the wood felled is being made into charcoal. The repair of five tanks, estimated to cost Rupees 5,000, is *under contemplation*, but not to be undertaken until the ground is softened by rain. A conjee-house is nearly finished, and he promises to spend Rupees 100 per mensem on feeding the poor. Like the Poligar of Shulagiri he refuses to pay the money into the hands of the Collector. Finally he is repairing a gunta at a cost of Rs. 250.

6. The Beriki Poligar is also heavily in debt, owing close on 30,000 Rupees. [illegible] Poligars the justice to say that they are not pressing their ryots. It would make very little difference if they did but *factum volet*. Beyond what they have already done or promised to do, I do not believe that they will or can do any more.

SUBMITTED to Government with reference to the G.O., 2nd April 1877, No. 1,286.

2. The Board think the conduct of these Poligars, overwhelmed with debt as they are, is very creditable, and contrasts very brightly with that of owners of large zemindaries like Venkatagiri and Calastry. The Board suggest that what they have done be acknowledged, and would recommend, if more relief is required, that Government should take up the repair of some of their irrigation works either with or without remuneration.

3. The Collector is requested to report further on the question of buying a [illegible] of the Bagalur Polliem.

Miscellaneous.

HIS GRACE the Governor in Council views with much satisfaction the efforts of the Poligars of Shulagiri and Beriki to discharge their duty under adverse circumstances.

2. The Board will direct the Collector to arrange the Government relief mentioned in paragraph 2 of the Sub-Collector's letter so that it may not clash with that administered by the Poligar.

3. The Collector will see that suitable relief is provided for those needing it either by the Poligars or Government in the Polliems, leaving the question of the cost and its settlement for future determination.

The Collector of Salem.

Sir,

With reference to your Circular Memo: No 1075/8-4-77 I have the honor to state that I visited the three Poliems and explained to the Poligars their responsibilities and the consequences of neglecting the same.

FAMINE RELIEF, No. 1,259-I.

Relief-works started by certain Poligars in Salem District.—Expressing satisfaction in connection with the —, and directing the Collector to address to the Government relief so that it may be dealt with that administered by the Poligars.

est 6 months and is willing to maintain
it in future. The poor, especially
the children, at his Cutcherie had
cared for and were in fair
& good condition. He declined to
contribute in money as I suggested,
towards the Government relief and the
two will go on together, the destitute
profiting by both which is wasteful.

3. The Poligar has undertaken
the repair of two wells and 4 tanks.
He declines to do more. He is in
debt Rs 25000 and will not borrow
the Poliem any more. I suggested
a loan under the Land Improvement
Act, but for the same reason he

declined this. He, however, suggested
that Government might at their own
expense repair and improve two
tanks and offered to consent in
case of their doing so that 1/4 of the
extra water rate accruing from Punjah
lands brought under wet cultivation
should be added to the Peishcush
of the Poliem. The Executive
Engineer to whose opinion I sub-
-mitted this proposition thought, as
I do, that it would not commend
itself to Government.

4. As regards the Bagalur Poliem
it is needless to say anything. It is
so encumbered that the Poligar can
support himself, much less other
people

people. He is open to an offer for such part of his Poliem as would pay his debts. Government does not ~~[illegible]~~ the market in such matters but I have no doubt that the transfer of any portion of the Poliem to Amani would be immensely in the interests of the Cultivators.

