GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

5th June 1877, No. 1,898-A.

Famine Relief.

Read the following papers :—

No. 58-A. Proceedings of the Board of Revenue, dated 26th May 1877.

Read the following letter from C. T. LONGLEY, Esq., Collector of Salem, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 5th May 1877, No. 269-1,492.

I HAVE the honor, in continuation of my letter, No. 254-1,374, dated 7th instant, to submit herewith a second supplemental estimate for Rs. 3,400 for dismantling the fort-walls at Darampuri, and to request that it may be sanctioned at an early date. The total expenditure on the work, according to the three estimates, amounts to Rs. 11,500, and I think the sanction of Government may be necessary. In explanation of the necessity for the supplemental estimate now submitted, a copy of Major Bayne's letter, dated 13th instant, No. 162-128, is enclosed.

ENCLOSURE No. 1.

From Major C. D. BAYNES, on Special Duty, State Relief-works, to C. T. LONGLEY, Esq., Collector of Salem, dated Darampuri, 13th May 1877, No. 162-128.

I HAVE the honor to submit a final estimate for levelling fort-walls, Darampuri, and in so doing I beg to express my regret that the imperfection of the two estimates already submitted has created the necessity for this further trouble to yourself and the Board, which I trust may be excused on the following grounds :—

(1st.) That the preparation with accuracy of a single estimate for so extensive and irregular a work required more leisure than the exigency of the demand for labor permitted when it was first undertaken, and the services of a more experienced estimator than I could procure, consequently the work has been estimated for as it progressed.

(2nd.) That through an oversight on my part provision was not made in previous estimates for the payment of petty establishment for supervision, which has been a large item in the expenditure, amounting to nearly 400 Rupees.

(3rd.) That allowance was not made for the different "leads" or distances which the earth would have to be carried to place of deposit, and consequently the outturn did not correspond with the estimated cost.

2. I have personally prepared the estimate now submitted, having regard to the elimination of these previous defects, and am satisfied as to its accuracy.

3. The completion of this work is urgently required to meet the increased demand for labor, but to this paramount reason for sanction of the present application, I would urge that its abandonment in its present incomplete stage for want of funds would be the cause of much regret to myself.

THE original estimate, sanctioned in Board's Proceedings, 21st March 1877, No. 1,277, was Rs. 6,000, and in Board's Proceedings, 18th May 1877, No. 2,300, a supplemental estimate of Rs. 2,100 was sanctioned. The present second supplemental estimate for Rs. 3,400 should at least have been anticipated when the last was sent up. It raises the total amount beyond the limit of the Board's competence to sanction, and will be submitted for the orders of Government.

Revenue Department, 5th June 1877, No. 1,898-A.

2. The explanation given by Major Baynes is not altogether satisfactory, but allowance must be made for non-professional estimating, and as the work is a useful one, eminently suited for relief-labor, and in progress, the Board hope that sanction will be accorded.
