2. *Prices.*—No fall of prices has yet set in, but a slight tendency to rise is apparent. The district averages for rice have risen in eight districts, and fallen in five; for Cholum, risen in eight, fallen in two, and are stationary in three; for ragi, the corresponding figures are 8, 3, and 2; cumboo has risen in eight districts, fallen in three, and is stationary in one. The fluctuations, however, are in all cases very minute. The cause of this tendency to rise, notwithstanding the rain that has fallen in all districts is doubtless that transport has been impeded and imports checked for a time; while prospects of the coming crops, though favorable, are not yet sufficiently assured to bring out stocks if such exist. In the *Kistna* District dry grains have all risen, but rice has fallen slightly. In *Nellore* the general condition of prices is stationary, but a slight fall having occurred at one or two stations, the district average rates are lower than on the 2nd June. In *Cuddapah* rice has risen sharply at head-quarters and at Proddatur, where all grains are dearer. In the Madanapalli and Voilpaud Taluqs prices, especially that of rice, have risen. In other parts of the district there are changes, but none of importance. The *Kurnool* district averages are almost stationary. In *Bellary* there is no very heavy increase of prices, but the tendency to rise is clear. Rice has gone up in six taluqs and fallen in four; cholum risen in eight and fallen in five; ragi risen in seven; cumboo risen in three and fallen in two. In *Chingleput* rice and ragi, the chief staples, have each risen in four taluqs out of six. In *North Arcot* prices have not fallen anywhere, but nearly all rates in the north-west of the district have risen. In Palmanair and Punganoor rice, which is the grain in respect of which importation is most active, has risen heavily. The rise of price in the district is attributed to decreased import. In *South Arcot* prices are fluctuating, and tend to rise chiefly in Cuddalore, Trikalore, and Villapuram. There is little change in *Trichinopoly*, except that ragi shows tendency to fall. In *Madura* rice is cheaper, but cholum and ragi have risen in Melur and Pulni. In *Tinnevelly* prices are little altered, and in *Coimbatore* also they are almost stationary. In *Salem* rice has risen heavily in Kistnagiri, but dry grains are cheaper in the taluq; rice, ragi, and cumboo have risen in Ahtur, but fallen in Salem, and there is no other change of importance. The marginal table shows the highest and lowest prices for rice and of the dry grain most commonly quoted in each district, for which taluq prices have been reported.

3. *Rainfall.*—All districts receiv[illegible]n during the week. The fall was considerable only in Salem, Coimbatore, M[illegible] and Kurnool; in all other districts the average was less than one inch. In [illegible]e the fall of rain was in the centre and north of the district under the hills. [illegible]y rain fell at Cuddapah and in the Madanapalli and Pulivendla Taluqs, but, th[illegible] general, it was light elsewhere in the district. There was good rain in the west and n[illegible] *Bellary* and at Gooty, but none is reported from the southern and south-east[illegible]luqs. There was rain in the south of Chingleput and in parts of South A[illegible] In *North Arcot* rain appears to have been general except in the north-east[illegible]ndaries. In *Salem* there was a good fall throughout the district, especial[illegible]vy in the sub-division. In *Trichinopoly* showers were general, but light; a[illegible]s of *Madura*, except Ramnad, and those of the distressed taluqs in Tinnevelly [illegible]d rain. In *Coimbatore* none fell in Caroo[illegible], but in the other south[illegible] and in th[illegible]ral taluqs there was good rain, as much as 3·36 inches having been registere[illegible] Dharapuram. On the whole the cultivation season is opening favorably.

4. *Grants, Outlay, &c.*—The [illegible] made by the Board for district relief up to the 9th June amounted to Rupees [illegible]5,283, and the outlay against them was as follows:—

| | In the Week. RS. | Up to the Week. RS. |

6. In the *Nellore* District the decrease on the district works is balanced by increase on the canal; the former is accounted for by decrease in the Venkatagiri Zemindari and in Udayagiri and by the want of some returns. A number of famine works in the district have been transferred to the Public Works Department. In *Cuddapah* there is again a large increase, of which details are given in the margin. Increase occurs in all [illegible]uqs, except Madanapalli, and is vari[illegible]sly ascribed t[illegible]cessation of emigration [illegible] Nellore and return of coolies thence, [illegible] increased wages, and to imperfect [illegible]turns on the 2nd June. For *Bellary* [illegible]e taluq details are also noted margin[illegible]y as compared with last report. There is increase in all except three taluqs, and the apparent decrease in one of these, Hadgalli, is due to defective return. In Adoni, Alur, Gooty, Tadpatri, Bellary, and Kudlighi no cause is assigned except increased pressure of the famine; but as regards Adoni it is added that able-bodied persons have been admitted on some works instead of being sent to the Railway; and in Kudlighi increase of wages is also named as a cause of increased numbers. The increase of wages is also the cause of increase in Hospett and Raidrug; and in Hindupur coolies driven away by heavy rain have returned to the works. The [illegible]llary-Hoobli Railway now employs [illegible]34 persons in the Bellary Taluq, and 723 [illegible] Hospett. No explanation is given as [illegible]gards other fluctuations.

7. In *Kurnool* increase occurs in [illegible] taluqs; particulars have not yet been received. The large increase in *Ching*[illegible] is due to the Chingleput-Conjeveram Railway, which employs 19,539 persons in t[illegible] Conjeveram Taluq. Other works in the taluq and in Chingleput show largely decreased numbers, but in Madurantakum there is increase ascribed to enhancement of wages. In the *North Arcot* District numbers in Chendragiri have fallen from 5,881 to 1,702, and there is large decrease in the southern taluqs and in those in the Palar Valley, while in the eastern zemindaries numbers have increased from 15,893 to 18,454. No explanation is given. The returns for *South Arcot* and *Madura* call for no remark, and in *Tinnevelley* relief works have been stopped as being no longer necessary. In *Coimbatore* there are no very important fluctuations and the decrease on the whole [illegible] results from commencement of ploughing, from transfer of weavers from the works [illegible]o special relief, and (in Udumalpetta) it is said to coolies leaving the works and seeking admission to the relief houses. The Collector will inquire into this and report. [illegible] The *Salem* returns show large increase in Salem and Utangarai, and decrease in Kistnagiri, Dharampuri, and Trichengode.

8. The statement of the numbers employed under the Public Works Department shows a total of 162,509 including the Railway works and the East Coast Canal.

