Read the following paper:—

No. 688. Proceedings of the Board of Revenue, dated 23th June 1877.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 16th June 1877, No. 396.

THE enclosed is an estimate of Rs. 2,242 for the construction of an embankment for Agaram river in the Vellore Taluq prepared by Mr. Vincent, the Assistant Engineer in charge of the Vellore Range, and countersigned by the District Engineer. The importance of the work is clearly stated at the foot of the accompanying detailed estimate, and as it will afford employment for a large number of poor people in its neighbourhood, and also for some of those who will be dismissed in consequence of the approaching completion of the Suriagunta excavation at Vellore, I have the honor to request the early sanction of the Board of Revenue for the construction of the embankment.

SANCTIONED.

No. 689. ORDER THEREON, 2nd July 1877, No. 2,163.

Miscellaneous.

THE Government desire that work under the estimate sanctioned by the Board be suspended, as the people thrown out of employ on the completion of the Vellore tank will find employment in removing the silt from the Fort ditch, which will employ the whole number available. There is, therefore, no reason for this work.
