Famine Relief.

Read the following paper :—

No. 525-A. Proceedings of the Board of Revenue, dated 17th May 1877.

Read the following letter from J. F. PRICE, Esq., Acting President, Local Fund Boards, Cuddapah District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Cuddapah, 8th May 1877, No. 266.

Since the issue of the orders of Government, Nos. 1,167 and 1,549, Financial Department, dated 26th June and 29th August 1876, the Accountant-General has been sending, after payment, for the President's countersignature all salary and travelling allowance bills of Hospital Assistants employed on cholera duty, as well as bills of other cholera charges, for adjustment from Local Funds. In their Proceedings, No. 632, dated 15th February 1877, the Board of Revenue state that medicines required in connection with famine operations are not chargeable to Local Funds. I have, therefore, the honor to request that the Board of Revenue will be good enough to inform me if the charges on account of pay and allowances of Hospital Assistants employed on special cholera duty on famine relief-works and camps, as well as the charges of conveyance of medicines used by them, have to be debited to Local Funds.

2. If they are to be met from famine funds, I beg to be informed from what date such course should be observed; whether from the date of the Board's Proceedings above quoted, or from the commencement of famine works in the district.

Submitted for the orders of Government.

2. The Board are of opinion that all such special charges should be debited to famine relief from the date of the commencement of relief-works in each district classed as distressed.
