REVENUE DEPARTMENT.

26th June 1877, No. 2,118-B.

Famine Relief.

Read the following paper:—

No. 587-C. Proceedings of the Board of Revenue, dated 18th June 1877.

Read the following letter from T. von D. HARDINGE, Esq., Acting Sub-Collector, to J. GROSE, Esq., Collector of Nellore, dated Karadu, 6th May 1877, No. 280:—

With reference to Proceedings of Government, Revenue Department, No. 1,380-A, I have the honor to state that there is no necessity for the construction of the roads from Gudlur to Lingasamudrum and from Lingasamudrum to Chundi.

2. I was under the impression at the time I forwarded the estimates for these roads for sanction that the Kundakur to Gudlur, the Tetta to Gudlur and Kundakur roads have been, as reported to me by the Kundakur Tahsildar, finished.

3. Mr. Ottman some time back sent me a report, which I forwarded to Mr. Stanley requesting him to employ the coolies in doing that which apparently the Tahsildar had left undone. I find now that I have been over all three roads myself; that not one of them was completed; that the only work done, with the exception of some misplaced embankments on the Gudlur and Kundakur roads, consisted simply of deeply dug and clayey side channels, the earth from which had been spread between the channels to form the so-called road. I will, I hope, shortly be able to submit to you an estimate of the work actually done on these roads with its real and actual cost, and an estimate of the work to be done with its estimated cost to complete them. It is true that the Gudlur to Lingasamudrum road was commenced by the Tahsildar, but little progress was made.

No. 2,822.

SUBMITTED to the Board of Revenue with reference to their Proceedings, Nos. 1,445 and 5,647, dated 31st March and 18th April 1877, respectively.

NELLORE,
11th June 1877.

(Signed) J. GROSE,
Collector.

SUBMITTED for the information of Government with reference to G.O., 10th April 1877, No. 1,380-A.

2. The Board await further report and estimates for the other roads mentioned by Mr. Hardinge, which seem to have been very ill-managed. The Collector should consider whether it is necessary to go on with these works at all.
