Memo:

Circulate at Sir William Robinson's desire a Note by him on the question how orphans should be disposed of - as bearing on the question I shall report upon G.O. of the 8th Jan. last No. 56.

Order may be made

Note.

There is, I believe, a movement Springing up amongst Charitable Societies to take up some of the famine orphans for the purpose of rearing and Educating them.

The idea is to find the major part of the funds, but they seem to expect that Government will furnish an Annual Contribution

Be this as it may, I think that for their Lakes as well as for public purposes it might be well to ascertain our Exact position at this time in respect to famine Orphans in our Camps

and

and Villages. The subsequent orders
must be upon this month

They to suggest that a G.O
be issued to all Collectors to
report the number of orphan
children of either Sex now on our
hands and their age, and the
number likely to become a
permanent charge on the State

Some will be reclaimed,
others adopted Elsewhere &c. but
the number remaining is likely
to be Considerable. I saw 40 in
the Darampur Camp.
