As it is most probable th her European Officer for the supervision of one of my Sub-Co re the honor to suggest that the services of Mr. J. Davidson of th partment, lately employed in the district, but now posted to Can venient to the public service, be placed at my disposal. It pressure of famine or of public works prevails in C

2. Mr. Davidson has be ict with which he is acquainted.

3. It seems to me absolu we have a much larger outlay of money that it should be most ided. Mr. Cook has been most successful for the past months ulpetta Taluq, showing for an expenditure of Rupees 24,642 (o 50 sanctioned), up to the 10th February, 41¼ miles of road repai gravel at a rate of Rupees 284 per mile, 8,217 cubic yards of me roken at 10 Annas a cubic yard. Main and branch irrigation at Annas 1-2 per cubic yard; tanks repaired. Sanitary arrang nd cumbustion of rubbish, latrines and cinerators erected, side-drain h and other villages, to the value of Rupees 2,341. This is a pret rk, and perhaps as much as one officer can well supervise.

4. I have asked Mr. Cook southern half of the Dharapuram Taluq, but both Mr. McWatters doubt whether it be not too much for him, the Cusbah Dharapuram portant town and fully 20 miles distant from Oodoomulpetta, Mr. ad-quarters.