5. The Boriki Poligar was gosha and I could not see him. I saw his agent who reported as follows: — The Poligar maintained a Canjee House for 2½ months and then discontinued it on the opening of a Relief work to which the Poligar contributed Rs 250. To relieve the scarcity

scarcity of grain the Poligar opened his stores and sold 100 puttees of paddy at measures per rupee. He is Choultry at a cost of Rs 500 for the use of the public. To weavers he advanced Rs 800 to carry on their trade and gave the cloth manufactured to a Shrine. As Government are now helping the weavers, he will not continue this form of relief. A Gunta, calculated to cost Rs 1000 is in progress, and to afford work to Madders and Potmakers out of employ, he is building 4 houses of which two are finished. A temple at a cost of Rs 150 is under construction. I saw this - Foundations

to

to one foot was dug and six stones were collected. Some of the Fort Ditch was filled in and levelled over of Rs 200 - This work was well done. Clearing of Jungles at a cost of Rs 200 was undertaken. and the wood felled is being made into Charcoal. The repair of 5 tanks estimated to cost Rupees 5000 is under contemplation but not to be undertaken until the ground is softened by rain. A Conjee House is nearly finished and he promises to spend Rs 100 per mensem on feeding the poor. Like the Poligar of Shulagiri he refuses to pay the money into the hands of the Collector. Finally he is repairing a gunta at a cost of Rs 250.

6. The Beriki Poligar is also heavily in debt owing close on 30000 Rupees.

7. I must do all these Poligars the justice to say that they are not pressing their ryots. It would make very little difference if they did but factum volet. Beyond what they have already done or promised to do, I do not believe that they will or can do any more.

2. *Prices* generally continued to rise, but it is to be hoped that the heavy rainfall of the week will produce a decline which will appear in the reports for the 26th. In the *Kistna* the district averages show nearly stationary rates. The detailed report has been received, but it is very incomplete. The chief rise of prices is at Guntoor and Narsarowpett. In Nellore prices are almost unchanged, except in the north and north-west of the district. Rice has risen in Podile, Udayagiri and Kandukur, cholum in Kanigiri and ragi in Addanki and Kanigiri. In *Cuddapah* all prices have risen in Budwail, but are elsewhere fluctuating, tending generally to fall, in the south-east of the district. The *Bellary* quotations show strong tendency to rise of price. Rice has risen nearly 13 per cent. in Harpanhalli, and is dearer in 5 other taluqs, while in 4 taluqs it shows a slight fall. Cholum has risen in 12 out of 15 taluqs; ragi in 6 out of 11 in which it is quoted; and cumbu in 6 out of 9. The *Kurnool* district averages, except for cumbu, show rising prices. In *Chingleput*, rice and ragi have risen in Chingleput and rice in Trivellore. In *North Arcot*, prices have risen in Polur, Arcot and Arnee, and in Chendragiri, Chittoor and Godiattum. The rates for ragi show most increase. In *South Arcot* prices incline to rise in Trinomalai and Tindivanam, which taluqs are the worst off, and are fluctuating in the rest of the district. At Trichinopoly all rates have risen,

in *Madura* rice has risen in two taluqs, in three cumbu in four. All rates for rice have risen in Pulni. *Tinnevelly* have risen slightly. The rise in the average for rice in Coimbatore is due to heavy rise College, where rice now sells at 4·50 seers, the highest quotations yet reached in the Presidency. Ragi has also risen in this taluq but it is nearly stationary elsewhere except in Oodumulpettah and Dharapuram, where it has also risen. Cholum and cumbu are scarcely changed. In *Salem*, cholum, ragi and cumboo are nearly stationary, but rice has risen in 5 taluqs, especially Utangarai and Oossoor.

3. *Rainfall.*—There was a cyclone, accompanied by heavy rain, which affected chiefly the east coast districts of *Chingleput*, *Nellore* and *Kistna*, and the adjoining parts of *North Arcot*, *South Arcot* and *Cuddapah*, but all the distressed districts received more or less rain. At Madras itself 21·18 inches were registered. The rain will probably suffice to start agricultural operations in all the districts, but reports as to its effect are not yet complete. The Collector of Kurnool telegraphs that two inches fell on the average throughout the district and the prospects are improving. The following statement shows for other distressed districts, the number of taluqs which received rain, the district average, and the maximum and minimum fall recorded.

