GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

31st May 1877, No. 1,869-I.

Read the following paper:—

No. 649. Proceedings of the Board of Revenue, dated 2nd May 1877.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Gudiathum, 22nd April 1877, No. 272.

THE Board are aware that they have sanctioned, in their Proceedings, dated 26th February last, the further construction and completion of the road (Item No. 119) from the Sholinghur Railway Station and Mahendravady to Poloor, originally sanctioned in their Proceedings, dated 30th November 1876, No. 3,024. I now enclose an estimate, amounting to Rs. 2,087, carefully prepared by Supervisor Mr. Stokoe for an additional allotment to complete the road, and request an early sanction of the Board for the same.

2. The road has been stopped for want of funds, and the distressed poor in that part of the Wallajah Taluk are in want of work. As the resumption of the road-work in question will afford employment to the needy poor, and as it is absolutely necessary to complete the line and render it available for traffic, I trust that the Board will be pleased to enable me to recommence the work at an early date by according their early sanction.

THE estimate is sanctioned.

2. The attention of the Collector is again called to the desirability of undertaking repairs of irrigation works in preference to new roads.

Collectors of Dr. Board
Dis: must find
themselves in a difficult
position of carrying
out repairs of irrigation
works - for, as pointed
out by the Chief Eng:
for Irrigation in a
Memorandum in Circulation
(in reference to a
question asked of him
from the Gov: regarding
the height of abutment
above maximum water
level.) it is necessary
except in cases of great
Emergency that estimates
for such works should
be sanctioned by the D.M.
or else there is no
knowing whether work

has been done which
was necessary &
consequently there
will be no difficulty in
adjusting the conditions
afterwards.

Dr. Lupton has probably
not had a chance to see
your estimates &

has not time to pass
them over. So that

Chas. are compelled
to select roadwork

to some extent.

Col. Moberly has
stated more fully
to the Chas. that he
has not a
single estimate for
irrigation repairs.

for any part of the
Dr. L. said he had
not been able to get them
ready because the tanks
had been covered with
gravelly soil.

Mr. Butler has
been carrying out some
irrigation repairs on his
own estimates.

Mr. Moberly has not doubt
will find it difficult to
get estimates for irrigation
repairs in Wandsworth though
there are plenty of places to
be made in need of
repairs.

I suppose the estimates
are submitted to the committee.
