No. 29-A. Proceedings of the Board of Revenue, dated 28th June 1877.

Read the following letter from Conductor H. FARLEY, Commissariat Department, Bellary, to J. F. PRICE, Esq., Acting Collector of Cuddapah, dated Moodanoor, 11th June 1877, No. 7.

I beg respectfully to inform you that I examined the reserve grain as per margin, and report as follows:—

	BAGS.	
Jammalmadugu	64	1. At Jammalmadugu I found the
Condapuram	587	grain in very good condition and per-
Moodanoor	532	fectly free from insects.

2. At Condapuram I found thirteen bags of grain slightly eaten by insects and likely to go bad by keeping; two bags were destroyed by white-ants, but did not affect the rice. In this depot the bags are too closely packed in one corner of the chuttrum which, the Reddy states, is the only space allowed by the owner of the building; the remainder of the grain is in good condition.

3. At Moodanoor I found three bags slightly eaten by insects likely to go bad by keeping, and five bags perfectly damaged, which the Reddy states to have been so for some time and already reported to you; the remainder of the grain is in good condition. I leave for Pulivendla Taluq to-morrow.