Districts.	Taluqs which received rain.	District average inches.	Highest fall. Station.	Highest fall. Inches.	Lowest fall. Station.	Lowest fall. Inches.
Kistna	9 taluks, from which reports have come					
Nellore	All taluks	3·27	Baptla	9·65	Nuzvid	1·60
Cuddapah	All taluks	5·35	Nellore	8·70	Kanigiri	2·00
Bellary		2·70	Pullampett	9·95	Jammulmadugu	0·30
Chengleput	8 out of 15					
N. Arcot	All taluks	0·74	Gooty	4·40	Kadiry	0·20
S. Arcot	16 out of 18 stations	9·15	Sholapett	20·6	Conjeveram	4·15
Salem	7 out of 8 taluks	2·08	Madurpauk	7·85	Pollore	0·10
Coimbatore	All taluks	4·43	Cuddalore	7·70	Chillacoorchy	1·72
Trichinopoly	All taluks	1·77	Tripatoor	3·00	Dharapuri	0·05
Madura	All taluks	0·41	Pandie	2·50	Coimbatore	0·15
	5 taluks, from which reports received	2·31	Udayarpalium	3·01	Trichinopoly	1·78

		0·29	Gravelly poor	0·40	Sankaranayanarkovil	0·27

The rain in Bellary was light and partial, and none fell in the west. The north-western taluqs of Cuddapah also received very little rain. In *South Arcot* good rain fell especially in the south of the district. Tanjore also received an average fall of two inches.

4. The district grants sanctioned up to the 19th May amounted to Rupees 54,35,283, and the outlay to Rupees 1,26,27,660 on relief works, and Rupees 9,25,745 on gratuitous relief.

The following is an abstract of the statement appended, showing number and description of works in progress and completed:—

	In progress.		Completed.

Repairs	904	...	197	...
Miscellaneous	3,694	...	2,116	...
Total	5,415	...	2,633	...

5. The Board enclose a statement showing particulars for all districts, but *Nellore*, *North Arcot* and *Coimbatore*, of works under the supervision of the P. W. D. The total number of coolies employed upon these works is 32,[illegible].

6. The following statement compares the numbers on relief works in each district with those for 12th May:—

	12th May.	26th May.	
Kistna ...	2,149	2,765	+ 616
Nellore ...	28,016	24,445	— 3,571
Cuddapah ...	81,921	77,876	— 4,045
Bellary ...	251,655	288,179	+ 36,524
Kurnool ...	204,858	203,742	— 1,116
Chingleput ...	5,276	3,539	— 1,737
North Arcot ...	44,885	38,892	— 5,993
South Arcot ...	1,627	2,235	+ 608
Madura ...	13,476	12,681	— 795
Tinnevelly ...	612	463	— 149
Coimbatore ...	23,770	22,801	— 969
Salem ...	57,782	55,209	— 2,573
	716,027	732,827	+ 16,800
East Coast Canal ...	49,102	62,098	+ 12,996
	765,129	794,925	+ 29,796

7. The increase in the week is thus nearly 30,000, of which, however, 13,000, are on the East Coast Canal, resulting from the considerable emigration which, for some weeks past, has been going on from *Kurnool* and *Cuddapah*. In *Kistna* as usual, the only work in progress is the Commamur Canal extension. In *Vellore* the numbers in Vellore taluk have increased on the Venkatagiri road, and there is also increase in Kavur; but in Ulayagiri and the Zemindari division to the north and south, there is considerable decrease. The latter is perhaps due to the opening of the Raja of Venkatagiri's relief works. In *Cuddapah* the numbers in the sub-division have decreased by 5,839, and slightly in Cuddapah and Pullampett, but have increased in Jammalamadagu and Pulivendla. The decrease in the sub-division is not explained but is probably due to efforts to send coolies to Nellore, and this cause is reported to have led to decrease in Pullampett. The increase in the other taluks appears to be ascribed to greater pressure of distress.

