coolies. In Madras there is no change of importance; these fourths of the whole number are in the Pulne Taluk. The decrease in Tirunelveli is said to be due to	Chittoor. 2081	3052	+ 973

The saturation of works in Polur and Mandinath, where they have hitherto been considered unnecessary. The decrease in Arad is due to the correction of the erroneous return supplied by the board last week. The figures for the district do not include those employed under Government offices from funds advanced to the Panchamur Zamindar by B. Coolies. In Madras there is no change of importance; these fourths of the whole number are in the Pulne Taluk. The decrease in Tirunelveli is said to be due to

improving prospects, and to the coolies finding work at higher wages in ploughing and sinking wells. The decrease in Cosimbatoor is chiefly in Odumalapetta, Shovany, and Casoor; and is accounted in the first two taluks to the people having gone to plough their fields. In Salem numbers have fallen in Athir, Cojoor and Pudukottai; probably owing to the same cause as in Cosimbatoor.

8. There is nothing special to remark as regards rates of wages.

9. Gratuitous relief.

There is again a heavy increase under this head.

10 The distribution as between camp and village relief (~~the~~ abstract appended) on the two dates is (excluding Ratmool, Netra and M.ancot for which details are not finished) as follows.

	14 th	21 st	
Campes.	125211	158805	+ 33594
Village, subof	46970	68691	+ 21721
	<u>172181</u>	<u>227496</u>	+ 55315

There is a greater proportionate increase in village than in Camp relief. In Yellow and Chingapat however which present the largest increase it is entirely in Camp relief. In Yellow there is no village relief, and in Chingapat, very little. The collectors of these districts will be requested to explain the great increase during the week.

In Mallore it belongs chiefly to the Caudes, Akuraker, Idpapini and Hanipad taluks, the last three of which are amongst those which have suffered most. In Chingleput the Conjevaram and Idapatti taluks account for 34755 out of the increase.

11. La Bellas, the increase under protective relief
due

to greater numbers of children on the allowance of 3 pies a day; who have increased from 38,869 to 48,620. This number is 21.4 per cent of the numbers of Coolies; a proportion far too high, and indication of forced labour. The numbers on village relief in this district and in Buddapah have slightly increased.

The fall in Flurmoal is due to re-
-pression of malpractices by village
headmen in connection with village
relief. In Madurai, the decrease of
21724 is in the numbers in camps, and
occurs in the Madurai and Dindigul
taluk. The Collector is requested to
explain to what it is due. In Salem,
Coimbatore & South Arcot, village
relief has largely increased -

12. The outlay during & up to the week is as follows -

	In the week	Up to the week
Relief war Ws	410,452	108,73,311
Gratuitous relief	73,840	5,40,446
	<u>4,84,292</u>	<u>11,413,757</u>

There is of course a large increase under gratuitous relief. The grants sanctioned by the Board to date amount to Rs 130,49,493.

13. The following statement shows advances in sums of 300 Rs and less, under the Land Improvement Act for digging wells.

	In the week	Up to the week

These advances are now being eagerly availed of. Collectors have been cautioned to see that the recipients fully understand the terms and that adequate security will be obtained. The outlay will be highly beneficial to the country.

The fresh admissions were 2279, or more than one-sixth of the average strength; they came chiefly from Chingleput and Mellore. Those resident on 21st came from the following districts - Chingleput 6687; North Arcot 3702; Mellore 3541; South Arcot 64; Cuddapah 74; total 14,118.

The Commissioner's outlay in the week was Rs 20,816 and up to the week Rs 3,96,451.

16. The President of the Municipal Committee

Commission had in the Sattanahad relief camp 790 persons on the 21st April and 1244 persons on relief works then; the averages for the week being respectively 900 and 1222. He had also 2,508 persons on the 21st and an average of 2,426 employed elsewhere on relief works. He had expended to the end of the week Rs 35,045.
