Famine Relief

Read the following papers.

No. 434. From Major K. A. JOPP, R.E., Officer in charge of Bellary-Hubli Railway, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, Madras, dated Bellary, 13th May 1877, No. 169.

I HAVE the honor to forward a letter, dated 12th instant, from Mr. A. M. Mauriappa Moodelliar to your address, and with reference to his last sentence, to state that his services are not desired by me "either in the Engineering or Surveying Branch of this Railway," although in my No. 151 of 9th instant, I stated that I was willing to try him once more.

ENCLOSURE No. 1.

* From A. M. MAURIAPPA MOODELLIAR, Assistant Famine Officer, Bellary District, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, dated Bellary, 12th May 1877.

I HAVE the honor to state that, in accordance to the orders of this district Collector, I had been working on the Bellary railway up to the 6th ultimo when, owing to my severe illness, I became an in-patient of Bellary Civil Hospital, wherein I am still under treatment.

2. During my interview with Major Jopp, R.E., he informed me that he has received Government Order regarding my salary, &c., but he is not willing to place me on high salary, as he would thereby be necessitated to place me over many European Superintendents, which, according to his statement, neither he nor they would bear. On my seeing him on the 9th instant, he read out his reply to Government about me, in which he proposed to secure my services as Surveyor on account of my qualifications without any increase to my salary and allowance.

3. It can be seen from the enclosed copies of my testimonials that up to January last I was employed on the South Indian Railway as Sub-Assistant Engineer which is equivalent to that of Assistant Engineer in the Public Works Department of this Presidency.

4. I have accepted the duty of Famine Relief Assistant on the small salary of Rs. 150 + 30, believing that my business is only to superintend famine relief-works in this district, but as I had been employed otherwise, and even had orders to proceed to Hubli, beyond this district and Presidency, which entailed greater expense, I request that the Government will be good enough to issue orders to employ me in superintending works as originally intended, or appoint me as an Assistant Engineer on proper salary and allowance if my services are wanted either in the Engineering or Surveying Branch of this Railway.

No. 435. ORDER THEREON, 24th May 1877, No. 1,805.

Miscellaneous.

TRANSFERRED, with its enclosures, to the Collector of Bellary, who, with reference to Major Jopp's statements that he does not require the services of Mauriappa Mudali, will recall him and employ him elsewhere on famine works.