9. *Rates of Wages.*—The enhanced scale of wages has been introduced in all Taluqs of *Cuddapah* except Kadiri and Royachoti. There are a multiplicity of rates in several of the taluqs, which ought to be got rid of. The new scale is also in force in *Bellary*, except Alur, Gooty, Tadpatri, Dharmaveram, and part of Kudlighi; in

Pennakondah, Hindupur, and Madaksira equivalent wages in kind are paid. Wages have been raised in *Chingleput* except Ponneri. In the Sydapet Taluq rates from two to three annas are paid to men coolies. The Collector will explain. In *Coimbatore*, *Madura*, and *Salem* wages are not affected by the recent change. In *North Arcot* wages have been revised over about half the district, and the same seems the case in Nellore so far as wages are reported.

10. *Gratuitous Relief.*—The numbers on gratuitous relief are compared as usual below :—

* Particular not known.

11. There is again a large increase in the total numbers, of which nearly two-thirds are in village relief, and more than a third under three-pie children. Almost the whole of the increase under this last class occurs in the Bellary District, which now has 76,808 children against 67,822 on the 2nd June. The increase is ascribed to the greater numbers of coolies on the works. The numbers in the relief camps remain nearly stationary, but there have been changes in the district totals, the most important being decrease of numbers in *Nellore* and *Salem* Camps and increase in *Cuddapah* and *Coimbatore*. The village relief is steadily increasing, but, owing to the irregularity with which returns are received from the Village Officers, the probability is that numbers are greater than the returns show, and comparison from week to week, especially as regards details of taluqs, is misleading. Excluding *Kurnool* and *Kistna*, whence detailed reports have not come, fourteen additional inspection circles have been formed in the week, the number being now 664, besides 26 in Kurnool, according to the report for 2nd June. Relief was given in 5,562 villages against 5,270 in the same district in the previous week. The number of such villages bears a high proportion to the total number in *Bellary*, *Cuddapah*, and *Salem*, but is very low in other districts. The average number relieved in each village in which relief is given is 24·4 persons. The average cost per head per diem in camps and relief houses seems to be 13·45 pies and in villages 12·4 pies. The difference is, however, greater as charges for establishment, hutting, medical attendance, &c., are not completely included in the outlay under the former heads. The cost of camp, &c., relief in the week is reported (Kurnool and Kistna excluded) to be Rupees 64,187, of village relief Rupees 61,511, and of three-pie children Rupees 11,314.

12. The following statement shows the rates of mortality in camps and relief houses and under village relief. The latter is undoubtedly understated. It is the direct interest of the village headman not to report deaths amongst those who have been admitted to relief in the village and on whose account rations can be drawn :—

| — | Camps and Relief Houses. | | | Village Relief. | | |
|---|---|---|---|---|---|---|
| | Approximate Strength. | Deaths the We | per e per num. | Approximate Strength. | Deaths in the Week. | Ratio per Mille per Annum. |

| Total ... | 129,820 | 1,199 | 482 | 1,27,580 | 324 | 133 |

The mortality in camps is considerably higher than in the previous week, and the increase is chiefly in the *Salem* and *Cuddapah* Districts. Of the 239 deaths in the *Salem* camps, 84 occurred in Dharampuri, and of 300 in *Cuddapah* 68 were in Madanapalli and 65 in Voilpaud. There were 14 deaths amongst three-pie children in *Salem* and *Coimbatore*. The total number of deaths of persons in receipt of gratuitous relief in the week was (excluding Kurnool and Kistna) 1,537, and the number reported since 14th April 5,970.

The establishments for relief camps and village relief are not completely separated in all districts, and some establishments employed for these purposes are included under "Other Relief Establishment" above.

15. The following are the usual particulars extracted from the report of the Commissioner of Police, Madras:—Average daily residents 13,187, non-residents 13,668, fresh admissions 927, strength in hospital on 9th June 506, deaths in hospital 105, total deaths 113, or 447 per mille, strength resident on 9th June 12,773, of whom were from Chingleput 4,479, North Arcot 4,152, Nellore 4,015, other districts 127; outlay during the week Rupees 36,275 and up to the week Rupees 5,91,589. The President of the Municipal Commission, Madras, had 2,310 persons in the Sattankad relief camp on 9th June and 1,702 persons employed on works there. He expended Rupees 1,202 in the week and Rupees 48,254 up to the week.

The reports of relief for the week ending 9th June will be submitted for the information of Government with the usual abstract statements and maps.

2. *Prices.*—No fall of prices has yet set in, but a slight tendency to rise is apparent. The District averages for rice have risen in eight districts and fallen in five; for cholum, risen in eight, fallen in two, and are stationary in three; for ragi the corresponding figures are 8, 3 and 2; cumbu has risen in eight districts, fallen in three and is stationary in one. The fluctuations, however, are in all cases very minute. The cause of this tendency to rise, notwithstanding the rain that has fallen in all districts is doubtless that transport has been impeded and imports checked for a time, while prospects of the coming crops, though favorable are not yet sufficiently assured to bring out stocks if such exist. In the *Kistna* district dry grains have all risen but rice has fallen slightly. In *Nellore* the general condition of prices is stationary, but a slight fall having occurred at one or two stations, the district average rates are lower than on the 2nd June. In Cuddapah rice has risen sharply at Head Quarters, and at Proddatur where all grains are dearer. In the Madanapully and Voilpaud taluqs prices and especially that of rice have risen; in other parts of the district there are changes but none of importance. The Kurnool district averages are almost stationary. In Bellary there is no very heavy increase of

price, but the tendency to rise is clear. Rice has gone up in six taluqs, and fallen in four; chulum risen in eight and fallen in five; ragi risen in seven; cumbu risen in three and fallen in two. In *Chingleput*, rice and ragi the chief staples, have each risen in four taluqs out of six. In North Arcot prices have not fallen anywhere, but nearly all rates in the North-west of the district have risen. In Palamanair and Poonganur rice, which is the grain in respect of which importation is most active has risen heavily. The rise of price in the district is attributed to decreased import. In *South Arcot* prices are fluctuating and tend to rise, chiefly in Cuddalore, Trickalore, and Villapuram. There is little change in *Trichinopoly* except that ragi shows tendency to fall. In *Madura* rice is cheaper, but cholum and ragi have risen in Melur and Palni. In *Tinnevelly* prices are little altered and in *Coimbatore* also they are almost stationary. In *Salem* rice has risen heavily in Kistnagheri, but dry grains are cheaper in the taluk; rice, raggi, and cumbu have risen in Ahtur, but fallen in Salem and there is no other change of importance.

