Famine Relief.

Read the following paper :—

No. 380-A. Proceedings of the Board of Revenue, dated 9th June 1877.

Read the following letter from J. GROSE, Esq., Collector of Nellore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 30th May 1877, No. 2,673 :—

With reference to the Board's Proceedings, Miscellaneous No. 5,090, dated 7th April 1877, communicating G.O., No. 1,265, dated 28th March 1877, calling for report on paragraph 1 thereof, and, with reference to the latter part of Board's Proceedings, No. 1,213, dated 17th Mach last, I have the honor to state that the information called for by Government has already been given by the Board of Revenue in their Proceedings of the 7th April 1877, No. 5,113, when communicating to this office the G.O., No. 1,274-A, dated 30th March 1877.

2. The circumstances which impelled Mr. Sharp, my predecessor, to purchase large quantities of grain at a very anxious time have been already reported by him in his letter to the Board, No. 974, dated 5th March 1877. He acted in a great emergency without any special authority.

3. In the sub-division the Sub-Collector reports that he has purchased 2,747 bags of rice, each containing 164 lbs., at the rates shown in the margin, costing on the aggregate Rs. [illegible],186-5-7, and states that he purchased them for the use of the coolies employed on relief works in his division as also for the coolies coming from Kurnool for employment on the East Coast Canal.

2,162 bags at Rs. 9 per bag.
585 ,, at Rs. 8-1-4.

4. The Sub-Collector further reports that out of the 2,747 bags purchased by him 1,657 bags have been already expended and 1,090 still remained in stock on the 21st April last.

5. The large stock of different grains at the Huzur referred to in paragraph 3 of the Board's Proceedings of the 17th March has been since disposed of to a great extent in supplying relief-camps and the large gangs of coolies coming from the Ceded Districts for employment on the East Coast Canal. The balance now remaining at the Huzur is as shown below :—

1,516 bags of rice.
359 do. of paddy.
27 do. of cholum.

The Secretary to Government, Public Works Department, was, in reply to a telegram, informed, on the 11th April 1877, that, irrespective of the 1,007 bags which then remained with Mr. Tomlinson, there would be about 2,000 bags of rice available from the Huzur stock for supply to the canal, but there has since been a great deal of unforeseen expenditure, and, as matters now stand, I am not at all sure that I shall be able to spare any grain for that purpose.

6. In reply to G.O., No. 1,274-A, dated 30th March 1877, I have the honor to state that the quantity of grain purchased for the sum of Rupees 1,36,493 (*i.e.*, throughout the whole district up to the 13th March) was as detailed in the margin. The balance thereof now remaining in hand is as shown below.