8. The Bellary numbers show enormous increase and the taluq details are compared as usual in the margin. The increase may be said to be general. The increase in Raidrug and Kudlighi is ascribed to the opening of fresh works; in nine other taluqs the cause is said to be more intense pressure of the famine. The increase in Adoni is very great, and the numbers threaten to rise to the former excessive pitch. The increase in the taluq is said to be amongst women and children, and in the inefficient or weakly gangs. The enhanced wages are paid only for six days, and to gangs working more than 10 miles from

	4th May.		
Adoni	58,688	64,636	+ 5,948
Alur	24,181	28,203	+ 4,022

Dharmaveram	5,079	9,131	+ 4,052
Pennakonda	8,692	9,982	+ 1,290
Hindupur	1,215	2,866	+ 1,651
Madaksira	20,636	24,335	+ 3,699
Raidrug	8,052	10,166	+ 2,114
Bellary	24,820	27,283	+ 2,953

Harpanhalli	9,225	10,425	+ 1,200
Hadagalli	15,309	19,037	+ 3,728
Total	251,655	288,179	+ 36,524

Adoni. The decrease in Tadpatri is said to be due to efforts to get coolies to go to the Hubli-Dharwar Railway. On this work there were only 1,470 persons against 3,152 on the 12th May. But the numbers are stated to have since largely increased. In Sundur the fall is ascribed to severity of the weather, and in Hindupur there is increase although all works except minor ones have been stopped. The Collector will be called upon to report on this point and on the increase in Adoni and Alur.

9. The small decrease in *Kurnool* results from increase of 6,627 in Pattakonda and of decrease of 7,746 in other taluqs. The fall in *Chingleput* is ascribed to no work having been done in some places on the last day of the week owing to the heavy rain. The numbers in the district are very small. The numbers in *North Arcot* generally tend to increase, but not considerably; the decrease in the district total is due to non-receipt of the report from the Vellore taluq, (which had 6,403 coolies on the 12th), and to decrease (from 6,064 to 4,[illegible]) the numbers on the railway works approaching completion. In *Madura*, the decrease in the Madura taluq, which, however, is slight, is ascribed to commencement of agricultural operations; but that in Pulni (1,012) is unexplained. In Tirumungalam there is increase. The decrease in *Coimbatore* apparently results from ordinary fluctuations; that in *Salem* results from fall in Namkal, Utangarai, and Dharampuri, which is not explained in the report.

10. *Rates of wages.*—The Board noted last week increase of wages in certain taluqs of Bellary and Cuddapah. The rates are maintained, and in one other taluq of Bellary, viz., Hospett, where grain and money-wages were in force, 1½ lbs. (¾ seer) have now been substituted for 1 lb. of grain. There is nothing of

importance to note as regards wages in other districts.

11. *Gratuitous Relief.*—The Board now submit to Government a taluq[illegible]ar, as well as district abstract, showing full d[illegible]ails under this head. The totals for districts a[illegible] compared as usual below, with those for the p[illegible]vious week :—

	12th May.	19th May.	
Kistna ..			
Nellore ..	382	[illegible]59	— 23
Cuddapah ..	21,797	[illegible]8,2[illegible]	— 3,580
Bellary ..	28,725	27,43[illegible]	+ 1,292
Kurnool ..	120,917	132,394	— 11,477
Chingleput ..	61,049	61,759	— 710
North Arcot ..	13,477	11,54[illegible]	— 1,937
South Arcot ..	11,563	12,304	+ 741
Trichinopoly ..	2,844	3,443	+ 599
Madura ..	40	32	— 8
Tinnevelly ..	8,287	8,905	+ 619
Coimbatore ..	677	786	+ 109
Salem ..	44,146	56,026	+ 11,880
Total...	3,29,907	349,333	+ 19,426

The numbers in receipt of relief of the different kinds are shewn below :—

	12th May.	19th May.	
In camps and relief houses ..	103,750	103,289	— 461
Village Relief ..	89,444	94,454	+ 5,010
Children on three pies ..	136,713	151,590	+ 14,877
Total..	329,907	349,333	+ 19,426

