PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:-

Letter No. 712 dated 18th November 1898, from the Officer in charge of South Sub-Division, Chingleput Division:-

I have the honour to report that the outlet sluices near Ennore were opened on 7th November 1898 at 4 P.M. and closed at 1 P.M. on 10th November 1898. No Cooum water was discharged through the sluices, as the Cooum bar was even and the current was towards Madras. The reason the sluices at Ennore were opened was to relieve the canal of the flood waters of the Kortalliar which were entering through two breaches in the west bank at 8/4 mile, one mile south of the outlet.

The Salt Department was informed through the Inspector of Ennore Circle when the sluices were opened.

Endorsement thereon by the Ex. Engineer, Chingleput Division No. 1103 S/E dated 24th November 1898:-

Copy forwarded to the Suptg. Engineer, V Circle for information with reference to his endorsement No. 225 S.E.d/19th May 1898 on S.O. No. 798 I dated 13th idem.

Endorsement thereon by the Suptg. Engineer V Circle, No. 480 P.I. dated 1st December 1898:-

To the Chief Engineer for Irrigation for information with

reference to G.O. No. 323 I dated 13th May 1898.

Order thereon No. 202 275.1.99.

Recorded.
