THE relief reports for the week ending 26th May are submitted to Government with maps and statements as per margin.

2. *Prices.* — The steady rise of prices which had been going on for some weeks appears to have been checked by the rains of the week ending 19th May, and the district averages for the 26th show a generally stationary condition of prices. In the *Kistna* District rice has fallen and dry grains risen, but very slightly. The *Nellore* prices, especially in the northern taluqs, tend to fall. There is scarcely any change in *Cuddapah*. A tendency to fall in Madanapally and Kadiri is apparent, but at Peclair all grains except cholum and at Chitwail all except ragi have somewhat risen in price. In *Bellary* prices are stationary at head-quarters, but in the western taluqs of Kudlighi and Hadgalli all prices have risen especially those of rice. At Adoni also rice, ragi, and cumboo have risen, but at Tadpatri all grains are cheaper. In the southern taluqs prices are either stationary or falling; and except for rice which is dearer the district averages show slightly easier prices. In *Kurnool* and in *Chingleput* and *South Arcot*, prices are almost stationary. In *North Arcot* they tend to fall, rice being cheaper at four, cholum at three, and ragi at six stations. Cumboo, however, shows a small rise. In *Trichinopoly* ragi has risen at Udayarpaliem and in *Madura*, though rice has risen in the Sub-division, dry grains are cheaper. In *Tinnevelly* there is no change of importance. In Collegal, in the *Coimbatore* District, there has been a fall of about 10 per cent. on the very high rate for rice noted last week. The price of ragi is stationary in the taluq. In Pollachy all rates have risen, as have those for cholum and ragi at Coimbatore. There is no other marked change. In *Salem*, the only changes calling for notice are a sudden rise in the price of rice at Tripatore from 8 to 6·4 seers, and a fall in cholum at Ahtur from 10·01 to 13·56 seers per rupee.

3. *Rainfall.*—There was rain in all the distressed districts during the week. A heavy fall occurred in the western taluqs of the Guntoor division of the *Kistna*, 5·65 inches having been received at Narsarowpett. Three inches fell at Masulipatam. In *Nellore* rain varying from 0·45 to 1·5 inches fell in the central taluqs. Rain fell in all taluqs of Cuddapah except Pulivendla and Kadiri. In *Bellary*, 1·5 inches were received at Penkonda, but only trifling showers in two other taluqs; and in *Kurnool*, there were showers at Nundial. *Chinglept* had rain in three taluqs, and in *North Arcot* rain was general, but it would seem that some of the previous week's fall has been included in the present return. In *South Arcot* rain fell in all taluqs except Tindivanum. In *Trichinopoly* and *Madura* the fall was general but light; Palni however received 1·5 inches. In *Tinnevelly* 1 inch fell in Sattur. At Collegal in *Coimbatore* 4·5 inches were registered and lighter rain in the northern and eastern taluqs. All taluqs of *Salem* except Kistnagiri received rain. Except in *Bellary* and *Kurnool* the rainfall of the week was on the whole favorable.

4. The grants made to the 26th May for district relief amounted to Rupees 158,35,283 and the outlay against them was as follows:—

	In the Week.	Up to the Week.
	Rs.	Rs.
Relief works	4,53,789	130,97,349
Gratuitous relief	1,17,070	10,44,700
Total ...	5,70,859	141,42,049

5. *Numbers on Relief Works.*—The district totals are compared below with the returns for the previous week.

—	19th May.	26th May.	—
Kistna	3,765	706	— 2,059
Nellore	24,445	26,731	+ 2,286
Cuddapah	77,876	80,643	+ 2,767
Bellary	288,179	261,482	—26,697
Kurnool	203,742	207,836	+ 4,094
Chingleput	6,146	12,123	+ 5,977

East Coast Canal ...	61,098	42,481	— 19,617
Total ...	796,532	778,002	— 19,530

6. The numbers on district works have fluctuated considerably, but the total reported is nearly the same as on the 19th May. The decrease in *Bellary* is however, as will be seen below, to a great extent unreal. There is a great and unexplained decrease, nearly 20,000, in the numbers on the East Coast Canal. The decrease in *Kistna* is probably due to the recommencement of agricultural operations. In *Nellore* the increase occurs almost entirely in the Zemindari divisions. In *Cuddapah* numbers have increased in Jamalamadugu by 2,83[illegible], owing to increased pressure; in Budwail, by 4,140 since emigration to Nellore has been discontinued; and in the Sub-division taluqs of Rayachoti and Madanapalli, reason not stated. In all the other taluqs, numbers have fallen owing to employment being obtainable in agriculture.

