GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

2nd July 1877, No. 2,169-E.

Famine Relief.

Read the following paper :—

No. 691-I. Endorsement of the Chief Secretary to Government, dated Fort St. George, 22nd June 1877, No. 1,301.

Read the following letter from Surgeon G. J. WALKER, M.D., Acting Zillah Surgeon, Chittoor, to Deputy Surgeon-General W. J. VANSOMEREN, M.D., Indian Medical Service, Presidency and Northern District, dated Chittoor, 18th June 1877, No. 97 :—

With reference to your memorandum, No. 1,745, dated 6th March 1877, I have the honor to report to Government, through your office, on the physical condition of the laborers employed on the relief-works of this taluq.

2. On the 15th instant I inspected about 3,126 coolies; nearly all were capable of doing the work now required of them; a few whom I considered incapable of labor were, at my suggestion, admitted into the relief-camp.

3. The increased scale of wages has been in operation for a fortnight in this taluq, but the time has not been sufficient to produce any marked improvement in the physical condition of the laborers, whose assimilating powers are not capable of deriving immediate benefit from the more liberal diet which is now in their power to procure; many are still very anæmic, and this deteriorated state of blood is a condition not capable of immediate improvement even under a better scale of diet, but will remain for a considerable time, perhaps several months, and in some cases may never be got rid of.

4. I enclose weight lists of eight gangs of coolies. Amongst those laborers who have remained in the gangs since my last report (28th May), 53 in number, 16 have increased lbs. 33½, but a larger number, viz., 37, have decreased lbs. 65½, showing in the aggregate a decrease amongst 53 laborers of lbs. 32.

5. Numbers have again, during the past fortnight, left the works, some to endeavor to enter the relief camp or hospital, and some to return to their homes. 733 individuals.

No. 4,781.

This, like the report from Nellore, tells of no substantive improvement in the condition of the poor yet although a higher wage is given. And, as in Nellore, defective powers of assimilation, the result of previous imperfect nutrition, is a principal cause of the lack of improvement.

MADRAS,
19th June 1877.

(Signed) W. J. VANSOMEREN, M.D.,
Deputy Surgeon-General, Indn. Medl. Service,
Presidency and Northern District.
