GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

2nd July 1877, No. 2,176-A.

Famine Relief.

Read the following paper:—

No. 17-A. Proceedings of the Board of Revenue, dated 20th June 1877.

Read the following letter from R. W. BARLOW, Esq., Collector of the Chingleput District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Saidapet, 14th June 1877, No. 453.

In reply to the Order of Government, No. 1,887-A, of the 4th instant, I have the honor to report that, as early as January last, all Village Munsifs were ordered to feed and attend to all distressed sick and people approaching starvation who might come to their villages, and then pass them on to the nearest camp, relief-house, or cusbah. This system has been in active operation ever since, and has worked fairly.

2. On receipt of Board's Proceedings, No. 1,119, dated 10th March last, with reference to G.O., No. 515, dated 5th February last, detailed proposals were called for from Divisional Officers, and these proposals, as modified in this office, were sanctioned then and there in anticipation of the Board's approval. I imagine this is the "village inspection" alluded to by the Sanitary Commissioner on the 21st ultimo as having been recently introduced, but no unnecessary time was lost in maturing and carrying out the scheme.

As regards Dr. Cornish's remark regarding people flocking into Madras, I beg to draw attention to my No. 133, dated 23rd February last. In times of severe distress no amount of inspection would prevent considerable numbers determining to try their fortunes in Madras, which is really the chief town of the Chingleput District.

SUBMITTED to Government with reference to the order quoted.

2. Village relief in Chingleput may be said to be nominal. According to the latest returns it was given to 1,321 persons in 72 villages out of 2,197 in the district. Of the persons relieved, 829 are in the Trivellore Taluq, and the number seems connected with the recent dispersion of the inmates of the camp at that place.

RECORDED.

2. His Grace the Governor in Council trusts that the Collector and his Divisional Officers are fully alive to the importance of relieving the destitute in their villages with a view both to maintain life and prevent wandering.