Hadgalli	19,037	8,657	—10,380
Total ...	288,179	261,482	—26,697

7. The *Bellary* numbers, which decreased by 26,697, are compared by taluqs in the margin.

The decrease is to a great extent nominal, the returns for Dharmaveram and Hadagalli being imperfect. Of the increases, that in Hospett is ascribed to influx of coolies from other taluqs as to which report should be furnished; and those in Alur and Anantapur to increased pressure. The Kudlighi report explains an increase by influx from other taluqs but the numbers show decrease. The Collector will explain. In the Bellary Taluq the decrease is due to the completion of the Gooty roadwork and to drafts of men to the Railway, which however employ only 3,615 persons; that in Hindupur ascribed to a fall of rain on the date of the return; in Madaksira to Mysore coolies who had again apparently gained admittance being sent away; in Penkonda [illegible]

mand for agricultural labor and partly to incorrectness of return; and in Adoni afts to the Railway.

8. The increase in *Chingleput* is chiefly due to the Chingleput-Conjeveram ay, which employed 5,548 persons on the 26th against 2,607 on the 19th May. umbers on ordinary relief works have also generally increased. The increase in *Arcot* is mainly due to the fact that there was no return from the Vellore Taluq 8) in last week, but the numbers in Palmanair, Arcot, and Wallajah have also up. Those in the Eastern Zemindaries have decreased by 2,063; 1,447 persons still at work on the Madras Railway line. In *Madura* there is a decrease in all s except Palni, where fresh works have been opened. Works have been ordered stopped in *Tinnevelly*, but one minor work, incomplete, is still in progress. In *atore* numbers have gone up in Erode, Bhowany, Pollachy (where distress has tly appeared) and Dharapuram. In other taluqs there has been decrease. The increase occurs chiefly in Dharampuri and Kistnagiri.

9. *Wages.*—The increase of wages ordered in G.O., 22nd May, No. 1,788, had ot taken effect, and the rates underwent no change in the week except in some s of Cuddapah.

10. A statement is annexed showing particulars for works under the Public s Department. The number of coolies is 158,138, against 169,619 on 19th The falling off is due to the decrease of 19,617 coolies on the East Coast Canal. culars are still wanting for two districts, and the Board believe that the return states the numbers employed under skilled supervision. The present reported s 20·3 per cent. of the whole number on works.

11. *Gratuitous Relief.*—The total numbers gratuitously fed in each district and umbers in camps and relief houses, on village relief, and of 3-Pie children are ared below with the return for the 19th May:—

—	19th May.	26th May.	—
Kistna	259	179	— 80

Total ...	349,333	368,991	+ 19,658

12. The numbers in camps and relief-houses and on village relief have increased, numbers of 3-Pie children are stationary. The increase in camp relief has been rable in Chingleput, Coimbatore, Salem and Nellore. Excluding Kurnool (for tails are not yet available) there were 247 camps and relief-houses against 225 re 19th May. The increase in these relief centres occurs in Bellary, Coimbatore, th and Salem. A camp has been opened at Trichinopoly for wandering paupers. *A* The numbers on village relief have increased in less proportion than that in b owing to the system of sending persons from the villages to the camps when Tin be moved. The number of inspecting circles (excluding Kurnool) is 620 h 587 on 19th May. The organization of inspection is extending in Nellore, dah, Bellary, North Arcot, and Coimbatore, and is now nearly completed. ta Ku

Relief was given in 4,970 villages or nearly one-fifth of the whole. In Bellary, Cuddapah, and Salem the proportion is one-half, but the relief appears especially inadequate in Nellore, Chingleput, and North Arcot, while in South Arcot it is probably excessive. The numbers have increased considerably in Cuddapah, Bellary, and South Arcot, and decreased in Nellore and Kurnool. In other districts there is no great change. It is satisfactory that the apparently too rapid increase of this relief in Salem has been checked.

14. The 3-Pie children have increased in Kurnool and North Arcot but decreased in Nellore and Cuddapah and slightly in Bellary. In the Southern Districts the allowance has not been yet extensively given.

15. The following table shows the mean strength (an average between the numbers on 19th and 26th May) in camps and relief-houses and on village relief, the number of deaths reported, and the equivalent ratios per mille per annum :—

The rates are, of course, calculated on too short a period and in some cases on too small numbers to give reliable results; but they show terrible mortality in the Cuddapah and Salem camps. Of the 259 deaths in Cuddapah camps, 187 occurred in the Sub-division.

16. The following statement shows advances under the Land Improvement Act. The large sum shown in Nellore is the result of several weeks' payments now reported—

No. 8. Number and description of work.

The Relief Reports for the week ending 26th May are submitted to Government with maps and statements, as per margin.

