GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

29th May 1877, No. 1,841.

Read the following paper:—

No. 553. From A. McC. WEBSTER, Esq., Acting Commissioner, Nilgiris, to C. G. MASTER, Esq., Officiating Secretary to Government, Revenue Department, Fort St. George, dated Ootacamund, 26th May 1877, No. 48.

The Assistant Superintendent of the Nedddivuttum and Pykara chinchon plantations reports that the plantation coolies are now suffering from dysentery and fever, and that thirteen deaths occurred in a fortnight. He has purchased some medicines from the chemists for immediate use. As Mr. Rowson is far removed from any medical aid, I have the honor to request that Government will be pleased to forward to me, for transmission to him, a medicine chest (Scale C, large size,) as soon as possible. Owing to the damp climate at Nedddivuttum, it would be advisable to have the medicines put into stoppered glass bottles.

No. 554. ORDER THEREON, 29th May 1877, No. 1,841.

Miscellaneous.

Communicated to the Surgeon-General, Indian Medical Department, who will issue instructions for the supply of the medicine chest and medicines required by the Commissioner.

(True Extract.)

Fort St. George.

SIR,

The Assistant Superintendent of the
Keddiavuthum and Dykara Chichona plantations
reports that the Plantation Coolies are now suffering
from Dysentery and Fever and that 13 deaths occurred
in a fortnight. He has purchased some Medicines
from the Chemists for immediate use. As Mr. Known
is far removed from any Medical aid, I have the
honor to request that Government will be pleased
to forward to me for transmission to him a Medicine
chest (scale C large size) as soon as possible. Owing
to the damp climate at Keddiavuthum it would be
advisable to have the medicines put into stoppered
glass bottles.

I have the honor to be
