GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

26th June 1877, No. 2,115.

Read the following papers :—

No. 579. Proceedings of the Court of Wards, dated 17th March 1877.

Read again Board's Proceedings, dated 18th December 1875, No. 3,375, 15th November 1876, Miscellaneous No. 9,896, and 22nd December 1876, Miscellaneous No. 11,387.

Read also the following letter from C. G. MASTER, Esq., Collector of Ganjam, to H. E. STOKES, Esq., Secretary to the Court of Wards, dated Rotungia, 16th February 1877, No. 645.

In reply to the Court's Miscellaneous Proceedings marginally noted, I have the honor to state that I adhere to the views expressed in my letter, dated 4th May 1872, No. 655, (recorded in Court's Proceedings, dated 11th July 1872, No. 1,276), regarding the appointment of a European officer of experience to the charge of the Public Works in the Kimedy Estate. I have never had occasion to modify the opinion then formed, and I have reason to believe that the Principal Assistant Collector, who has been more than six years connected with the estate, entirely agrees with me.

Dated 15th November 1876, No. 9,896, and 22nd December 1876, No. 11,387.

2. I had proposed to myself, on receiving the Court's Proceedings, dated 3rd July last, [illegible] be supervised by a professional officer of position, [illegible] difficulties would be removed. I may observe that both these considerations influenced the Court when recording their Proceedings, dated 20th September 1873, No. 1,889, (recorded in G.O., dated 24th October 1873, No. 1,162, Revenue Department).

3. Whether or not, however, any change takes place in the arrangements for building the palace (a matter in which, of course, Mr. Chisholm would have to be consulted, as he is alone responsible), I think that the other interests involved are of sufficient magnitude to warrant the additional expenditure which would be incurred under the proposed alteration. Major Smalley's letter, dated 22nd February 1876, No. 64 (G.O., dated 2nd September 1876, No. 2,346, Public Works Department) shows that the estimated expenditure in Kimedy for 1875-76 was not far short of a lakh of rupees, and the great damage to the tanks and other irrigation works in the estate caused by the cyclone of October last will add to the expenditure considerably both in the present and coming years.

4. I have not lost sight of the consideration that the cost of the revised establishment may, with reference to the last paragraph of G.O., dated 2nd September 1876, No. 2,346, Public Works Department, very likely exceed the annual sum of Rs. 13,386 estimated by Major Smalley; but, as it was assumed in the correspondence recorded in G.O., dated 24th October 1873, No. 1,162, Revenue Department, that Rs. 15,000 would be the charge for establishment at 25 per cent. on the then expenditure, we shall not be exceeding the ordinary Public Works Department rates for establishment, even if an officer of higher rank than a 3rd Grade Assistant Engineer is appointed. For my own part, I think that we ought to have an *experienced* officer, and that otherwise much of the advantage I anticipate by the change will be lost. There is plenty to be done for years to come, above and below ghauts, to justify such an appointment.

5. I would suggest for the Court's consideration whether the proposal, which they made in paragraph 9 of their Proceedings, dated 20th September 1873, No. 1,889, about utilising the services of such officer in forest supervision, might not also be carried out, and Mr. Dampier's services be dispensed with. I think the work done by the Ranger is hardly worth the annual cost incurred by the estate for the special purpose. His pay under the Court's sanction, dated 6th July last, No. 1,729, including horse allowance, amounts to Rs. 150 per mensem, and I am just* submitting his claim for travelling batta in accordance with the usage in the Forest Department. Certainly, Rs. 2,000 per annum might be saved from

*13th February 1877, No. 627.

this source, and the elephants might be economically employed in various ways connected with the estate. The Court will observe from the correspondence forwarded with my recent† report on the estate that doubts exist whether it is worthwhile keeping them solely for forest operations. I think all forest matters might effectually be supervised by the Department Public Works officer if such appointment is sanctioned.

† Dated 7th February 1877, No. 660.