12. The increase, it will be seen, occurs in village relief and under non-working children allowed 3 pies a day. The number of camps and relief houses is 225. Relief given in them increased in all districts except Kistna, Nellore, Chingleput and North Arcot; but the variation is considerable only in Bellary (+ 3,054), in Nellore (— 2,224), and Chingleput (— 2,093). Village relief has materially decreased in Nellore, Cuddapah and Kurnool, and increased in Salem from 35,162 to 47,807, which is an excessive number, and accounts for the great increase in the total of gratuitous relief in that district. Village relief was given (excluding Kurnool) in 4,384 villages against 5,067 on 12th May.

The increase in the *Bellary* total above shewn is almost entirely under young children, who now number 75,584 against 67,312 on the 12th May; and amounts to 21 per cent. of the total population on the works. In Kurnool the children have gone up from 40,752 to 47,926; and the latter number is 19 per cent. of the population on the works. The proportion ought not to exceed 16 or 17 per cent. The concession of the allowance for children is not largely availed of except in the Ceded Districts, Kurnool and North Arcot.

13. The deaths amongst persons in receipt of gratuitous relief reported for the week are as follows :—

	Number in the week.
In camps and relief houses....	727
Village relief.....	146
Children under 7 on works..	5
	878

The deaths reported since the orders on the subject were issued are 2,019.

14. The following statement shows operations under the Land Improvement Act :—

	In the week.	Up to the week.
	Rs.	Rs.
Nellore	..	17,202
Cuddapah	5,358	1,09,483

Advances amounting to Rs. 34,288 have been made to weavers in Salem and Madura; particulars for other districts are not reported.

16. The grants sanctioned by the Board to date amount to Rs. 1,54,49,493.

17. The following particulars are extracted from the report of the Commissioner of Police. Average daily strength, resident 17,670, non-resident 15,452; of those resident on 19th May, 8,696 were from Chingleput, 4,405 from North Arcot, 4,034 from Nellore and 162 from other districts—total 17,297. There were 500 remaining in hospital, and 118 deaths in hospital, and 22 in camps occurred during the week. The outlay was in the week Rs. 11,831 and up to the week Rs. 5,03,933.

18. The President of the Municipal Commission, Madras, had 1,670 paupers in camp at Sattankad on 19th May. His relief works seem to have been stopped, probably owing to the rain on the 17th and 18th, and on the 19th only 100 coolies were present. His outlay was Rupees 1,870 in the week, and Rupees 44,809 up to the 19th May.

No 2 Relief Report
No 3 Talugwar abstract of Relief
No 4 Do — of Institutions Relief
No 5 Distributive Statistics of Do.
No 6 Number and description of works
No 7 Memo of sums sanctioned
No 8 Works under supervision of P.W.D.

2. Prices generally continued to rise, but it is to be hoped that the heavy rainfall of the week will produce a decline which will appear in the Reports for the 26th. In the Kistna the District averages show nearly stationary

stationary rates. The detailed report has been received but this very incomplete. The chief rise of prices is at Gudalur and Nenkarowpetta. In Nellore prices are almost unchanged except in Tirumoorthi and Northmark of the district. Rice has risen in Podili Udayagiri and Kandukur, Cholam in Kanigiri and ragi in Addanki and Kanigiri. In Cuddapah the prices Rice risen in Budvel, but are elsewhere fluctuating tending generally to fall in the South East of the district. The Bellary quotations show strong tendency to rise of

prices

prices. Rice has risen nearly 15 per cent. in Harpanahalli, and is dearer in 6 other talukas, while in 4 talukas it shows a slight fall. Cholam has risen in 12 out of 15 talukas; ragi in 6 out of 11 in which it is quoted; and cumbu in 6 out of 9. The Kurnool district averages, except for cumbu show rising prices. In Chingleput rice and ragi have risen in Chingleput and rice in Trivellore. In North Arcot prices have risen in Polur, Arcot and Arnee and in Chendragiri Chittoor and Godavari districts the rates for ragi show most increase.

