GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

14th June 1877, No. 987.

Read the following paper :—

No. 283. Proceedings of the Board of Revenue, dated 9th April 1877, No. 1,568.

Read the following Proceedings of the Madras Government, dated 1st February 1877, No. 483, Revenue Department.

ABSTRACT.—*Divisional Charges of certain Districts.*—Passing orders on the proposal requesting to have maps lithographed, showing the changes of districts as they will hereafter stand, with other particulars.

COMMUNICATED to all Collectors for their information.

2. Adverting to paragraph 2, clause 2, of the Government Order, the Collector of Tinnevelly is requested to submit a list of villages to be transferred from Nankarai to the Ottapidaram Taluq, showing the area, population, and revenue of each. A rough sketch showing the divisional charges as they will stand hereafter should also be furnished at the same time. On receipt of this information, the necessary draft Notification of transfer will be submitted for publication. It is assumed that the re-arrangement of the other divisions throughout the Presidency will be notified in the Judicial Department.

3. Meanwhile, a statistic of the taluqs (excepting the above mentioned) which comprise each revenue division in each district as finally approved will be submitted to Government. A copy of the same will be forwarded to the Superintendent of Revenue Survey, with the request that he will furnish the maps, as required in paragraph 4 of the Government Order, lithographed on scale and embodying the particulars specified, and furnish this Office with copies. The information called for from Tinnevelly will be forwarded to him on receipt.

4. The Government have directed that the Collector of South Canara should retain in his own hands the Mangalore Taluq. The Board suggested its transfer to the Head Assistant Collector, with the view of affording to the Collector the relief which he applied, and to which the Board consider him entitled. The Head Assistant's present division, consisting of the Kundapur and Udipi Taluqs, is undoubtedly too small; the population and revenue of these two taluqs are much the same as the population and revenue of the Mangalore and Uppanangadi Taluqs for the Collector; but the area of the latter is considerably greater, and when Collector is left without a fully-qualified Assistant to take charge of the Kasergode Taluq, he will have two-thirds of the district on his hands. The Board consider that the addition of the Mangalore Taluq to the Head Assistant's division is the best way of solving the difficulty, especially as that officer is allowed like Mangalore his head-quarters during the monsoon. The only alternative give the Head Assistant charge of the Uppanangadi Taluq; the great objection to this arrangement is that the Mangalore Taluq intervenes and that the headers of the divisional officer at Kundapur will be very distant; the Board see her way, however, of reducing the Collector's charge. The Uppanangadi Kasergode Taluqs would form a compact charge, but a division of this size be too much for the Assistant Collector and a Deputy Collector is not ble.

(A true Extract.)

(Signed) C. A. GALTON,
Sub-Secretary.

ENCLOSURE No. 1.

STATEMENT showing the Taluqs under the charge of the Collectors, &c., as finally approved and sanctioned in G.O., dated 1st February 1877, No. 483.

No. 1,568.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 9th April 1877.

Read the following Proceedings of the Madras Government, dated 1st February 1877, No. 423, Revenue Department :—

ABSTRACT.—*Divisional Charges of certain Districts.*—Passing orders on the [illegible], and requesting to have maps lithographed showing the changes of districts as they will hereafter stand, with other particulars.

COMMUNICATED to all Collectors for their information.

2. Adverting to paragraph 2, clause 2 of the Government Order, the Collector of Tinnevelly is requested to submit a list of villages to be transferred from Tenkarai to the Ottapidarum Taluq, showing the area population and revenue of each. A rough sketch showing the divisional charges as they will stand hereafter should also be furnished at the same time. On receipt of this information the necessary draft notification of transfer will be submitted for publication. It is presumed that the re-arrangement of the other divisions throughout the Presidency will be notified in the Judicial Department.

3. Meanwhile, a statement showing the statistics of the taluqs (excepting the two above mentioned) which comprise each Revenue Division in each district as finally approved will be submitted to Government. A copy of the same will be forwarded to the Superintendent of Revenue Survey, with the request that he will have maps, as required in paragraph 4 of the Government Order, lithographed on the scale and embodying the particulars specified, and furnish this office with 150 copies. The information called for from Tinnevelly will be forwarded to him on its receipt.

4. The Government have directed that the Collector of South Canara should keep in his own hands the Mangalore Taluq. The Board suggested its transfer to the Head Assistant Collector, with the view of affording to the Collector the relief for which he applied and to which the Board consider him entitled ; the Head Assistant's present division consisting of the Kundapur and Udipi Taluqs is undoubtedly too small ; the population and revenue of these two taluqs are much the same as the population and revenue of the Mangalore and Uppanangadi Taluqs under the Collector, but the area of the latter is considerably greater, and when the Collector is left without a fully-qualified Assistant to take charge of the Karkal Taluq, he will have two-thirds of the district on his hands. The Board still consider that the addition of the Mangalore Taluq to the Head Assistant's Division is the best way of solving the difficulty, especially as that officer is allowed to make Mangalore his head-quarters during the monsoon. The only alternative is to give the Head Assistant charge of the Uppanangadi Taluq ; the great objection to this arrangement is that the Mangalore Taluq intervenes and that the head-quarters of the Divisional Officer at Kundapur will be very distant ; the

Board see no other way, however, of reducing the Collector's charge. The Uppanangadi and [illegible] Taluqs would form a compact charge, but a division of this size would be too much for the Assistant Collector, and a Deputy Collector is not available.

Qrs. at Mangalore.
The inconvenience to this last taluk wd. be very great.
The Collr's charge is already a very considerable portion of the Dt.
From my knowledge of the Dt. I see no reason why the Collr. shd. not keep Mangalore & Uppinangadi taluks in his own hands.
I remember that once for some time I had the charge as an Assist.
