GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

15th June 1877, No. 2,001.

Famine Relief.

Read the following paper:—

No. 310. From J. GROSE, Esq., Collector of Nellore, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, Fort St. George, dated 12th June 1877, No. 2,861.

In my letter of the 20th ultimo, Extra No. 1, I submitted proposals to the Board for carrying out a project which had been pressed upon the officers of the district by His Grace the Governor during his visit to Nellore, and had commended itself to them and to Mr. Puckle, who was here on inspection duty.

2. On the 5th instant, I received a telegram from you to the effect that my proposals were approved. G.O., 4th June 1877, No. 1,890-B, which has been received to-day, is to the same effect.

3. On the 6th, after consulting with the District Engineer and the Additional Sub-Collector, I issued orders for effecting the transfer as rapidly as possible.

4. I have just received a letter from the District Engineer (12th June 1877, No. 846), in which he states that he has received instructions from Government in the Public Works Department, which compel him to withdraw his consent to carry out what we thought were the orders of Government in the Revenue Department.

5. The difficulty seems to be this: There is a circular in the Public Works Department (to which I alluded in my first letter) which requires them to employ only laborers who can do the usual amount of work and to act (as regards works) as if there were no scarcity or distress in the district. Here we have obeyed our orders to send able-bodied laborers to the canal. Accordingly, the Public Works Department cannot employ the laborers now on relief-works, unless, as I pointed out, the circular is modified.

6. I request further instructions.

No. 311. ORDER THEREON, 15th June 1877, No. 2,001.

Miscellaneous.

INSTRUCTIONS have been issued to the Public Works Department directing a modification of Irrigation Circular No. 9-C of April 10th, and of the Public Works Department Order alluded to in paragraph 4 of the Collector's letter, which will obviate the difficulties alluded to.
