GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

9th June 1877, No. 1,931.

Read the following paper:—

No. 141. Proceedings of the Board of Revenue, dated 5th June 1877.

Read the following letter from R. DAVIDSON, Esq., Acting Collector of Karnool, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 24th May 1877, No. 484:—

With reference to Board's Proceedings, dated 26th December 1876, Miscellaneous No. 11,434, I have the honor to report that there was no balance in the treasury in favor of the Village Service Fund on 31st March 1877. The fund was in debt to the amount of Rs. 51,187 according to the *plus* and *minus* memorandum for that month.

2. The demand for the current fasli has not yet been fixed, but it is scarcely to be expected that the whole of the demand can be collected. Though no remission of the village service cess will be granted, yet I think at least one-eighth of the Budget Estimate will be irrecoverable on account of the badness of the season.

The Budget Estimate of the Village Service Fund as originally fixed was Rs. 4,00,860. It appears, however, that, when this estimate was framed, the contemplated reduction of the village cess from one anna in the rupee to ten pies was not taken into account. If we now make the necessary deductions on this account, the estimated demand will stand at Rupees 3,77,530 as shown in the margin. Making a further reduction of one-eighth of this amount for reasons stated in the last preceding paragraph, the probable amount of collections on account of the Village Service Fund for the last year may be put down at Rs. 3,30,340.

	Original Estimate.	Present Estimate.
	Rs.	Rs.
Village Cess	1,40,000	1,16,670
Quit-rent on Enfranchised Inams...	2,35,000	2,35,000
Interest on promissory Notes...	25,860	25,860
Total ...	4,00,860	3,77,530

4. Of this sum, Rs. 1,83,770 were collected before 31st March, leaving a balance on that date of Rs. 1,46,570. But it will take some time to collect these arrears, and the charges on account of establishment have to be paid in the mean while and the debit balance of Rs. 51,187 cleared.

5. I would, therefore, propose that promissory notes to the value of Rs. 2,00,000 may be sold.

6. The Board will observe that, my estimate of the probable collections on account of last year are in excess of Mr. Foster's estimate contained in paragraph 2 of his letter embodied in Board's Proceedings, dated 15th December 1876, No. 3,193. The difference is due to Mr. Foster having made large deductions on account of expected remissions of the village cess and quit-rent on inams which the Board have since disallowed.

SUBMITTED to Government with reference to G.O., dated 23rd December 1876, No. 2,152.

Revenue Department, 9th June 1877, No. 1,931.

2. The monthly charges at present are from Rs. 30,000 to Rs. 35,000, and there was a deficit balance of Rs. 51,187 on 31st March. The Collector's proposal to sell securities to the value of two lakhs would, therefore, provide for the extinction of the deficit and would enable payments to be carried on for about five months of the current official year. The Board fear that the ordinary collections will not suffice to meet the demand at a much earlier period than September, and therefore request that the sale of securities to the value of two lakhs be sanctioned. Early orders are requested.