The marginal table shows the highest and lowest prices for rice and of the dry grain most commonly quoted in each district, for which taluq prices have been reported.

3. *Rainfall.*—All districts received rain during the week. The fall was considerable only in *Salem*, *Coimbatore*, *Madura*, and *Kurnool*; in all other districts the average was less than one inch. In *Nellore* the fall of rain was in the centre and north of the district under the hills. Heavy rain fell at Cuddapah, and in the Madanapalli and Pulivendala taluqs, but though general it was light elsewhere in the district. There was good rain in the west and north of *Bellary* and at Gooty, but none is reported

from the Southern and South-Eastern taluqs. There was rain in the south of Chingleput and in parts of South Arcot. In *North Arcot* rains appears to have been general except in the North-East Zemindaries. In *Salem* there was a good fall throughout the district, especially heavy in the Sub-division. In *Trichinopoly* showers were general but light; all taluqs of *Madura* except Ramnad, and those of the distressed taluqs in Tinnevelly received rain. In *Coimbatore* none fell in Caroor, but in the other Southern and in the central taluqs there was good rain, as much as 3·86 inches having been registered at Dharapuram. On the whole, the cultivation season is opening favorably.

4. *Grants, Outlay, &c.*—The grants made by the Board for district relief up to the 9th June amounted to Rs, 1,61,85,283 and the outlay against these grants was as follows:—

|  | In the week.<br>Rs. | Up to the week.<br>Rs. |

6. In the *Nellore* district the decrease on the district works is balanced by increase on the canals; the former is accounted for by decrease in the Venkatageri Zemindari and in Udayagiri, and by the want of some returns. A number of famine works in the district have been transferred to the P. W. D. In *Cuddapah* there is again a large increase, of which details are given in the margin. Increase occurs in all taluqs, except Madanapalli, and is variously ascribed to cessation of emigration to Nellore and return of coolies thence to increased wages, and to imperfect returns on the 2nd June. For *Bellary* the taluq details are also noted marginally as compared with last report. There is increase in all except 3 taluqs and the apparent decrease in one of these, Hadgalli, is due to defective return. In Adoni, Alur, Gooty, Tadpatri, Bellary, and Kudlighi no cause is assigned except increased pressure of the famine; but as regards Adoni it is added that able-bodied persons have been admitted on some works instead of being sent to the railway; and in Kudlighi, increase of wages is also named as a cause of increased numbers. The increase of wages is also the cause of increase in Hospett and Raidroog; and in Hindupur, coolies driven away by heavy rain have returned to the works. The Bellary Hubli Railway now employs 3,634 persons in the Bellary taluq, and 723 in Hospett. No explanation is given as regards other fluctuations.

Hospett shows a decrease

7. The *Kurnool* increase occurs in 5 taluqs, particulars have not yet been received. The large increase in Chingleput is due to the Chingleput Conjeveram Railway, which employs 19,539 persons in the Conjeveram taluq. Other works in the taluq and in Chingleput show largely decreased numbers, but in Madurantakam there is increase ascribed to enhancement of wages. In the *North Arcot* district, numbers in Chendragiri have fallen from 5,881 to 1,702, and there is large decrease in the southern taluqs and in those in the Palar valley, while in the eastern Zemindari numbers have increased from 15,893 to 18,454. No explanation is given. The returns for *South Arcot* and *Madura* call for no remark, and in *Tinnevelly* relief works have been stopped as being no longer necessary. In Coimbatore there are no very important fluctuations, and the decrease on the whole results from commencement of ploughing, from transfer of weavers from the works to special relief and (in Udumalpetta) it is said to coolies leaving the works and seeking admission to the relief houses. The Collector will enquire into this and report. The *Salem* returns show large increase in Salem and Utangarai and decrease in Kistnagiri, Darampuri and Trichengode.

8. The statement of the numbers employed under the P. W. D. shows a total of 162,509,

including the railway works and the East Coast Canal.

9. *Rates of wages.*—The enhanced scale of wages has been introduced in all taluqs of Cuddapah except Kadiri and Royachoti. There are a multiplicity of rates in several of the taluqs which ought to be got rid of. The new scale is also in force in *Bellary* except Alur, Gooty, Tadpatri, Dharmaveram and part of Kudlighi; in Pennakonda, Hindupur and Madaksira equivalent wages in kind are paid. Wages have been raised in Chingleput except Ponneri. In the Saidapet taluq, rates from 2 to 3 annas are paid to men coolies. The Collector will explain. In *Coimbatore, Madura* and *Salem* wages are not affected by the recent change. In North Arcot wages have been revised over about half of the district, and the same seems the case in in Nellore so far as wages are reported.

10. *Gratuitous Relief.* The numbers on the gratuitous relief are compared as usual below:

| | 2nd June. | 9th June. | |
|---|---|---|---|
| Kistna ... | 382 | 383 | + 1 |

| Kistna District* ... | 382 | 383 | + 1 |
| Total ... | 411,204 | 437,737 | + 26,533 |

* Particulars not kown.

11. There is again a large increase in the total numbers, of which nearly two-thirds is in village relief and more than a third under 3 pie children. Almost the whole of the increase under this last class occurs in the Bellary District which now has 76,808 children against 67,822 on the 2nd June. The increase is ascribed to the greater number of coolies on the works.

2085
17

The numbers in the relief camps remain nearly stationary, but there have been changes in the district totals, the most important being decrease of numbers in *Nellore* and *Salem* camps and increase in *Cuddapah* and *Coimbatore.* The village relief is steadily increasing, but, owing to the irregularity with which returns are received from the village officers, the probability is that numbers are greater than the returns show; and comparison from week to week, especially as regards details of taluqs, is misleading. Excluding *Kurnool* and *Kistna* whence detailed report has not come, 14 additional inspection circles have been formed in the week, the number being now 664, besides 26 in Kurnool according to the report for 2nd June. Relief was given in 5,562 villages against 5,270 in the same district in the previous week. The number of such villages bears a high proportion to the total number in *Bellary Cuddapah* and *Salem,* but is very low in other districts. The average number relieved in each village in which relief is given is 24·4 persons. The average cost per head per diem in camps and relief houses seems to be 13·45 pies, and in villages 12·4 pies. The difference is however greater as charges for establishment, hutting, medical attendance &c., are not completely included in the outlay under the former head. The cost of camp &c., relief in the week is reported (Kurnool and Kistna excluded) to be Rs. 64,187; of village relief Rs. 61,511; and of 3 pie children Rs. 11,314.

