GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

2nd July 1877, No. 2,169-D.

Famine Relief.

Read the following paper:—

No. 691-G. Proceedings of the Board of Revenue, dated 25th June 1877.

Read the following letter from W. S. WHITESIDE, Esq, Collector of North Arcot, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Punganur, 24th May 1877, No. 366:—

With reference to Proceedings of the Board of Revenue, Madras, No. 2,164, dated 9th instant, I have the honor to forward, herewith, revised statements of collections for the months from December 1876 to March 1877, and to state that the difference noticed in the above Proceedings is consequent on the average having been struck only for those years in which collections were actually made instead of for the whole three years, and that the correct average for three years is now given in the accompanying statements. As regards the difference between the figures in the statement for February 1877 and those entered in Progress Report for that month, I beg to inform that the transfers of certain sums from Village Service Fund were not included in the former statements through oversight.

(Signed) J. A. MARJORIBANKS,
Deputy Collector.

THE revised statements of collections now received for December to February will be submitted to Government, together with the statement of collections and cultivation for March 1877, with reference to their Order, dated 29th November 1876, No. 1,855.

2. The area cultivated up to March 1877, viz., 482,763 acres, is 75,492 acres less than the area cultivated in the preceding years. The decrease occurs for the most part in the taluqs of Wallajah, Gudiattum, Poloor, and Chittoor.

3. The collections up to the month show a decrease of 51 per cent. compared with the average collections of the previous years, which appears to be more than warranted by the state of the season in the district. The Collector is requested to explain whether, by putting more pressure on those who are able to pay, a better proportion of the demand could not be got in.

is consequent on the average having been struck only for those years in which collections were actually made instead of for the whole 3 years and that the correct average for 3 years is now given in the accompanying statements. As regards the difference between the figures in the statement for February 1877 and those entered in Progress report for that month, I beg to inform that the transfers of certain sums from Village service fund were not included in the former statements through oversight.
