No. 538-A. Proceedings of the Board of Revenue, dated 9th May 1877.

Read Official Memorandum from the Additional Secretary to Government, Revenue Department, dated 4th May 1877, No. 162.

ABSTRACT.—Inquiring how far masonry works included in sanctioned estimates for road-works are carried out as famine relief-works.

THE Board observe that the question was settled by G.Os., 7th April 1877, No. 1,366-A, and 20th April 1877, No. 1,498; the inquiry, therefore, must mean that a return is wanted showing what masonry works are in progress under these orders and such a return must be obtained from Collectors. The estimates for at least half the relief-works in progress contain provision for some masonry works; but the present progress reports of weekly outlay do not show what particular part of the estimate is being carried out.

2. To collect the information for any particular date will necessarily take a long time, and when it is collected, the information will be so old as to be useless. Before calling for returns, therefore, the Board beg that it may be more distinctly stated what is wanted.