6. Adverting to paragraph 2 of the Board's Miscellaneous Proceedings, dated 15th November last, No. 9,896, I have to state that the District Engineer was, on the 22nd January 1876,‡ requested to state whether any members of the Parla Kimedy Estate Public Works Establishment had been transferred from service under Government. Correspondence on the subject has been going on ever since, and is not yet concluded. I have again asked Mr. Harris to furnish me with the necessary details, and will then submit particulars. Sufficient, however, is known to show that since the transfer of the Kimedy range to the Department Public Works appointments have been made by the Engineer Department precisely, as though the establishment was subject to the ordinary Departmental and Pension Rules. Men have been transferred from the estate to other ranges and *vice versa*, and, with the exception of the Supervisor, no employé transferred from service under Government has as yet paid any contribution. The simplest plan and the fairest to men so transferred is to pay the contribution from estate funds as was done in the case referred to in the Court's Proceedings, dated 12th December 1873, No. 8,535.

‡ No. 279.

Submitted for the orders of Government with reference to G.Os., dated 29th September and 19th December 1876, Nos. 2,270 and 3,098.

2. The District Engineer, Ganjam, having proposed the appointment of a European Assistant Engineer in lieu of the Supervisor at present employed, to the charge of the Kimedy Subdivision, as well as certain additions to the establishment, the question was referred for the consideration of the Court of Wards, and the Collector was called upon to state his views.

3. The proposal was first brought forward in the Collector's letter of the 4th May 1872, but was negatived by the Court. In the following year, however, the Court expressed the opinion that the most economical and

Proceedings, dated 11th July 1872, recorded in G.O., dated 26th July 1872, No. 1,123.

them to modify their views. A difficulty having been experienced in obtaining the services of a really competent European, and the mismanagement is still continuing, the Court considered it best, in the interests of the estate, to hand over the works unreservedly to the charge of the Public Works Department, and this was accordingly done (G.O., dated 18th April 1874, No. 1,009), the transfer being effected on the 1st July 1874. It appears that efficiency has not been secured, and that a Native Supervisor is not fitted for the post. The Collector concurs in this view, and recommends that an experienced European officer be appointed to the combined charge of Public Works and Forests. It appears from the District Engineer's letter, recorded in G.O., dated 2nd September 1876, that the cost of his proposals amounts to Rs. 4,186 per annum, the cost of the present establishment being Rs. 9,200 per annum, and of that recommended, Rupees 13,386. The Court are most anxious to see the Public Works in Kimedy placed on an efficient footing, and are quite prepared to sanction the requisite funds, and would like to see the estate works and forests placed under the charge of one officer. This would enable them to dispense with the services of the Ranger in charge, and if this saving can be effected, the Court would be enabled to pay for the services of an Assistant Engineer of higher grade than that proposed. If an experienced European officer of the first grade can be posted to the Kimedy Sub-division, the Court will not object to the expense, provided he is allowed to take charge of the forests. Mr. Chisholm must be consulted as regards supervision of the palace works, but he will doubtless be glad to avail himself of the services of the officer in charge of estate works.

Court's Proceedings, dated 2nd February 1874, No. 191.

4. As regards transfers to service on the Purla Kimedy Public Works Establishment, the Court await the further report promised in paragraph 6. The pensionary contribution in the case of those transferred from qualifying service must be paid by the estate, but frequent transfers should be avoided, as the cost of the establishment is thereby enhanced.

Acting Under-Secretary to Govt.

No. 1,389.

No. 580. MEMORANDUM.

Endorsement in the Revenue Department, dated 11th May 1877, on Proceedings of the Board of Revenue, No. 1,233, dated 17th March 1877.

The establishment proposed for the Kimedy Sub-division is not larger than is necessary, but, as the Assistant Engineer must be an officer of experience in estimating the cost of the establishment, it will be advisable to assume that he will be of the first grade. This will add 200 Rs. to the monthly cost. The services of the Ranger could, no doubt, be dispensed with as the Assistant Engineer could place one of his Overseers in charge of the forests and supervise his work.

PROCEEDINGS OF THE COURT OF WARDS, dated 17th March 1877.

Read again Board's Proceedings, dated 18th December 1875, No. 3,373, 15th November 1876, Miscellaneous No. 9,896, and 22nd December 1876, Miscellaneous No. 11,387.