2. *Prices.*—The steady rise of prices, which had been going on for some weeks, appears to have been checked by the rains of the week ending 19th May, and the district averages for the 26th show a generally stationary condition of prices. In the *Kistna* district rice has fallen and dry grains risen, but very slightly. The *Nellore* prices, especially in the northern taluqs, tend to fall. There is scarcely any change in *Cuddapah*; a tendency to fall in Madanapalli and Kadiri is apparent, but at Pulair all grains except cholum, and at Chitwail all except ragi, have somewhat risen in price. In *Bellary* prices are stationary at head quarters, but in the western taluqs of Kudligi and Hadgalli all prices have risen, especially those of rice. At Adoni [illegible] rice, ragi and cumbu have risen, [illegible] grains are cheaper. In the southern taluqs [illegible] are either stationary or falling, and, except for rice which is dearer, the district averages show slightly easier prices. In *Kurnool* and in *Chin*[illegible]

leput and *South Arcot* prices are almost stationary. In *North Arcot* they tend to fall, rice being cheaper at 4, cholum at 3, and ragi at 6, stations. Cumbu, however, shows a small rise. In *Trichinopoly* ragi has risen at Udayarpaliem, and in *Madura*, though rice has risen in the subdivision, dry grains are cheaper. In *Tinnevelly* there is no change of importance. In Collegal, in the Coimbatore district, there has been a fall of about 10 per cent. on the very high rate for rice noted last week. The price of ragi is stationary [illegible] taluq. In Pollachy all rates have risen, as have those for cholum and ragi at Coimbatore. There is no other marked change. In *Salem*, the only changes calling for notice are a sudden rise in the price of rice at Tripatoor, from 8 to 6·4 seers, and a fall in cholum at Ahtur from 10·01 to 13·56 seers per Rupee.

3. *Rainfall.*—There was rain in all the distressed districts during the week. A heavy fall occurred in the western taluqs of the Guntoor division of the *Kistna*, 5·65 inches having been received at Narasarowpett. 3 inches fell at Masulipatam. In *Nellore* rain varying from 0·45 to 1·5 inches fell in the Central taluqs. Rain fell in all taluqs of Cuddapah except Pulivendala and Kadiri. In *Bellary* 1·5 inches were received at Pennakonda, but only trifling showers in two other taluqs; and in *Kurnool* there were showers at Nandial. *Chingleput* had rain in 3 taluqs, and in *North Arcot* rain was general, but it would seem that some of the previous week's fall has been included in the present return. In *South Arcot* rain fell in all taluqs except the divanam. In *Trichinopoly* and *Madura* the fall was general but light. Pulni, however, received 1·5 inches. In *Tinnevelly* 1 inch fell in Satur. At Collegal, in *Coimbatore*, 1·5 inches were registered and light rain in the northern and western taluqs. The taluqs of *Salem*, except Kistnagiri, received rain. Except in *Bellary* and *Kurnool* the rain all of the week was on the whole favourable.

4. The grants made to the 26th May for district relief amounted to Rs. 158,35,283, and the outlay against them was as follows :—

6. The numbers on district works have fluctuated considerably, but the total reported is nearly the same as on the 19th May. The decrease in *Bellary* is however as will be seen below to a great extent unreal. There is a great and unexplained decrease, nearly 20,000, in the numbers on the East Coast Canal. The decrease in *Kistna* is probably due to the recommencement of agricultural operations. In Nellore the increase occurs almost entirely in the Zemindari divisions. In *Cuddapah* numbers have increased in Jammalamadugu by 2,830, owing to increased pressure in Budwail by 1,140, since Emigration Sellers have been discontinued, and in the subdivision taluqs of Rayachoti and Madanapalle, the reason not stated. In all the other taluqs, numbers have fallen owing to employment obtainable in agriculture.

7. The *Bellary* numbers, which decreased by 26,697, are compared by taluqs in the margin. The decreases is to a great extent nominal, the returns for Dharmaveram and Hadgalli being imperfect. Of the increases, that in Hospett is ascribed to influx of coolies from other taluqs as to which report should be furnished and those in Alur and Anantapur to increased distress. The Kudlighi report explains an increase by influx from other taluqs but the numbers show decrease. The Collector will explain. In the Bellary taluq, the decrease is due to the completion of the Gooty road-work and to drafts of men to the railway, which, however, employs only 3,615 persons; that in Hindupur is ascribed to a fall of rain on the date of the return; in Madaksira, to Mysore coolies who had again apparently gained admittance being sent away; in Penukonda partly to demand for agricultural labor and partly to incorrectness of return; and in Adoni to drafts to the railway.

