F. C. Puckle Esqr. Esq. Lt.
Rev. Survey, was under treatment
for bronchitis in August 1876, I then
found that he also suffered from
enlargement of the liver, and his health
having deteriorated from previous
attacks of malarious fever - very often
evidently masked, I advised a long sea
voyage and change to Europe.

Lately on being consulted again
I found the general health somewhat
improved, but the liver trouble continued,
and I still am of opinion that
a change to Europe is necessary.

J. L. Puckle Esq. the
Deputy Superintendent of the Revenue
Survey Party Palawan, has been
off and on under medical treatment for
a period of two years. His general
complaints were a feeling of malaise,
frequent Diarrhoea, Dyspeptic symptoms
more or less associated with a functional
disorder of the liver and a low fever,
which has greatly undermined his health.

The febrile tendency in him
has not as yet disappeared, but it still
continues to shatter his health, which
is at present poor. I had on different
occasions seen him return from short
trips of inspection, so debilitated and
exhausted as to apply for medical treatment
after such returns. I am of opinion
that his health would be better restored
by a voyage to Europe than by any
remedial agent.

A Brief Statement of
the Medical Case
of J. C. Puckle Esq^r
By: Capt A. S. P.
Surrey Party of Cuddalore
District.

During the past few
years I was in full
charge of the Surrey
Party, I was obliged
to treat Mr J. C. Puckle
frequently for low
fever complicated
with bilious diarrhoea
also attended with
slight enlargement
of the Liver. Though
various treatment
had been adopted
nothing seemed
to have improved
his general health
except in palliating
the severity of the
symptoms. The disease
has been brought
on specially by
malariae

Malicious poison
 and prolonged for
 a considerable period.
 lucides from the con-
 versation I had with
 him lastly at Pongauon.
 Regarding his health I
 am of opinion that
 nothing but a sea voyage
 can tend to regain
 his health.

Sir,

I have the honor to request that I may be allowed one year's furlough to Europe with the usual subsidiary leave under Section 128 of the Civil Service Code. The Government having declined to grant Furlough at present without medical Certificate. I have the honor to append the opinions of three Medical Officers subordinate officers who have ample knowledge of my case: and I trust the Government will consider that these show good and sufficient reason for granting the leave without compelling me to undergo fresh treatment from an European Surgeon with the view of ob-

taining

3. I have been for the last six months of each of a Surgeon: but I have utilized the Medical Aid provided by Government.

4. I should wish to avail myself of leave next month: as soon as I have completed the Accounts and Report due to you at the close of the official year.

5. You are aware that the strength and area of operations of my Party have lately been much reduced. Should you have no officer immediately ready to succeed me, my Assistant Mr J. Tomlinson, (who has had charge before,) can relieve me. I have therefore no hesitation in requesting you kindly to recommend my application to Government.

From

The Actg. Superintendent Revenue Survey,

To

The Secretary to Government
Revenue Department.

SIR,

I have the honour to forward for consideration an application from Mr. F. B. Puckle, Deputy Superintendent Revenue Survey, for furlough to Europe. Mr. Puckle makes this application on the ground of ill health and supports it by Certificates from the Medical Subordinates under whose treatment he has been.

2 Mr. Puckle's party has been considerably reduced by the transfer of Surveyors to famine relief works and I consider that Mr. J. J. Tomlinson is capable of taking charge of it until the arrival of Mr. W. Beaumont, Deputy Superintendent, whose furlough expires on 1st July next.

I have the honour to be
