REVENUE DEPARTMENT.

29th May 1877, No. 1,853.

Famine Relief.

Read the following papers:—

No. 576. Proceedings of the Board of Revenue, dated 11th May 1877.

Read the following letter from R. J. MELVILLE, Esq., Acting Collector of Madras, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 4th May 1877, No. 141.

I HAVE the honor to report that the Accountant-General has disallowed famine batta for April 1877 under G.O., No. 41, dated 5th January 1877, at the higher rate of Rs. 1½ per month, on the ground that the Commissioner of Police certified that rice was sold at 10¼ seers per rupee during the month. I have ascertained from the Commissioner that this price refers to third-sort rice.

2. The higher rate of batta was entered in the bill, as the average price of second-sort rice was 9.67 seers per rupee during the month. The adoption of second-sort rice as the staple food of the district was reported to the Board of Revenue in this office letter, No. 74, dated 12th March 1877, and has been apparently approved by them.

3. Under these circumstances, I beg to be informed if second or third-sort rice is to be taken as the staple food under G.O., No. 41, dated 5th January 1877. If the former, the Accountant-General should be instructed to pass the amount disallowed.

SECOND-SORT rice should certainly be taken as the staple food in Madras and not third-sort which is very inferior and not in consumption except amongst the poorest classes. The Accountant-General is requested to inform the Board whether, with reference to the above, he is prepared to withdraw his objection.

Secretary.

No. 576-A. Proceedings of the Board of Revenue, dated 23rd May 1877.

Read again Board's Proceedings, dated 11th May 1877, No. 2,179.

Read also the following Memorandum from the Accountant-General, Madras, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Fort St. George, 14th May 1877, No. 1,561.

Vide Proceedings of the Board of Revenue, No. 2,179, dated 11th instant.

THE undersigned has the honor to explain that this office has simply accepted the statement of the Commissioner of Police. The Board perhaps had better refer the question to Government, and suggest that, with a view to avoid doubt and confusion, a Notification be inserted in the last Gazette of each month by some competent authority, declaring whether the establishments are entitled to higher, lower, or no batta for that month.

(Signed) L. C. PROBYN,
Accountant-General.

Revenue Department, 29th May 1877, No. 1,853.

THE Proceedings read above will be submitted to Government, with request that the Accountant-General be directed to withdraw his objection in the case of the batta drawn in Madras.

2. With regard to his suggestion made in the communication above recorded, the Board observe that it will often happen that returns of prices from the districts for more than half the month will not be available in time for publication in the last Gazette of the month, and the suggestion is, therefore, impracticable. It will be better if Government will declare what grain is to be taken as the standard in each district, since the Accountant-General is not prepared to accept the Board's opinion on such a point.

ORDER THEREON, 29th May 1877, No. 1,853.

Miscellaneous.

THE Government approve the Board's adoption of the price of second-sort rice as the batta standard, and direct the Accountant-General to pass the bills accordingly on the certificate of the District Collectors.

2. The Commissioner of Police in Madras will discontinue the issue of certificates, and will refer applicants for them to the Collector.

the Pupee disallowed the
charge. The collector referred
the matter to the Board
who in their Proceedings
11th May 1877 expressed their
opinion that "Second sort

taken as the staple food

and they hoped the

Thus the Accountant General
refused to do remarking
that he has simply "accepted

suggests ^{that} a Notification

be issued ^{in the last Gazette of}

declaring whether ^{in that particular} Batta is
to be paid. The Board
point out that it is imprac-
ticable as the Price Returns
are not available in time.
It has been laid down
by the Board and is referred
to an Accountant General's
Circular N^o 352 of 18 April
that Famine Batta is to be
paid in regard to the
rates prevailing in the
nearest bazaar (for 2nd
sort ^{supply} rice) and a certificate of
the prevailing price by the
local Treasury Officer is to be
appended to the bill.