Hadgalli	19,037	8,657	— 10,380
Total	288,179	261,482	—26,697

8. The increase in *Chingleput* is chiefly due to the Chingleput-Conjeeveram Railway, which employed 5,548 persons on the 26th against 2,607 on the 19th May. The numbers on ordinary relief works have also generally increased. The increase in *North Arcot* is mainly due to the fact that there was no return from the Vellore taluq (7,418) in last week, but the numbers in Polmanair, Arcot and Wallajah have also generally. Those in the eastern Zemindaries have increased by 1,147 persons. There is work on the Madras Railway line in Chingleput there is distress in all taluqs except

Palni, where fresh works have been opened. Works have been ordered to be stopped in *Tinnevelly*, but one minor work, incomplete, is still in progress. In *Coimbatore* numbers have gone up in Erode, Bhowany, Pollachy (where distress has recently appeared) and Dharapuram. In other taluqs there has been decrease. The *Salem* increase occurs chiefly in Dharampuri and Kistnagiri.

9. *Wages.*—The increase ordered in G. O. 22d May, No 1,788, had not yet taken effect, and the rates underwent no change in the week except in some taluqs of Cuddapah.

10. A statement is annexed, showing particulars for works under the P. W. D. The number of coolies is 158,138 against 169,617 on 19th May. The falling off is due to the decrease of 19,617 coolies on the East Coast Canal. Particulars are still wanting for two districts, and the Board believe that the return understates the numbers employed under skilled supervision. The present reported total is 20·3 per cent. of the whole number on works.

11. *Gratuitous Relief.*—The total numbers gratuitously fed in each district and the numbers in camps and relief houses, on village relief and of 3 pie children are compared below with the return for the 19th May.

12. The numbers in camps and Relief houses and on village relief have increased, but the numbers of 3 pie children are stationary. The increase in camp relief has been considerable in Chingleput, Coimbatore, Salem and Nellore excluding Kurnool, (for which details are not yet available) there were 247 camps and Relief houses against 225 on the 19th May. The increase in these relief centres occurs in Bellary, Coimbatore, Madura and Salem. A camp has been opened at Trichinopoly for wandering paupers.

13. The numbers on village relief have increased in less proportion than that in camps owing to the system of sending persons from the villages to the camps when they can be moved.

The number of inspecting circles (excluding Kurnool) is 620 against 587 on 19th May. The organization of inspection is extending in Nellore, Cuddapah, Bellary, North Arcot, and Coimbatore, and is now nearly completed. Relief was given in 4,970 villages, or nearly one-fifth of the whole. In Bellary, Cuddapah and Salem the proportion is one-half, but the relief appears especially inadequate in Nellore, Chingleput and North Arcot, while in South Arcot it is probably excessive. The numbers have increased considerably in Cuddapah, Bellary and South Arcot, and decreased in Nellore and Kurnool. In other districts there is no great change. It is satisfactory that the apparent too rapid increase of this relief in Salem has been checked.

14. The 3 pie children have increased in Kurnool and South Arcot, but decreased in Nellore and Cuddapah, and slightly in Bellary. In the former districts the allowance has been extensively given.

15. The following table shows the [illegible] (the average between the numbers on [illegible] and 20th May) in camps and relief houses and on village relief, the number of deaths re-

ported, and the equivalent proportions per mille per annum :—

The rates are, of course, calculated on too short a period and in some cases on too small numbers, to give reliable results; but they show terrible mortality in the Cuddapah and Salem camps. Of the 259 deaths in Cuddapah camps, 187 occurred in the sub-division.

The Relief Reports for the week ending 26th May are submitted to Government with maps and statements, as per margin.

2. *Prices.*—The steady rise of prices, which had been going on for some weeks, appears to have been checked by the rains of the week ending 19th May, and the district averages for the 26th show a generally stationary condition of prices. In the *Kistna* district rice has fallen and dry grains risen, but very slightly. The *Nellore* prices, especially in the northern taluqs, tend to fall. There is scarcely any change in *Cuddapah*; a tendency to fall in Madanapalli and Kadiri is apparent, but at Pulair all grains except cholum, and at Chitwail all except ragi, have somewhat risen in price. In *Bellary* prices are stationary at head-quarters, but in the western taluqs of Kudligi and Hadgalli all prices have risen, especially those of rice. At Adoni also rice, ragi and cumbu have risen, but at Tadpatri all grains are cheaper. In the southern taluqs prices are either stationary or falling; and, except for rice which is dearer, the district averages show slightly easier prices. In *Kurnool* and in *Ching-*

leput and *South Arcot* prices are almost stationary. In *North Arcot* they tend to fall, rice being cheaper at 4, cholum at 3, and ragi at 6, stations. Cumbu, however, shows a small rise. In *Trichinopoly* ragi has risen at Udayarpaliem, and in *Madura*, though rice has risen in the subdivision, dry grains are cheaper. In *Tinnevelly* there is no change of importance. In Collegal, in the Coimbatore district, there has been a fall of about 10 per cent. on the very high rate for rice noted last week. The price of ragi is stationary in the taluq. In Pollachy all rates have risen, as have those for cholum and ragi at Coimbatore. There is no other marked change. In *Salem*, the only changes calling for notice are a sudden rise in the price of rice at Tripatoor, from 8 to 6·4 seers, and a fall in cholum at Ahtur from 10·01 to 13·56 seers per Rupee.

