From the As Collector of Tinnevely, to the
Chief Secretary to Government, dated
5th April 1877 No 201.

In reply to your Confidential
Memo No 292 dated 7th February 1877,
I have the honor to report after con-
sultation with the Division Officers
of this District, that we are unanimous
in thinking that there is no cause
for anxiety on the score of seed grains
for next season. Parts of the dry taluhs
have yielded a small harvest and
a considerable quantity of dry grains
has been raised under wells. Importa-
tion of Cumbro is already large and
will no doubt expand to meet any
deficiency. Cotton seed will be
abundant and the well crops of
Ragi were good. The price of seed
grain

grain will probably be high but
there is no fear of a failure in
the supply.

Copy forwarded to the Revenue
Department.