12. The following statement shows the rates of mortality in camps and relief houses and under village relief. The latter is undoubtedly understated. It is the direct interest of the village headmen not to report deaths amongst those who have been admitted to relief in the village, and on whose account rations can be drawn.

The mortality in camps is considerably higher than in the previous week and the increase is chiefly in the *Salem* and *Cuddapah* districts. Of the 239 deaths in the *Salem* camps, 84 occurred in Dharampuree, and of 300 in *Cuddapah* 68 were in Madanapalli and 65 in Voilpaud. There were 14 deaths amongst 3 pie children in *Salem* and *Coimbatore*. The total number of deaths of persons in receipt of gratuitous relief in the week was (excluding Kurnool and Kistna) 1,537 and the number reported since 14th April 5,970.

13. The following statement shows transactions under the Land Improvement Act.

Office of Sanitary
Commissioner
Madras 15th June 1877

From
The Sanitary Commissioner
for Madras.

To
The Additional Secretary
to Government.

Sir,

Government are aware that owing to the constant shifting of coolies on relief works there has been very considerable difficulty in recording facts regarding their increase or decrease in weight, while subjected to the reduced scale of wages.

2. I have now the honor to submit for the information of His Grace the Governor in Council the results of weighings made by Surgeon J. Sturmer Sanitary Inspecting officer of Nellore, which, I think may

be accepted in evidence that the wage was insufficient, to maintain the people in health and strength.

3. The following are the particulars. On the 15th April Surgeon Stumer weighed at Nellore, thirty men, thirty women seventeen boys and fourteen girls. On the 29th April he brought six more men and four women under observation, as some of those originally weighed had disappeared. On the 27th May the numbers remaining were men seventeen women twenty one, boys ten, Girls nine.

The original numbers, and those present on the date of last weighing are shown below.

| | Original numbers. | Present 27th May. |
|---|---|---|
| Men. | 36 | 17 |
| Women. | 34 | 21 |
| Boys. | 17 | 10 |
| Girls. | 14 | 9. |

These results, as regards the steady continuance of the people

on

on relief works, are better than those obtained at Palaveram, where out of 100 individuals weighed, only 24 could be found two months subsequently.

4. All these people at Nellore, who were present at labour, were weighed once a week.

5. Standards of weight were obtained by Surgeon Major A. C. Ross Civil Surgeon of Nellore who carefully weighed and measured under trial prisoners and juveniles in the Nellore jail. There is only this objection to be made to the standards, that owing to the great scarcity in the district, the under trial prisoners were thinner than usual, and therefore below their ordinary weight.

6. The standard ages, heights, and weights in the jail were as follows.

Men

| | | |
|---|---|---|
| Men. | Average age. | 32·5. |
| | Height | 5'·2·71. |
| | Weight lbs. | 109·13. |
| Women. | Average age. | 31·38. |
| | Height | 4'·10·81. |
| | Weight lbs | 92·31. |
| Juveniles. | Age. | 13·66. |
| | Height | 4'·7·44. |
| | Weight lbs | 70. |

Average obtained by Surgeon Stumer at his first weighings of relief coolies were as follows.

| | | |
|---|---|---|
| Men. | Average age | 28·4. |
| | Height | 5·2. |
| | Weight lbs. | 89·8. |
| Women. | Average age. | 31:2. |
| | Height | 4'·10. |
| | Weight lbs | 79·8. |

As the ages of the children on labour do not correspond with the jail standards I have thought it better not to compare the results.

But with reference to men and women we see that under

trial

trial prisoners in the district jail averaged in weight lbs 109·13. and 92·31. respectively, while those on relief works were only 89·8 and 79·8 lbs, that is the people living quietly in jail for a short period weighed, in the case of men 19·33 lbs and in women 12·51 lbs, more than the same class of persons outside the jail.

7. It will be evident from a comparison of heights that the people on relief works had not much flesh to lose on the 15th April. A body of men averaging 5'-2" in height and 28 years of age, weighing only 6 stone 10 lbs each, must be considered as unusually spare of flesh, and the same may be said of a body of full grown women, average 31 years of age, who weigh only 5 stone 1 lb each.

8. But the most important results of all are those in refce to the growing children employed on labour. In their cases, if food

is sufficient, weight should perceptibly increase with age, but the experiment at Nellore shows a falling off.

We have now to see the results in regard to the people who appeared to be weighed again on the 27th May.

Of the 17 men who came up for weighment on 27th May (the survivors of 36).

One remained of the same weight.
Seven gained weight.
Nine lost weight.

The seven men who gained weight accumulated, on the whole 17 1/2 lbs. The nine who lost flesh weighed 28 lbs less than they did at the beginning.

The 17 men therefore lost in the aggregate 10 1/2 lbs in weight

Of the 21 women.

Two kept exactly the same weight.
Six gained weight.
Thirteen lost weight.

The six women who gained weight

2085/31

weight were heavier by 12 1/2 lbs at the end of the month of May, than they were five weeks before. The average gain per woman was 2 lbs and a little more than ounce. The thirteen women who lost weight were 41 lbs lighter than at the beginning of the weighing. The average loss of each woman was 3 lbs. 3 oz. The 21 women on the whole, lost in weight between them 28 1/2 lbs.

10 Girls. Of the 10 Girls originally weighed on 22nd of April only 9 appeared on the 27th May. Of these:

Two remained of the same weight
Two gained weight.
Five lost weight.

Of the two who gained weight the gain was 1 1/2 lbs and of the five who lost weight, the total loss was 7 1/2 lbs. There was then a loss of 6 lbs amongst nine girls or 2/3 of lb for each.

11 Boys. The

number of boys originally weighed was 17. Of these 10 were present at the last weighing on 27th May.

One was of the original weight.
Two had gained no weight.
Seven lost in weight.

The two who gained in weight put on 1 1/2 lbs or 3/4 each. The seven who lost weight, lost altogether 12 1/2 lbs and deducting the gain from the loss there remains an average loss of 1 lb per head of the growing boys (average weight at starting 42 1/2 lbs)

12. these weekly weighings of Surgeon Stumer then it would appear that every class of the relief coolies have lost on the average in weight while on relief works from 15th April to 27th May. That the people did not lose more is I apprehend to be explained by the fact of their extreme thinness when the weighings began, but when

we

we find growing children, equally with adults, steadily losing weight the indications of insufficiency of food are very certain.