3. *Rainfall.*—There was rain in all the distressed districts during the week. A heavy fall occurred in the western taluqs of the Guntoor division of the *Kistna*, 5·05 inches having been received at Narasarowpett. 3 inches fell at Masulipatam. In *Nellore* rain varying from 0·45 to 1·5 inches fell in the Central taluqs. Rain fell in all taluqs of Cuddapah except Pulivendala and Kadiri. In *Bellary* 1·5 inches were received at Pennakonda, but only trifling showers in two other taluqs; and in *Kurnool* there were showers at Nandial. *Chingleput* had rain in 3 taluqs, and in *North Arcot* rain was general, but it would seem that some of the previous week's fall has been included in the present return. In *South Arcot* rain fell in all taluqs except Tindivanam. In *Trichinopoly* and *Madura* the fall was general but light. Pulni, however, received 1·5 inches. In *Tinnevelly* 1 inch fell in Sattur. At Collegal, in *Coimbatore*, 4·5 inches were registered and lighter rain in the northern and eastern taluqs. All taluqs of *Salem*, except Kistnagiri, received rain. Except in *Bellary* and *Kurnool* the rainfall of the week was on the whole favourable.

4. The grants made to the 26th May for district relief amounted to Rs. 158,35,283, and the outlay against them was as follows :—

	In the week. Rs.	Up to the week. Rs.
Relief works.....	4,53,789	1,30,97,349
Gratuitous relief.....	1,17,070	10,44,700
	5,70,859	1,41,42,049

5. *Numbers on Relief works.*—The district totals are compared below with the returns for the previous week ;—

	19th May.	26th May.	
Kistna ...	2,765	706	— 2,059
Nellore ...	24,345	26,731	+ 2,286
Cuddapah ...	77,876	80,643	+ 2,767
Bellary ...	288,179	261,482	— 26,697
Kurnool ...	203,742	207,836	+ 4,094
Chingleput ...	6,146	12,123	+ 5,977
North Arcot ...	38,892	49,621	+ 10,729
South Arcot ...	2,235	1,830	— 405
Madura ...	12,681	12,314	— 367
Tinnevelly ...	463	410	— 53
Coimbatore ...	22,801	23,676	+ 875
Salem ...	55,209	56,146	+ 937
	735,434	735,521	+ 87
East Coast Canal ...	62,098	42,481	— 19,617
	797,532	778,002	— 19,530

6. The numbers on district works have fluctuated considerably, but the total reported is nearly the same as on the 19th May. The decrease in *Bellary* is however as will be seen below, to a great extent unreal. Their is a great and unexplained decrease, nearly 20,000, in the numbers on the East Coast Canal. The decrease in *Kistna* is probably due to the recommencement of agricultural operations. In Nellore the increase occurs almost entirely in the Zemindari divisions. In *Cuddapah* numbers have increased in Jammalamadugu by 2,830, owing to increased pressure; in Budwail by 4,140, since Emigration to Nellore has been discontinued; and in the sub-division taluqs of Rayachoti and Madanapally, reason not stated. In all the other taluqs, numbers have fallen owing to employment being obtainable in agriculture.

7. The *Bellary* numbers, which decreased by 26,697 are compared by taluqs in themargin

	19th May.	26th May.	
Adóni	64,636	63,460	— 1,176
Alur	28,203	31,383	+ 3,180
Gooty	11,755	12,530	+ 775
Tadputri	11,463	11,743	+ 280
Anantapur	14,352	15,927	+ 1,575
Dhurmaveram	9,131	1,186	— 7,945
Pennakonda	9,982	7,045	— 2,937
Hindupur	2,866	1,226	— 1,640
Madaksira	24,335	20,851	— 3,484
Raidrug	10,166	10,063	— 103
Bellary	27,283	21,785	— 5,498
Hospett	22,857	26,315	+ 3,458
Sundur	3,276	2,980	— 296
Kudlighi	18,412	15,839	— 2,573
Harpanhalli	10,425	10,492	+ 67
Hadgalli	19,037	8,657	—10,380
Total	288,179	261,482	—26,697

The decrease is to a great extent nominal, the returns for Dharmaveram and Hadgalli being imperfect. Of the increases, that in Hospett is ascribed to influx of coolies from other taluqs as to which report should be furnished; and those in Alur and Anantapur to increased pressure. The Kudlighi report explains an increase by influx from other taluqs but the numbers show decrease. The Collector will explain. In the Bellary taluq, the decrease is due to the completion of the Gooty road-work and to drafts of men to the railway, which, however, employs only 3,615 persons; that in Hindupur is ascribed to a fall of rain on the date of the return; in Madaksira, to Mysore coolies who had again apparently gained admittance being sent away; in Pennakonda partly to demand for agricultural labor and partly to incorrectness of return; and in Adoni to drafts to the railway.

