GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

51st May 1877, No. 1,837.

Final Relief.

Read the following papers:—

No. 626. Proceedings of the Board of Revenue, dated 17th May 1877.

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Garladinn, 9th May 1877, No. 350.

With reference to the Proceedings of the Board, Miscellaneous No. 5,754, dated the 20th ultimo, communicating Government Order, Revenue Department, No. 1,406, dated the 12th ultimo, I have the honor to submit copy of a letter from Mr. Howe, No. 856, dated the 1st instant, affording explanation to the questions put by the Government.

ENCLOSURE No. 1.

From W. A. HOWE, Esq., Divisional Officer, Bellary Taluk, to J. H. MASTER, Esq., Collector of Bellary, dated 1st May 1877, No. 856.

With reference to G.O., No. 1,406, dated 12th April 1877, I have the honor to report as follows.

2. The remarks I made (which for facility of reference I quote in the margin) were as follows.

*The people continue in good condition, and the relief camps which are being formed under G.O., No. 515, dated 5th ultimo, are attracting the weak and emaciated (who are quite unfit for labour) from the works.

I respectfully submit, intended to convey the sense in which the Board and Government read them. What I meant was "that a number of persons who before the opening of the subsidiary relief-camps were on the works, but who ought never to have been on them were attracted by and presented themselves at the newly-established camps: the question whether they were fit for the work or for the camp was, of course, decided for them; but in the cases I referred to, there could be no question on this point. They were persons who even in ordinary times could not work. It is impossible to ascertain how long they had been on the works, as they were not removed from them, nor were separate nominal rolls kept at the camps, showing whether applicants came from the villages or from the works. When they found they could get fed without sitting in the sun all day at the works and endeavouring or pretending to do a little, they availed themselves readily of the ease and shade afforded by the camps; but while on the works, they never did or attempted to do ordinary or light task-work. I have not the slightest hesitation in saying that these people (who, though found on nearly all the works, were not very numerous) could not possibly (at the time I wrote) have been in the slightest degree affected by the reduction of wages.

SUBMITTED to Government with reference to G.O., 12th April 1877, No. 1,406.

2. The Board's remark holds good whatever the cause of the removal of these persons from the gangs.

(True Copies and Extract.)

Secretary.