13. I would beg to express my acknowledgements to Surgeon Stumer for the trouble he has taken to insure weekly weighings, and an accurate record of results. This records to corroborate Dr. Vansomeren's observations at the Poonamallee and Pallaveram Camps; and especially as to the lowered standard of weights of the bulk of the people on relief works. Dr. Vansomeren's reweighings did not yield trustworthy results, on account of so few of the people being present at the second weighing.

I have the honor to be

11. There is again a large increase in the total numbers, of which nearly two third is in village relief and more than third under 3 pie children sh[illegible] the whole of the increase under [illegible] last class occurs in the Bellary District which now has 76808 children against 67822 on the 2nd June. The increase is

ascribed to the greater numbers of coolies on the works. The numbers in the relief camps remain nearly stationary, but there have been changes in the district totals, the most important being decrease of numbers in Nellore and Salem [illegible]

[illegible]

relief is steadily increasing, but owing to the irregularity with which returns are received from the village officers, the probability is that numbers are greater than the returns show, and comparison from week to week, especially as regards details of taluqs, is misleading. Excluding Kurnool and Kistna whence detailed report has not come, the additional inspection circles have been formed in the week, the number being now 664, besides 26 in Kurnool according to the report for 2nd [illegible]. Relief was given in 5356 villages against 5270 in the same district in the previous week. The number of such villages bears a high proportion to the total number in Bellary, Cuddapah and Salem, but is very low in other districts. The

average numbers relieved in each village in which relief is given is 24.4 persons. The average cost per head per diem in camps and relief houses seems to be [illegible], and in villages 12. pies. The difference is however greater as charges for establishment, hutting, medical attendance &c, are not completely included in the outlay under the former head. The cost of camp & relief in the week is reported (Kurnool & Kistna excluded) to be Rs 64187; of village relief Rs 61,511; and of 3 pie children Rs 11314.

The mortality in camps is considerably higher than in the previous week and the increase is chiefly in the Salem and Cuddapah districts. Of the 239 [illegible] in the Salem ca 84 occurred in Dharampuri, and of 300 in Cuddapah 68 were in Madanapalli & 65 in Voilpaud. There were 14 deaths amongst 3 pie children in Salem and Coimbatore. The total number of deaths of persons in receipt of gratuitous relief in the week was (excluding Kurnool and Kistna) 1557 and the number reported since 14th April 5970.

Prices:-

2. No fall of prices has yet set in, but a slight tendency to rise is apparent. The District averages for rice have risen in 8 districts and fallen in 5; for cholum, risen in 8 fallen in two, and are stationary in 3; for ragi the corresponding figures are 8, 3 and 2, cumboo has risen in eight districts

fallen in three and is stationary in one. The fluctuations however are in all cases very minute. The cause of this tendency to rise, notwithstanding the rain that has fallen in all districts is doubtless that transport has been impeded and imports checked for a time, while prospects of the coming crops though favorable are not yet sufficiently assured to bring out stocks if such exist. In the *Kistna* District dry grains have all risen but rice has fallen slightly. In *Nellore* the general condition of prices is stationary, but a slight fall having occurred at one or two Stations, the district average rates are

lower

lower than on the second June. In Cuddapah rice has risen sharply at Head Quarters, and at Proddatur where all grains are dearer. In the Madanapally and Voilpaud Taluqs prices and especially that of rice have risen; in other parts of the district there are changes but none of importance. The Kurnool District averages are almost stationary. In Bellary there is no very heavy increase of price, but the tendency to rise is clear. Rice has gone up in six Taluks and fallen in four; Cholum risen in eight and fallen in five; ragi risen in seven; cumboo risen in three and fallen in two. In Chingleput rice and ragi the chief staples have each risen in four taluks out of six. In North Arcot, prices have not fallen anywhere, but nearly all rates in the North West of the District have risen. In Palamaner and Poonganur

rice

rice which is the grain in respect of which importation is most active has risen heavily. The rise of price in the district is attributed to decreased import. In South Arcot prices are fluctuating and tend to rise chiefly in Cuddalore Trickalore and Villapuram. There is little change in Trichinopoly except that Raggi shows tendency to fall. In Madura rice is cheaper but Cholam and Raggi have risen in Melur and Palni. In Tinnevelly prices are little altered and in Coimbatore also they are almost stationary. In Salem rice has risen heavily in Kistnagheri but dry grains are cheaper in the taluk; rice, raggi and Cumbu have risen in Ahtur but fallen in Salem and there is no other change of importance.

The marginal table shows the highest and lowest prices for rice and of the dry grain most commonly quoted in each district for which taluk prices have been reported. * Cholum

3. Rainfall. All districts received rain during the week. The fall was considerable only in Salem, Coimbatore, Madura, & Kurnool; in all other districts

the

the average was less than one inch. In Nellore the fall of rain was in the centre and north of the district under the hills. Heavy rain fell at Cuddapah, and in the Madanapalli and Pulivendala taluqs but though general it was light elsewhere in the district. There was good rain in the west and north of Bellary and at Gooty, but none is reported from the Southern and South-eastern taluks. There was rain in the South of Chingleput and in parts of South Arcot. In North Arcot rain appears to have been general except in the North East Zemindaries. In Salem there was a good fall throughout the district, especially heavy in the Sub division. In Trichinopoly showers were general but light; all taluks of Madura except Ramnad, and those of the distressed taluks in Tinnevelly received rain. In Coimbatore none fell in Caroor, but in the other Southern and in the central taluks there was good rain, as much as 3·86 inches having been registered at Dharapuram. On the whole, the

the cultivation season is opening favorably.

4. Grants Outlay &ca. The grants made by the Board for district relief up to the 9th June amounted to Rs 16185283 and the outlay against these grants was as follows:

6. In the Nellore district the decrease on the district works is balanced by increase on the canals; the former is accounted for by decrease in the Venkatagiri Zamindari and in Udayagiri and by the want of some returns. A number of famine works in the district have been transferred to the P.W.D. In Cuddapah there is again a large increase, of which details are given in the margin. Increase occurs in all Taluks, except Madanapalli; and is variously ascribed to cessation of emigration to Nellore & return of coolies thence to increased wages, and to imperfect returns on the 2nd June. In Bellary the Taluk details are also noted marginally as compared with last report. There is increase in all except 3 taluks and the apparent decrease in one of these, Hadagalli, is due to defective return. In Adoni, Alur, Gooty, Tadpatri, Bellary, and Kudlighi no cause is assigned except increased pressure of the famine; but as regards Adoni it is added that able-bodied persons have been admitted on some works instead of being sent to the railway; and in Kudlighi, increase of wages is also named as a cause of increased numbers. The increase of wages is also the cause of increase in Hospett and Raidrug; and in Hindupur, coolies driven away by heavy rain have returned to the works. The Bellary Hubli Railway now employs 2634 persons in the Bellary taluq, and 723 in Hospett. No explanation is given as regards other fluctuations.