In

but is nearly stationary elsewhere except in Coodoomulpettah and Kharapuram where it has also risen. Cholum and Cumboo are scarcely changed. Rice Salem, cholum, ragi and Cumboo are nearly stationary but rice has risen in 6 taluks, especially in Erangarai and Cossoor.

3. Rainfall. There was a cyclone accompanied by heavy rain which affected chiefly the East Coast districts of Chingleput, Nellore and Kristna and the adjoining parts of North Arcot, South Arcot and Cuddapah, but all the distressed districts received more or less rain. At Madras itself 21.18 inches were registered

during August against a normal of 4.59 inches, the highest registration yet reached in the Presidency.

Rice has risen in the Salem taluk, but in Coimbatore and Cumbum it has fallen in four taluks, ragi in three and Cumbum in four. All rates except for rice have risen in Palni. Cummerbund prices have risen slightly. The rise in the average for rice in Coimbatore is due to heavy rise in Caligal, where rice now sells at 4.5.9 seers, the highest registration yet reached in the Presidency.

Ragi has also risen in this taluk but

registered. The rain will probably suffice to start agricultural operations in all the districts but reports as to its effect are not yet complete. The Collector of Kurnool telegraphs that two inches fell on the average throughout the district and that prospects are improving.

The following statement shows for other distressed districts the number of talukas which received rain the previous week, the district average and the maximum and minimum falls recorded.

The

the rain in Bellary was light and partial and none fell in the west. The north western talukhs of Cuddapah also received very little rain. In S. Arcot good rain fell especially in the north of the district. Tanjore also received an average fall of two inches.

4. The district grants sanctioned up to the 19th may amounted to Rupees 145, 35, 283, and the outlay to Rupees 126, 27, 660 on relief Works and Rupees 925, 746 on gratuitous relief the

7. The increase in the week is thus nearly 3,000 of which 2 Lakhs over 13,000 are on the East Coast Canal resulting from the considerable migration which for some weeks past has been going on from Kurnool and Cuddapah to the Kistna annicut. The only work in progress is the Pennaur Canal extension. In Nellore the numbers in Rapur taluk have increased on the Venkatagiri road and there is also increase in Kavelli but in Udayagiri and the Zemindari divisions North and South, there is considerable decrease. The latter is per Capt. Orr due to the opening of the Dasa of the Udayagiri relief works. In Cuddapah the numbers in the Sub division have decreased by 5839, and slightly in Cuddapah and Pullampett, but have increased in Jammalamadugu and Pulivendla. The decrease in the sub division is not explained but is probably due to efforts to send coolies to Nellore, and this cause is reported to have led to decrease in Pullampett. The increase in the other talukes appears to be ascribed to greater pressure of distress.

& to gangs working more than 10 miles from Adoni. The decrease in Tadpatri is stated to be due to efforts to get Coolies to go to the Public railway. On this work there were only 1470 persons against 3152 on the 12th May, but the numbers are stated to have since largely increased. In Sandoor,

The

the fall is ascribed to severity of the weather & in Vinchipur, there is increase although all works except minor ones have been stopped. The Collector will be called upon to report on this point & on the increase in Salem & Chingleput.

9. The small decrease in Turnover results from increase of 8627 in Puttukkotta & decrease of 7746 in other taluks. The fall in Chingleput is ascribed to no work having been done in some places in the last 2 days of the week owing to the heavy rain. The numbers in the Dt are very small. The numbers in the District generally tend to increase, but not considerably; the decrease in the district total is due to non-receipt of the report from the Vellore taluk (which had 6403 on the 12th) & to decrease (from 6064 to 4792) in the numbers on the railway works approaching completion. In Madura the decrease in the Madura taluk which however is slight is ascribed to commencement of agricultural operations; but that in Dindigul (1012) is unexplained. In Tirunelveli the increase is increase. The decrease in Coimbatore appears

results from ordinary fluctuations. That in Salem results from fall in Attur, Attangarai, Tirumanur & Sharampur which is not explained in the report.

