GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

11th May 1877, No. 1,696-A.

Famine Relief.

Read the following paper :—

No. 232-A. Proceedings of the Board of Revenue, dated 28th April 1877.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Gudiatam, 20th April 1877, No. 265.

I HAVE the honor, with reference to Board's Proceedings, dated 18th instant, No. 1,740, to state that the Consulting Engineer for Railways has informed me that there is no longer sufficient work on the Railways to employ a large body of laborers, and that by the close of the current month most of the coolies will be turned off his work. It is therefore absolutely necessary to provide labor for the distressed poor. The road from Chukkramalloor to Etupai in the Arcot Taluq, referred to in the Proceedings under acknowledgment, is some distance from the Railway line, but coolies can be drafted to it. An immediate commencement of the road is urgently called for, and I trust early sanction for the same will now be accorded. As works are completed I have to find employment for the laborers, and I take care not to recommend work that is not really required.

SUBMITTED to Government in continuation of Board's Proceedings, 18th April 1877, No. 1,740, forwarding the estimate for orders.

2. The Collector should set the coolies to collect and store metal on existing roads if work is wanted. This is a most useful form of relief-work which has been but little availed of in North Arcot. A portion of such outlay at least is recoverable, and this fact should be borne in mind.
