GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

16th May 1877, No. 1,731.

Read the following papers:—

No. 318. Proceedings of the Board of Revenue, dated 9th May 1877, Miscellaneous No. 6,789:—

Read the following letter from W. S. FOSTER, Esq., Collector of the Godavery District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Pedapotavaram, 15th April 1877, No. 104.

I HAVE the honor to enclose, for the information of the Board, a Memorandum showing the persons who followed me into the interior of the Bhadrachellam, Rekapally, and Rampa Taluqs. It will be observed that out of the thirty-nine men who followed me, four have died of fever, fifteen have been very bad, thirteen are suffering slightly, and the remaining seven have not had fever. Before I left Waddigudem into the interior of the taluqs, I sent away some of the office-people to Cocanada, and took with me as few hands as possible. Perhaps the Board will think that the number of peons I took is large. I beg to state that this number was absolutely required to collect coolies to carry my tents and to other things and to look after them as bandies cannot go.

2. I travelled through the above taluqs as follows:—From Waddigudem I proceeded to the northern point of the Rekapalli Taluq on the banks of the Sabre, and after inspecting the boundary line in dispute at Barkunkota turned eastward and travelled through the heart of the Rekapalli Taluq on the banks of the Sokileru river. I then entered the Rampa country at a place 4 miles north of the village of Valamur through a range of hills called Gurrapazhari, and proceeded southward to Gokavaram via Rampa.

3. All the people were well and on my return to Gokavaram.

ORDER THEREON, 10th May 1877, No. 1,731.

Miscellaneous

The Government concur with the Board in regret that so many of the followers have suffered severely in the difficult but valuable tour which the Collector has made. If the Dresser has any notes of the circumstances and places under which the different cases of fever arose, it is desirable they should be sent to the Surgeon-General.