8. The increase in *Chingleput* is chiefly due to the Chingleput-Conjeveram Railway, which employed 5,548 persons on the 26th against 2,607 on the 19th May. The numbers on ordinary relief works have also generally increased. The increase in *North Arcot* is mainly due to the fact that there was no return from the Vellore taluq (7,418) in last week, but the numbers in Palmanair, Arcot and Wallajah have also gone up. Those in the eastern Zemindaries have decreased by 2,063; 1,447 persons were still at work on the Madras Railway line, In *Madura* there is decrease in all taluqs except

Palni, where fresh works have been opened. Works have been ordered to be stopped in *Tinnevelly*, but one minor work, incomplete, is still in progress. In *Coimbatore* numbers have gone up in Erode, Bhowany, Pollachy (where distress has recently appeared) and Dharapuram. In other taluqs there has been decrease. The *Salem* increase occurs chiefly in Dharampuri and Kistnagiri.

9. *Wages.*—The increase of wages ordered in G. O. 22d May, No 1,788, had not yet taken effect, and the rates underwent no change in the week except in some taluqs of Cuddapah.

10. A statement is annexed, showing particulars for works under the P. W. D. The number of coolies is 158,138 against 169,619, on 19th May. The falling off is due to the decrease of 19,617 coolies on the East Coast Canal. Particulars are still wanting for two districts, and the Board believe that the return understates the numbers employed under skilled supervision. The present reported total is 20·3 per cent. of the whole number on works.

11. *Gratuitous Relief.*—The total numbers gratuitously fed in each district and the numbers in camps and relief houses, on village relief, and of 3 pie children are compared below with the return for the 19th May.

	19th May.	26th May.	
Kistna	259	179	— 80
Nellore	18,217	18,873	+ 656
Cuddapah	27,434	26,321	— 1,113
Bellary	132,394	136,110	+ 3,716
Kurnool	61,759	62,486	+ 727
Chingleput	11,540	16,751	+ 5,211
North Arcot	12,304	14,753	+ 2,449
South Arcot	3,443	4,108	+ 665
Trichinopoly	32	103	+ 71
Madura	8,905	9,106	+ 201
Tinnevelly	786	738	— 48
Coimbatore	16,234	21,220	+ 4,986
Salem	56,026	58,237	+ 2,211
Malabar	,,	6	+ 6
In camps	103,239	116,887	+ 13,598
Village Relief	94,454	100,588	+ 6,134
3 pie Children	151,590	151,516	— 74
Total	349,333	368,991	+ 19,658

12. The numbers in camps and Relief houses and on village relief, have increased, but the numbers of 3 pie children are stationary. The increase in camp relief has been considerable in Chingleput, Coimbatore, Salem and Nellore excluding Kurnool, (for which details are not yet available) there were 247 camps and Relief houses against 225 on the 19th May. The increase in these relief centres occurs in Bellary, Coimbatore, Madura and Salem. A camp has been opened at Trichinopoly for wandering paupers.

13. The numbers on village relief have increased in less proportion than that in camps owing to the system of sending persons from the villages to the camps when they can be moved.

The number of inspecting circles (excluding Kurnool) is 620 against 587 on 19th May. The organization of inspection is extending in Nellore, Cuddapah, Bellary, North Arcot, and Coimbatore, and is now nearly completed. Relief was given in 4,[illegible] villages, or nearly one-fifth of the whole. In Bellary, Cuddapah and Salem the proportion is one-half, but the relief appears especially inadequate in Nellore, Chingleput and North Arcot, while in South Arcot it is probably excessive. The numbers have increased considerably in Cuddapah, Bellary and South Arcot, and decreased in Nellore and Kurnool. In other districts there is no great change. It is satisfactory that the apparently too rapid increase of this relief in Salem has been checked.

14. The 3 pie children have increased in Kurnool and North Arcot, but decreased in Nellore and Cuddapah, and slightly in Bellary. In the southern districts the allowance has not been yet extensively given.