7. The Kurnool increase occurs in 5 taluqs, particulars have not yet been received. The large increase in Chingleput is due to the Chingleput Conjeveram

Conjiveram Railway which employs 19539 persons in the Conjiveram taluq. Other works in the taluq and in Chingleput show largely decreased numbers, but in Madurantakam there is increase ascribed to enhancement of wages. In the North Arcot district, numbers in Chendragiri have fallen from 5881 to 1702, and there is large decrease in the Southern taluqs and in those in the Palar valley while in the Eastern Zemindari numbers have increased from 15893 to 18454. No explanation is given. The returns for South Arcot and Madura call for no remark, and in Tinnevelly relief-works have been stopped as being no longer necessary. In Coimbatore there are as very important fluctuations

and the decrease on the whole results from commencement of ploughing, from transfer of weavers from the works to special relief and (in Udumalpetta) it is said to coolies leaving the works and seeking admission to the relief houses. The Collector will enquire into this and report. The Salem returns show large increase in Salem and Uttangarai and decrease in Kistnagiri Darampuri & Trichengode.

8. The Statement of the numbers employed under the P. W. D. shows a total of 162509 including the railway works and the East Coast Canal.

9. Rates of wages. The enhanced scale of wages has bee introduced in all taluqs of Cuddapah except

Kadiri and Royachoti. There are a multiplicity of rates in several of the taluqs which ought to be got rid of. The new scale is also in force in Bellary except Alur, Gooty, Tadpatri Dharmavaram and part of Kudlighi; in Penkonda, Hindupur and Madaksira equivalent wages in kind are paid. Wages have been raised in Chingleput except Ponneri. In the Saidapet Taluq rates from 2 to 3 annas are paid to men coolies. The Collector will explain. In Coimbatore, Madura & Salem wages are not affected by the recent change. In North Arcot wages have been revised over about half of the district and the same seems the case in Nellore so far as wages are reported.

11. There is again a large increase in the total numbers, of which nearly two thirds is in village relief and more than a third under 3 pie children. Almost the whole of the increase under this last class occurs in the Bellary District which now has 76808 children against 67822 on the 2nd June. The increase is

ascribed to the greater number of coolies on the works. The numbers in the relief camps remain nearly stationary, but there have been changes in the district totals, the most important being decrease of numbers in Nellore and Salem camps and increase in Cuddapah and Coimbatore. The village relief is steadily increasing, but owing to the irregularity with which returns are received from the village officers, the probability is that numbers are greater than the returns show; and comparison from week to week, especially as regards details of totals is misleading. Excluding Kurnool and Kistna whence detailed report has not come, 14 additional inspection circles have been formed in the week, the number being now 664, besides 26 in Kurnool according to the report for 2nd June. Relief was given in 5562 villages against 5270 in the same district in the previous week. The number of such villages bears a high proportion to the total number in Bellary, Cuddapah, and Salem, but is very low in other districts. The average

number relieved in each village in which relief is given is 24·4 persons. The average cost per head per diem in Camps and relief houses seems to be 13·45 pies, and in villages 12·4 pies. The difference is however greater as charges for establishment, hutting, medical attendance &ca, are not completely included in the outlay under the former head. The cost of camp &ca relief in the week is reported (Kurnool and Kistna excluded.) to be Rs 64,187; of village relief Rs 61,311; and of 3 pie children Rs 11314.

The mortality in camps is considerably higher than in the previous week and the increase is chiefly in the Salem and Cuddapah districts. Of the 239 deaths in the Salem camps, 84 occurred in Dharampuri, and of 300 in Cuddapah 68 were in Madanapalli and 65 in Voilpaud. There were 14 deaths amongst 3 pie Children in Salem and Coimbatore. The total number of deaths of persons in receipt of gratuitous relief in the week was (excluding Kurnool (and Kistna) 1537 and the number reported since 14 April 5970.

Prices:-
2. No fall of prices has yet set in, but a slight tendency to rise is apparent. The District are [illegible] risen in [illegible] 5; for Cholum, risen in 8 fallen in two, and are stationary in 3; for ragi the corresponding figures are 8, 3 and 2; Cumboo has risen in

eight districts, fallen in three and is stationary in one. The fluctuations however are in all cases very minute. The cause of this tendency to rise, notwithstanding the rain that has fallen in all districts is doubtless that transport has been impeded and imports checked for a time; while prospects of the coming crops, though favorable are not yet sufficiently assured to bring out stocks if such exist. In the Kristna District dry grains have all [illegible] rice has fallen slightly. In Nellore the general condition of prices is stationary, but a slight fall

rice, which is the grain in respect of which importation is most active has risen heavily. The rise of price in the district, is attributed to decreased import. In South Arcot prices are fluctuating and tend to rise, chiefly in Cuddalore, Trikalore and Villapuram. There is little change in Trichinopoly except that ragi shows tendency to fall. In Madura rice is cheaper, but Cholam and ragi have risen in Melur and Palni. In Tinnevelly prices are little altered and in Coimbatore also they [illegible] stationary. In Salem rice has risen heavily in Kistnagiri but dry grains are cheaper in the taluk; rice ragi and Cumboo have risen in Attur but fallen in Salem and there is no other change of importance. The marginal table shows the highest and lowest prices for rice and of the dry grain most commonly quoted in each district, for which taluk prices have been reported —

3. Rainfall – All districts received [illegible] the week. The fall was considerable only in Salem, Coimbatore, Madura and Kurnool; in all

fall having occured at one or two stations, the district average rates are lower than on the [illegible] June

Cuddapah rice has risen sharply at Head Quarters, and at Proddatur where all grains are dearer. In the Madanapally and Voilpaud Talugs prices and especially that of rice have risen; in other parts of the district there are changes, but none of importance. The Kurnool District averages are almost stationary. In Bellary there is no very heavy increase of price, but the tendency to rise is clear. Rice has gone up in Six taluks, and fallen in four; cholum risen in eight and fallen in five; ragi risen in Seven; Cumboo risen in three and fallen in two. In Chingleput rice and ragi, the chief staples, have each risen in four taluks out of Six. In North Arcot prices have not fallen any where, but nearly all rates in the North West of the District have risen. In Palamanair and Poonganoor

4. Grants outlay &c. The grants made by the Board for district relief up to the 9th June amounted to Rs 1185283, & the outlay against these grants was as follows:

6. In the Nellore District the decrease on the district works is balanced by increase on the Canal; the former is accounted for by decrease in the Venkatagiri Zamindari & in Udayagiri & by the want of some returns. A number of famine works in the district have been transferred to the P.W.D.