10. Rates of wages. The Board noted last week increase of wages in certain taluqs of Bellary and Cuddapah. These rates are maintained, and in one other taluq of Bellary viz Hospet, where grain and money wages (now in force, 11/2 lbs - 13/4 lbs) have now been substituted for 1 lb of grain. There is nothing of importance to note as regards wages in other districts.

11. Gratuitous Relief. The Board now submit to Government a taluqwise as well as district abstract showing full details under this head. The totals for districts are compared with those for the previous month below with;

week:

	12 May.	19 May	
Kistna	382	259	−23

Salem	44146	56026	+11880
	329907	349333	+19426

The numbers in receipt of relief of the different kinds are shown below.

Test Camp & Relief	12 May.	19 May.	
Works	103750	103289	−461
Village Relief.	89444	94454	+5010
Children on 3 pie	136713	151590	+14877
	329907	349333	+19426

12. The increase it will be seen rests in Village relief and under now—working children allowed 3 pie a day. The number of camps and relief houses is 225. Relief given in them increased in all districts except Kistna

Kistna, Nellore, Chingleput and North Arcot, but the decrease is considerable only in Bellary (+3054) in Nellore (−2224) and Chingleput (−293). Village relief has materially decreased in Nellore, Cuddapah and Kurnool, and increased in Salem from 35162 to 47807 which is an excessive number and accounts for the great increase in the total of persons relief in that district. Village relief was given (excluding Kurnool) in 4884 villages against 5067 on 12th May. The increase in the Bellary total above shown is almost entirely under young children who now number 75584 against 67312 on the 12th May, and amounts to 21 per cent

of the total population in the Nuwara Eliya district have gone up from 40752 to 47926; and the latter number is 19 per cent of the population in the whole Province. The proportion ought not to exceed 16 or 17 per cent. The concession of the allowance for children is not largely availed of, except in the Cold-District of Kurunegala and in the Galle district.

13. The deaths and births from returns in receipt of gratuitous relief reported for the week are as follows:

	Deaths the week	Births the week
Hospital relief houses	127	
Village relief	116	
Children under 1 year of age	5	
	248	

The deaths reported since the orders on the subject were issued are 2019.

14. The following statement shows operations under the Land Improvement Ordinance, No. 4 of 1840:

	In the week	Up to the week
Nellie	2	17202
Coudawatte	5358	109483
Bellegy	2	10515

Kurunegala	2	32900
Equity Estate	5530	5735
Galle	2540	27675
Total	16747	299469

Advances amounting to Rs. 34288 have been made for improvements in Galle and Kandy, particulars for other districts are not received.

15. The Special relief establishments are specified as follows:

17 The following particulars are extracted from the report of the Commissioner of Police. Average daily strength, resident 17670, non resident 15452; of those resident on 19th May 8696 were from Chingleput 4405 from North Arcot 4034 from Nellore 4162 from other districts - total 17297. There were 500 remaining in hospital and 188 deaths in hospital and 22 in camps occurred during the week. The outlay was in the week Rupees 11831 and up to the week Rs 503933.

18 The President of the Municipal Commission Madras had 1670 paupers in Camp at Sattankad on 19th May. His relief works seem to have been stopped probably owing to the rain on the 17th and 18th and on

follows:-

1) The increase (581) is stated to be due to the destitute poor being fed twice a day under the orders of the late Collector.

2) The increase (748) is attributable by the Tahsildar to the non-receipt of accounts from Relief Camps.

3) No explanation is given regarding the (1852) in the Camps at Palavanam and Pomamallee.
