No. 319. From A. McC. WEBSTER, Esq., Acting Commissioner of the Nilgiris,
to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to
Government, Fort St. George, dated Ootacamund, 16th April 1877, No. 43.

With reference to G.O., No. 1,072, of 14th ultimo, I have the honor to state
that Mr. Jamieson informs me that both the *Hevea elastica* and *Copaiba balsam*
can be successfully cultivated in the Burliar and Kulhutti Gardens. I beg to
request that fifty of each of these plants may be forwarded to the Hills for trial.

No. 320. ORDER THEREON, 16th June 1877, No. 2,005.

Forest No. 8.

It is observed that the offer made by the
Government of India was of plants of the
Ceara Caoutchouc and the *Copaiba balsam*,
not of the *Hevea elastica* as erroneously noted in the Commissioner's letter above
recorded. A revised application in reference to plants of the two former kinds
should therefore be submitted at an early date.