[illegible]pah there is again a large increase, of which details are given in the margin. Increase occurs in all taluks, except Madanapalli; & is variously ascribed to cessation of emigration to Nellore & return of coolies thence, to increased wages, & to imperfect returns on the 2d June. For Bellary the Taluk details are also noted marginally as compared with last report. There is increase in all except 3 taluks, & the apparent decrease in one of these, Hudagulli, is due to defective return. In Adoni, Alur, Gooty, Tadpatri, Bellary & Kudlighi no cause is assigned except increased pressure of the famine; but as regards Adoni it is added that able bodied persons

all other districts the average was less than one inch. In Nellore the fall [illegible] in the centre and north of the district under the hills. Heavy rain fell at Cuddapah and in the Madanapalli and Pulivendala taluks, but though general it was light elsewhere in the district. There was good rain in the west and north of Bellary and at Gooty but none is reported from the Southern and Southeastern taluks. There was rain in the South of Chingleput and in parts of South Arcot. In North Arcot rain appears to have been general except in the North East Zamindaries. In Salem there was a good fall throughout the district, especially heavy in the Sub division. In Trichinopoly showers were general but light; all taluks of Madura except Ramnad, and those of the distressed taluks in Tinnevelly received rain. In Coimbatore none fell in Caroor, but in the other Southern and in the central taluks there was good rain, as much as 3·86 inches having been registered at Dharapuram. On the whole, the cultivation season is opening favourably—

& the decrease on the whole results from commencement of ploughing, from transfer of weavers from the works to special relief, & in Udumal [illegible] spend, so [illegible] the works and seeking admission to the relief houses. The Collector will enquire into this & report. The Salem returns show large increase in Salem and Uttangurai and decrease in Kistgiri Darampuri & Trichengode.

8 The Statement of the numbers employed under the P. W. D. shows a total of 162509 including the Railway works and the East Coast [illegible].

9 Rates of wages. The enhanced scale of wages has been introduced in all talugs of Cuddapah except

Kadiri and Royachoty. There are a multiplicity of rates in several of the talugs which ought to be got rid of. The new scale is also in force in Bellary except Alur, Gooty, Tadpatri, Dharmavaram and part of Hudligi; in Penkonda, Hindupur and Madaksira equivalent wages in kind are paid. Wages have been raised in Chingleput except Ponneri. In the Saidapet Talug rates from 2 to 3 annas are paid to new coolies. The Collector will explain. In Coimbatore, Mad.... & S.... wages are not affected by the recent change. In North Arcot wages have been revised over about half the district & the same seems the case in Nellore, ~~Goffarads~~ Gratuitous wages are reported.

persons have been admitted on some
works instead of being sent to the
railway; & in Hudlighi, increase of
[illegible] med as a cause of
[illegible] increased numbers. The [illegible] increase
of wages is also the cause of increase
2 in Hospett and Raidurg; and in
Hindupur, coolies driven away by heavy
rain have returned to the works. The
Bellary Hubli Railway now employs
3 3634 persons in the Bellary talug &
728 in Hospett. No explanation
is given as regards other fluctuations.
7 The Kurnool increase occurs
[illegible] f; particulars have not
yet been received. The large increase
4 in Chingleput is due to the Chingleput
Conjeeveram railway which employs

19539 persons in the Conjeeveram taluq. Other works in the taluq & in Chingleput show largely decreased numbers, but in Madurantakam there is increase ascribed to enhancement of wages. In the North Arcot district, numbers in Chendragiri have fallen from 5881 to 1702, and there is large decrease in the southern taluqs and in those in the Palar valley, while in the eastern Zemindari numbers have increased from 15893 to 18454. No explanation is given. The returns for South Arcot & Madura call for no remark, & [illegible] of works have been stopped as being no longer necessary. In Coimbatore there are no very important fluctuati

The Relief Reports for the week ending 2nd June, 1877, are submitted to Government with maps and abstract statements, as noted in the margin.

2. *Prices.*—The district averages show very little change in prices. That for rice has risen by a very small fraction in five districts, fallen in six, and is stationary in one. Cholum was stationary in two districts, rose in four, and fell in six; ragi has risen in six, fallen in four, and is stationary in two; cumbu has risen in seven, fallen in four, and is stationary in one. The changes, however, are very minute, and on the whole the condition of prices may be described as stationary with tendency to fall, which will doubtless become more pronounced should more rain fall soon.

Turning to details of taluqs shown in the district returns in *Nellore*, rice and cumbu have fallen in Kanigiri, cholum risen at Addanki, ragi risen at 3 stations and fallen at two. There is no other change.

In the *Cuddapah* district, the fall noted last week in Kadiri continues; and in other taluqs rates are fluctuating, rice tending to fall, and ragi to rise slightly. Reports from three taluqs of *Bellary* are wanting, but as to the other taluqs, the changes most important to notice are that a fall has set in in Adoni, and a heavy rise in cumbu (from 8·6 to 5·7 seers) occurred in Dharmavaram. In *Kurnool* rice and cholum have fallen, ragi is stationary, and cumbu has slightly risen. In Chingleput there is hardly any change, but a tendency to rise in Saidapet and Conjeeveram appears. In *North Arcot* prices are unsteady, especially of rice and ragi, both of which are inclined to rise, though a considerable fall at Kalastri (from 10 to 12·7 seers) has produced an apparent fall in the district average rate for ragi. In *South Arcot* there is no change of importance. In *Trichinopoly* the rise in cholum is only apparent, the average for this week including a quotation (9·8 seers) for white cholum at head-quarters, whereas last week's rate is for black cholum only in one taluq, Perambalur. In *Madura* ragi has risen slightly in four taluqs, and rice and cumbu each in one, but other rates are stationary or falling. There is no change worth noting in the distressed taluks of *Tinnevelly*. In *Coimbatore* the Collegal rate for rice has again fallen, and stands at 5·36 seers. The price of rice is unsteady in the district, but other grains are nearly stationary. In *Salem*, all prices have risen at head-quarters, but all dry grains in Namakal, and rice, ragi and cumbu in Tripatore, have fallen.