15. The following table shows the mean strength (an average between the numbers on 19th and 26th May) in camps and relief houses and on village relief, the number of deaths reported, and the equivalent rations per mille per annum :—

The rates are, of course, calculated on too short a period and in some cases on too small numbers, to give reliable results; but they show terrible mortality in the Cuddapah and Salem camps. [illegible] cases in [illegible] camps. 187 occurred in the sub-division.

The relief reports for the week end[illegible] are submitted to Government with [illegible] as per margin.

2. Prices. The steady rise of prices which had been going on for some weeks appears to have been checked by the rains of the week ending 19 May, and the district averages for the 26 show a generally stationary condition of prices. In the Kistna district rice has fallen and dry grains risen, but very slightly. The Nellore prices, especially in the northern taluqs tend to fall. There is scarcely any change in Cuddapah. A tendency to fall in Madanapalli and Kadiri is [illegible] but at Pulivendla all grains except cholum & at Chitvail all except ragi have somewhat risen in price. In Bellary prices are stationary at head quarters, but in the western taluks of Kudligi and Hadgalli all prices have risen

especially

especially those of rice. At Adoni also rice, ragi and cumbu have risen but at Tadpatri all grains are cheaper. In the Southern Taluqs prices are either stationary or falling; and except for rice which is dearer the district averages show slightly easier prices. In Tirunel and in Chingleput and Cuddapah prices are almost stationary. In North Arcot they tend to fall, rice being cheaper at 4, cholam at 3, and ragi at 6 stations. Cumbu however shows a small rise. In Trichinopoly ragi has risen at Udayarpalem, and in Madura though rice has risen in the Sub division there is no change of importance. In Ootacamund in the Coimbatore district, there has been a fall of about 10 percent on the very high rate for rice noted last week. The price of ragi is stationary in the Taluq. In Pollachy Udumalpet rice is dearer as have those for cholam and ragi at Coimbatore. There is no other marked change. In Salem, the only change calling for notice are a sudden rise in the price of rice at Tupatoor for 8 to 6.2 seers, and a fall in cholam at Attur from 10.01 to 13.56 seers per

rupee.

3. Rainfall. There was rain in all the distributed districts during the week. A heavy fall occurred in the western taluks of the Guntur division of the Kistna, 5.65 inches having been received at Tsradasumpeta 8 inches fell at Masulipatam. In Nellore rain varying from 0.45 to 1.5 inches fell in the central taluks. Rain fell in all taluks of Cuddapah except Pulivendula and Rajdrug. In Bellary 1.5 inches were received at Rakonda but only trifling showers in two other taluks, and in Kurnool there were showers at 4 stations. Chingleput had rain in 9 taluks, and in North Arcot rain was general, but it would seem that none of the previous weeks fall has been included in the present return. In South Arcot rain fell in all taluks except at Tindivanam. In Trichinopoly and Madura the fall was general but light. Rain however received 1.5 inches. In Tinnevelly rain fell in Satkan. at Coonoor in Coimbatore 4.5 inches were registered and lighter rain in the northern and eastern taluks. All taluks of Salem

except

except Ratnagiri received rain. Except in Bellary and Kurnool the rainfall of the week was on the whole favourable.

4. The grants made to the 2[illegible] May for district relief amounted to Rs 158,35,283 a[illegible] [illegible] them were as follows.

Margin —

The decrease is to a great extent nominal, the returns for Dharma-veram and Hadagalli being imperfect. Of the increases, that in Hospett is ascribed to employment of Coolies from other taluks as to which report should be furnished; and those in Alur and Anantapur to increased pressure. The Kudlighi report explains an increase by influx from other Taluqs but the numbers show decrease. The Collector will explain. In the Bellary taluk, the decrease is due to the completion of the Gooty road work and to drafts of men to the railway, which however

6. The numbers on district works have fluctuat[ed]
considerably but the total reported is nearly the
same as on the 19th May. The decrease in
Bellary is however as will be seen below, to
a great extent unreal. There is a great a[nd]
unexplained decrease, nearly 20,000, in the
numbers on the East Coast Canal. The decr[ease]
in Kistna is probably due to the recommen[ce]-
-ment of agricultural operations. In Nellore
the increase occurs almost entirely in the
Zemindari divisions. In Cuddapah numbers
have increased in Jammalamadugu by 2,830, ow[ing]
to increased pressure; in Budwail by 4140,
since Emigration to Nellore has been discon-
-tinued; and in the subdivision talugs of
Rayachoti and Madanapally reason not
stated. In all the other taluks, numbers have
fallen owing to employment being attainable in
agriculture.

