GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

28th May 1877, No. 1,828.

Read the following paper:—

No. 528. Proceedings of the Board of Revenue, dated 21st May 1877, Miscellaneous No. 7,348.

Read the following letter from W. R. ROBERTSON, Esq., M.R.A.C., Superintendent, Government Farms, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Sydapet, 18th April 1877, No. 365.

I HAVE the honor to enclose a dozen Carob (*Ceratonia siliqua*) pods obtained from a tree growing on the Experimental Farm. This tree is now bearing, and has about 20 lbs. weight of pods on it. The pods are quite as large as those imported into England from the Mediterranean Coast. The tree is one of half a dozen that were brought out to India from Malta about 12 years ago by E. G. R. Fane, Esq., formerly Collector of this district. This, I think, is the first instance in which the Carob tree has produced pods in this Presidency. The specimen pods sent are not yet fully ripe; the pulp in which the seed is embedded is, therefore, much more astringent than it will be when fully ripe.

This letter will be submitted for the information of Government.

2. Mr. Robertson will be requested to send some seeds, when ripe, to the Honorary Secretary, Agri-Horticultural Society.

(Signed) C. D. MACLEAN,
Additional Sub-Secretary.

No. 529. ORDER THEREON, 28th May 1877, No. 1,828.

Miscellaneous.

ORDERED to be forwarded for the information of the Government of India. The pods will also be sent.

(True Extract.)

(Signed) C. G. MASTER,
Offg. Secretary to Government.

To the Board of Revenue.

Exd. F. B. Bantleman.

Carob Pods.—Ordering to forward to the Government of India Proceedings, Board of Revenue on letter from the Superintendent of Government Farms forwarding — obtained from a tree growing on the Experimental Farm at Stalpoet.

Proceedings of the Board of Revenue.

8 21 May 1877.

Read the following:—

No. 365.

From, W. R. Robertson Esqr. M. R. A. C.

To, H. C. Stokes Esqr.
Secretary to the Board of Revenue
Madras.

Sir,
I have the honor to enclose a dozen Carob
(*Carobina Libani*) pods obtained from a tree
growing on the Experimental Farm; this tree is
now bearing & has about 20 lbs weight of
pods on it. The pods are quite as large as
those imported into England from the
Mediterranean Coast. The tree is one
of half a dozen that were brought out to
India from Malta about 12 years ago by
E. G. R. Fane Esqr. formerly Collector of
this District. This, I think, is the first
instance in which the Carob tree has
produced pods in this Presidency. The

specimen pods sent are not yet fully ripe,
the pulp in which the seed is imbedded, is
therefore much more astringent than it
will be when fully ripe.

Send pods growing

on a tree on the Exptal

Experimental Farm

from Dept. Govt. Farms
forwarding to the Secy
information of Bd.

into England from the Malabar.
Serrancon Levash. The tree
is one of half a dozen that
were brought out to India
from Malta about 12 years
ago by E. J. R. Howe
Esq., formerly collector
of this district. This I
think is the first instance
in which the Levash
tree has produced pods
in this Presidency. The
specimen pods sent are not
yet fully ripe; the pulp
in

1875
in which the seed is embedded
is therefore much more astringent
than it will be when fully
ripe.
