No. 2,272.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 17th May 1877.

Read the following letter from R. W. BARLOW, Esq., Collector of the Chingleput District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Sydapet, 24th April 1877, No. 291:—

REFERRING to Board's Miscellaneous No. 10,122, of 21st November last, I have the honor to forward a statement showing the villages and extent of land irrigated by the Hissa Tank of Tinnanore, from which it will be observed that about 1,590·61 acres are cultivated with its water in the six villages mentioned.

	ACRES.
Jaghire of Tinnanore	984·48
Shrotriem Annambattu	140·30
Ryotwar villages	465·83
Total ...	1,590·61

2. As regards the information required in the concluding part of the Government Order, the records of the office do not afford any. From inquiries made by the Tahsildar, it appears, however, that the tank in question was repaired in Faslis 1249, 1258, and 1261, at the cost of Government. Nothing is on record as to whether the Jaghiredar contributed towards such repairs; so I presume he did not.

3. The Tahsildar reports further that no information is available as to by whom the tank was constructed originally, and at what cost.

Sub-Secretary.

No. 403. Order thereon, 19th June 1877, No. 2,039.

Irrigation, No. 3.

His Grace the Governor in Council considers that the only course is to carry out the repair of the tank from Government funds. When the work is completed, a bill should be submitted with a view to a suit being instituted if it then appears desirable, and if the contribution is not in the mean time paid up.

(True Extract.)
