REVENUE DEPARTMENT.

19th June 1877, No. 2,048-B.

Famine Relief.

Read the following paper :—

No. 426-C. Proceedings of the Board of Revenue, dated 6th June 1877.

Read the following letter from A. WEDDERBURN, Esq., Collector of Coimbatore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 29th May 1877, No. 178.

I HAVE the honor to submit for sanction two estimates for works in progress at Coimbatore from Famine Funds, viz. :—

- | | |
|--|------------|
| (1.)—Deepening Periacolum and Valancolum Tanks by removal of silt and embanking the same at Coimbatore | Rs. 14,531 |
| (2.)—Further deepening a metal excavation in the Valancolum as a large square well of drinking water | 4,267 |

2. Work No. (1) was put in hand on estimates of Rupees 2,000 each for Periacolum, eastern section of Valancolum, and western section of Valancolum, aggregating Rupees 6,000;* but as the numbers increased the work had to be continued to provide labor for the destitutes, which necessitated the present revised estimate.

3. The estimate for work No. (2) is exclusive of the cost of metal excavated. It supersedes the original estimate of Rupees 1,000 sanctioned by me—*vide* Revenue Board's Proceedings, No. 1,172, of 14th March 1877, Item 5, Coimbatore Taluq.

SANCTIONED.

 The 15th
 section is estimated
 of which was for
 14 53/4 N. - This
 is beyond the form
 to section & the in
 sectioning it - has
 been an oversight - as
 John ascertained
 from the well.

I suppose therefore
 that the 15th is
 correct & to section
 would be for the
 larger estimate.

12/6/77 L.H.

The estimate No. 2 -
 Seems a very large one for
 excavating a square
 well in a tank - it being
 exclusive of the cost of
 metal excavated.

I think further
 explanation should be
 called for - 18/6/77
