REVENUE DEPARTMENT.

31st May 1877, No. 1,869-I.

Read the following paper:—

No. 649. Proceedings of the Board of Revenue, dated 2nd May 1877.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Gudiathum, 22nd April 1877, No. 272.

THE Board are aware that they have sanctioned, in their Proceedings, dated 26th February last, the further construction and completion of the road (Item No. 119) from the Sholinghur Railway Station and Mahendravady to Poloor, originally sanctioned in their Proceedings, dated 30th November 1876, No. 3,024. I now enclose an estimate, amounting to Rs. 2,087, carefully prepared by Supervisor Mr. Stokoe for an additional allotment to complete the road, and request an early sanction of the Board for the same.

2. The road has been stopped for want of funds, and the distressed poor in that part of the Wallajah Taluq are in want of work. As the resumption of the road-work in question will afford employment to the needy poor, and as it is absolutely necessary to complete the line and render it available for traffic, I trust that the Board will be pleased to enable me to recommence the work at no distant date by according their early sanction.

THE estimate is sanctioned.

2. The attention of the Collector is again called to the desirability of undertaking repairs of irrigation works in preference to new roads.

Memo.

Collectors of Districts and Dist.ts must find themselves in difficulty in respect of carrying out repairs to irrigation works — for, as pointed out by the Chief Engr. for Irrigation in a Memo: now in circulation (in reference to a question asked by the Govt. of Madras) regarding the height of tanks and dam maximum water level) it is necessary except in cases of great emergency that Estimates for such works should be framed by Executive Officers of the P.W.D. or else there is no knowing whether work