3. In many cases the taluq returns of prices show no quotations for particular grains, indicating sometimes, though by no means invariably, that such grains are not procurable in the market. To illustrate this point the Board present the marginal abstract, showing the extent to which such apparent want of supply is to be gathered from the returns. It will be seen that rice is everywhere obtainable, and ragi almost everywhere. The latter is the most important of the dry grains in the food of the mass of the people in most districts, and consequently the price of it is, as has been apparent throughout, the most sensitive to change. In some districts, *e. g.*, *Chingleput*, cholum and cumbu are comparatively little used.

4. *Rainfall.*—There was rain in all the districts, except *Chingleput*, but the fall was generally very light. For *Kistna*, where the average was 1·56 inches, detailed return is not available. In *Nellore* there was nearly half an inch at Venkatgiri in the south of the district. Showers fell in the taluqs on the west and north-west frontiers of *Cuddapah* and the adjoining taluqs of *Bellary*. At Hospett, in the latter district 1·65 inches fell. In *Kurnool* 1·4 inches fell in four taluqs. *North Arcot* received rain in the south and east of the district only, but some of the rainfall of the previous week has been erroneously included in the return. In *Trichinopoly* the rain was general and was nearly two inches in the taluqs north of the Cauveri. All taluqs of Madura, except Ramnad and of *Tinnevelly*, received rain which, however, was light in the Madura sub-division. In Coimbatore itself 2·05 inches fell, and all taluqs of the district, except Pollachy, received showers. In *Salem*, rain varying from 0·2 to one inch fell in all taluqs, except Oossoor. On the whole, the rainfall of the week has been favourable, and will at least bring on pasture for the cattle.

7. The numbers on the East Coast Canal have not been reported, and the return for the 26th May is repeated in the above abstract. In the rest of the district of *Nellore* the numbers in Rapur and the Venkataghiri Zemindary have increased considerably, and a slight increase in other taluqs is counterbalanced by discontinuance of work in Kandukur adjoining the Canal.

The *Cuddapah* numbers show very large increase and the taluq details are shewn in the margin. No

explanation is given of the increase in Madnapulli. In Jummalamadugu, Pulivendla, Proddatur and Budwail the cause of increase is the cessation of recruiting for Nellore and the admission of coolies returned thence. In Voilpaud increase is due to the re-opening of Works stopped.

8. *Bellary.* The increase in Dhurmaveram is due to wrong return last week. That in Hadgalli is entirely unexplained, in Raidrug the cause is more intense distress, and in Kudligi opening of fresh works. The large decrease in Madaksira is ascribed to irrigation works, to which only residents of neighbouring villages resort, having been taken up instead of roads, there are only 3,420 laborers on the Bellary Hubli railway against 3,615 in the previous week.

9. The increase in Chingleput is owing to the Chingleput-Conjeveram railway which employs 11,826 coolies against 5,548 on 19th May. No relief work on the Madras Railway is now in progress, but the numbers in *North Arcot* have nevertheless largely increased, chiefly in the Chindragiri taluq and on minor works and in Wandewash. It seems likely the 3 pie children have been included in these returns. The Collector will explain. In the eastern Zamindaries numbers have declined. There is no explanation of the decrease in *South Arcot*, but it is probably due to completion of works. In *Madura* and *Coimbatore* there is nothing to note, and in *Tinnevelly* relief works are almost entirely closed. The decrease in *Salem* is accounted for by falling off in numbers in Oossoor and *Trichengode*, for which no cause is assigned.

10. *Rates of wages.*—The enhanced wages have been wholly or partly introduced in all taluqs of *Cuddapah*, but as regards the *Bellary* district, the new scale appears only in Adoni and in the western taluks, wererates had already been raised. In the sub-division the enhanced rates have ceased, and the addition made seems to be now given as Sunday wage. The

new scale appears in three taluqs of *Chingleput* and 3 taluqs of Nellore; not at all in *South Arcot* but in six taluqs of *North Arcot*. The attention of the Collector of *North Arcot* is called to the wages in force in the *Tripaty* division and under the Deputy Conservator of Forests which are not correct to scale. In *Madura* and *Coimbatore* scale I was already for the most part in force, and in *Salem* piecework rates prevail.

11. A statement shewing numbers, &c., on works under the D. P. W., is enclosed. The total, according to the most recent returns received, is 170,011; besides those employed on the Junction Canal in Madras town. Arrangements have been made in Nellore for transferring considerable numbers of works to the D. P. W.

13. Thus there is a large increase, but it is also so satisfactory to note that the numbers of 3 pie children have apparently ceased to rise. The progress of the organization for gratuitous relief may be gathered from the marginally noted

figures. (The details for Kistna and Kurnool for 26th May are here repeated for 2nd June, full reports not having yet come from those districts.) The increase in numbers in *Nellore* is under Camp relief. Village relief in the District is extremely small. In *Cuddapah* there is increase under all classes but proportionately greater under village relief. In *Bellary* the number of 3 pie children have decreased, but there is a large increase under village relief and in Camps. The *Kurnool* numbers are nearly stationary under all classes. In Chingleput, North Arcot, Madura and Coimbatore the numbers in Camps have increased but village relief is still trifling. The numbers on village relief in *Salem* have increased by no less than 14,486, but it seems doubtful whether the return is correct. The details are given in the margin and the reports for Oossoor and Kistnaghiri seem wrong. The Collector will report on the increase.

Great [illegible] in favour of [illegible]

The mortality in camps was greater in the week ending 26th than in that under report, owing, doubtless, to the heavy rain in some districts in the former week. The deaths amongst persons on village relief are more numerous, but they are probably even yet not fully reported. The rates under camp relief in *Cuddapah* and *Salem* are very high, and the mortality both in camp and under village relief is very high in North Arcot. The rate for the new relief camp at Trichinopoly which has 322 inmates shows that it was not opened too soon.

19. The average daily residents in the Madras camps were 16,768 and non-residents 13,808, considerable numbers having, the Board believe, been sent to their villages. The fresh admissions in the week were only 424. The strength of residents on 2nd June was 15,397, viz., from Chingleput 5,435, North Arcot 5,663, Nellore 4,174, other districts 125. The number remaining in hospital was 517, and the deaths 129, of which 105 were in hospital. The outlay by the Commissioner was 10,554 in the week, and Rs. 5,55,314 up to the week. The President of the Municipal Commission had 2,009 persons in the Sattankad relief camp, and 1,238 persons on relief works. He expended in the week Rs. 2,358, and up to the week 47,051.
