*Proceedings of the Madras Government, Revenue Department,
17th January 1877.*

No. 406. Read the following Proceeding of the Board of Revenue, dated 11th December 1876, No. 3,133:—

Read the following letter from J. R. ANIEL, Esq., Acting Collector of Cuddapah, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 5th December 1876, No. 330.

In reference to the Board's Proceeding* I have the honor to state that all
* Dated 1st December 1876. t accounts hitherto submitted about
t number of coolies employed on
of works relate to each Saturday.

2. The accounts of each Saturday are received on various dates from the different taluqs during the week; they are then compiled in this Office and despatched to the Board on Saturday.

3. All the works are scattered, so that it takes one or two days before the accounts from the officers in charge of the works can reach the Tahsildars; and to enable me to send all the returns as to reach the Board on the Friday following, they must reach this Office on the Wednesday; this will not be possible if the accounts are to relate to the Saturday. They can be despatched each Saturday by the Tahsildars, but they must relate to the previous Wednesday or Thursday.

4. If the Board require to know the state of things in each taluq on the Saturday, I am afraid that I cannot submit to the Board earlier than at present, viz., the following Saturday. I must either send them so as to reach the Board on the Monday, or have the accounts of the Wednesday or Thursday made up in the taluqs.

5. I have, however, instructed the Tahsildars to despatch all their accounts on the Saturday without fail.

The Collector may have the statement made up to the Thursday if necessary; but the Board should think that advice of the number of coolies employed on works might be despatched on the Friday night, as to reach the taluq on the Saturday and the Collector at latest on the Monday morning. Complete accuracy may not be possible, and the transmission of the Collector's return must not be delayed for the receipt of every account. Entries in such case must be made by estimate, the fact being noted.