Read also the following letter from C. G. MASTER, Esq., Collector of Ganjam, to H. E. STOKES, Esq., Secretary to the Court of Wards, dated Retungia, 16th February 1877, No. 645:—

IN reply to the Court's Miscellaneous Proceedings marginally noted, I have the honor to state that I [illegible] the views expressed in my letter dated 4th May 1872, No. 655, (recorded in Court's Proceedings, dated 11th July 1872, No. 1,276) regarding the appointment of a European Officer of experience to the charge of the Public Works in the Kimedy Estate. I have never had occasion to modify the opinion then formed, and I have reason to believe that the Principal Assistant Collector, who has been more than six years connected with the estate, entirely agrees with me.

* Dated 15th November 1876, No. 9,896, and 22nd December 1876, No. 11,387.

2. I had proposed to myself, on receiving the Court's Proceedings, dated 3rd July last, No. 1,694, to make a similar recommendation, not only on account of the Maliah Ghaut and roads, but because I considered that, if the Palace works could be supervised by a professional officer of some standing, many difficulties would be removed. I may observe that both these considerations influenced the Court when recording their Proceedings, dated 20th September 1873, No. 1,889 (recorded in G. O., dated 24th October 1873, No. 1,162, Revenue Department).

3. Whether or not, however, any change takes place in the arrangements for building the Palace (a matter in which, of course, Mr. Chisholm would have to be consulted as he is alone responsible), I think that the other interests involved are of sufficient magnitude to warrant the additional expenditure which would be incurred under the proposed alteration. Major Smalley's letter, dated 22nd February 1876, No. 64 (G.O., dated 2nd September 1876, No. 2,346, Public Works Department) shows that the estimated expenditure in Kimedy for 1875-76 was not far short of a lakh of Rupees, and the great damage to the tanks and other irrigation works in the estate caused by the cyclone of October last will add to the expenditure considerably both in the present and coming years.

4. I have not lost sight of the consideration that the cost of the revised establishment may, with reference to the last paragraph of G.O., dated 2nd September 1876, No. 2,346, Public Works Department, very likely exceed the annual sum of Rs. 13,386 estimated by Major Smalley, but as it was assumed in the correspondence recorded in G.O., dated 24th October 1873, No. 1,162, Revenue Department, that Rupees 15,000 would be the charge for establishment at 25 per cent. on the then expenditure, we shall not be exceeding the ordinary Department Public Works rates for establishment even if an officer of higher rank than a 3rd-grade Assistant Engineer is appointed. For my own part, I think that we ought to have an *experienced* officers, and that otherwise much of the advantage I anticipate by the change will be lost. There is plenty to be done for years to come, above and below ghauts, to justify such an appointment.

5. I would suggest for the Court's consideration whether the proposal, which they made in paragraph 9 of their Proceedings, dated 20th September 1873, No. 1,889, about utilizing the services of such officer in forest supervision, might not also be

carried out, and Mr. Dampier's services be dispensed with. I think the work done by the Ranger is hardly worth the annual cost incurred by the estate for the special purpose. His pay under the Court's sanction, dated 6th July last, No. 1,729, including horse allowance, amounts to Rupees 150 per mensem, and I am just* submitting his claim for travelling batta in accordance with the usage in the Forest Department. Certainly Rupees 2,000 per annum might be saved from this source, and the elephants might be conveniently employed in various ways connected with the estate. The Court will observe from the correspondence forwarded with my recent† report on the estate that doubts exist whether it is worth while keeping them solely for forest operations, I think all forest matters might effectually be supervised by the Department Public Works Officer if such appointment is sanctioned.

Endorsement on the Revenue Depart-
-ment dated 11th May 1877 on Proceedings
of the Board of Revenue, No 1233 dated
17th March 1877.

The establishment proposed
for the Kennedy Estate in Ganjam
Mauza is necessary, but as the Accountant
Engineer must be an officer of experience
in estimating the cost of the establishment
it will be advisable to entertain
that he will be of the first grade: this
will add 200 Rupees to the monthly cost.
The services of the Ranger could be dispensed with as the Accountant
Engineer could likewise [illegible]