7. The Bellary numbers, which dec[reased]
by 26,697 are compared by taluks in t[he]
ma[illegible]

line. In Madura there is decrease
in all talugs except Pulni where
fresh works have been opened.
Works have been ordered to be
stopped in Tinnevelly, but one
minor work, incomplete, is still
in progress. In Coimbatore
numbers have gone up in Erode,
Bhowany, Pollachy (where dis-
-tress has recently appeared)
and Dharapuram. In other talugs
there has been decrease. The
Salem increase occurs chiefly
in Dharmapuri and Kistnagiri.

8. Wages. The increase of wages
ordered in G.O. 22nd May No. 1788
had not yet taken effect, and
the rates underwent no change
in the week except in some
talugs of Cuddapah.

9. A statement is annexed
showing particulars [illegible] the
under the P.W.D. The [illegible]
of coolies is 1,50,[illegible]
on 19th May. The [illegible]
is due to the decrease of 19,617
coolies on the East Coast Canal.
Particulars are still wanting
for two districts, and the
Board believe that the return[s]

understate

however employs only 3615 persons
that in Tindivanam is ascribed
to a fall of rain on the date
of the return; in [illegible]
to Mysore coolies who had again
apparently gained admittance
being sent away; in Penukonda
partly to demand for agricul-
-tural labor and partly to non-
-receipt of return; and in
Adoni to drafts to the railway.
7. The increase in Chingleput
is chiefly due to the Chingleput
Conjeeveram railway, which em-
-ployed 6548 persons on the 26
against 2607 on the 19 May. The
numbers on ordinary relief
works have also generally in-
-creased. The increase in Nellore
[illegible] due to the fact that
there [illegible] from the
Nellore Colony ([illegible]418) in last week
but the numbers in Ongole
[illegible] and [illegible] have
also gone up. Those in the [illegible]
Zamindaries have decreased
by 5063; 1447 persons were [illegible]
at work on the Madras railway

undertakes the num-
bers employed under
skilled supervision. The
present report's total
is 20.3 per cent of the whole
number on works.

10. Gratuitous relief. The
total numbers gratuitous-
ly fed in each district

pared below with

11. The numbers in Camps & Relief Houses & on Village relief have increased, but the —

number of 3 pie chil
ones are stationary.
The increase in Camp
Relief has been consider
able in Chingleput Coim
batore Salem & Nellore
Excluding Kurnool (for
which details are not
yet available) there
were 247 Camps & Relief
houses against 225 on the
19th May. The increase
in these relief centres
occurs in Bellary Coim
batore Madura & Salem
A Camp in Chingleput

at Trichinopoly for wan-
-dering paupers.

12. The numbers on Village relief have increased in less proportion than that in Camps owing to the sys-
-tem of sending persons from the Villages to the camps when they can be moved.
The number of inspect-
-ing circles (excluding Kur-
-nool) is 620 against 587 on 19th May. The organization of ins-
-pection is extending in Nellore Cuddapa Bellary North Arcot and

and Coimbatore and is now nearly completed. Relief was given in 4970 villages or nearly one-fifth of the whole. In Bellary Cuddapah and Salem the proportion is one-half, but the relief appears especially inadequate in Nellore, Chingle-
-put and N. Arcot, while in S. Arcot it is probably excessive. The numbers have increased considerably in Cuddapah, Bellary and Salem [illegible] and decreased in Nellore and Kurnool.

In

2034 A/51 8

In other districts there is no great change. It is satisfactory that the apparently too rapid increase of the relief in Salem has been checked

13 The 3 per children have increased in Kurnool and North Arcot but decreased in Nellore and Cuddapah and slightly in Bellary. In the [illegible] districts the pa[illegible] allowance

allowance has not been yet extensively given

14 The following table shows the mean strength (an average between the numbers on 19th and 26th May) in camps and relief houses and on village relief, the [illegible] of de[illegible] the re- ported and the equivalent

equivalent rations per mille per annum

The rates are, of course, calculated on too short a period and in some cases on too small numbers to give reliable results, but they show terrible mortality in the Cuddapah and Salem camps. Of the 259 deaths in Cuddapah camps 187 occurred in the [illegible] division [illegible]

18. The report of the Commissioner of Police Madras gives the following details. Average daily strength resident 18,097 non-resident 151,175, of these residents on 26 May 7,324 were from Chingleput, 5,995 from North Arcot 4,340 from Nellore & 155 from other districts total 17,824; the fresh admissions numbered 1124; 546 remained in hospital, and the deaths were in hospital 134 & out of it 29, total 163 or 470 per mille per annum. The outlay during the week was Rs 40,827, and up to the week 54,47,60.

⊙ Price not stated

The figures in columns 2 of the Statement compiled from the weekly telegrams are the averages of the prices of all the dry grains those used in this Statement are the prices themselves. The difference between the Board's Statement and the telegrams are I believe merely arithmetical and are unimportant.
